COMMENTS:

Improved Sales:

IS-1: Kohl's has nine years remaining on a 20-year lease. They have six 5-year options, with rent escalations every five years. This was part of a 1031 tax deferred exchange. Market financing on this transaction.

IS-2: Center Co-Anchored with Safeway and Kohl's. Other box retail tenants include Ross Dress For Less, and PetSmart. Center was 98.5% occupied at time of sale. No deferred maintenance reported.

IS-3: Box stores in center include: Steinmart, Big Lots, and Trader Joes. Occupancy was 82% at time of sale. Reported as arms-length transaction with buyer liking the upside potential for increasing rents. Buyer anticipated upgrades to facades, columns, mechanical systems, asphalt, and striping.

The comparable sale prices range from \$99.25/SF to \$189.79/SF. Although IS-2 and IS-3 are neighborhood shopping centers, over 50% of the GBA is occupied with box retail. Due to the existence of pad and inline spaces, IS-1 and IS-2 are considered high indicators of value. Most weight is given to IS-1, which is a single tenant, NNN property that was purchased by a regional investor. However, the subject's multi-use characteristics (i.e. grocery, pharmacy, garden & home center, vision center, hair salon, nail salon, juice shop, tire/lube center, bank branch, and Wendy's) are superior. As a result, IS-1 is considered a low indicator of value. Based on the comparable sales, a market value of \$120/SF is supported.

Land Sales:

The subject parcel is located in the Fieldcreek Shopping Center in the Meadowood Submarket. In addition to the strong demographics of West Reno, the subject is in one of the main regional shopping areas of Reno/Sparks. Meadowood Mall is less a mile to the east and major arterial routes such as South McCarran Boulevard, South Virginia Street, and Interstate 580 are in close proximity to the subject. The McCarran On/Off ramp with Interstate 580 is less than a quarter of a mile to the southeast. The subject shares the center with a Sam's Club, Babies R' Us, and Michael's. The subject enjoys excellent access from Redfield Parkway and Kietzke Lane. Overall, this is considered a prime retail location. The comparable land sales share many of the subject's locational characteristics and retail/commercial land use. Their sale prices range from \$11.25/SF to \$15.00/SF. The subject's taxable land value of \$10.00/SF is supported by the comparable land sales.

Subject Income Information: The subject is a Wal-Mart Supercenter located in the Meadowood Submarket. The petitioner did not provide any information regarding store performance or gross sales.

Potential Gross Income: A survey of Box Store rents in Washoe County was conducted to estimate the PGI for the subject property(See Attached). The rents seen in the survey range from \$0.63/SF to \$1.17/SF on a triple net basis. The median and average rent of the comparables is \$0.75/SF and \$0.79/SF with grocery store use being at the high end of the range and department store use at the low end of the range. The subject's construction provides for multiple uses that include: grocery store; pharmacy; garden & home center; eye glass center; nail salon; hair salon; juice shop; tire/lube shop; bank branch; and a Wendy's. While the subject use would warrant a rent at the top end of the range, a downward adjustment for size is necessary. Based on the subject's multi-use construction, age, size, and location, a market rent of \$0.70/SF is supported.

Effective Gross Income: Although most Wal-Mart stores are owner occupied, triple net lease structures are standard when Wal-Mart is the tenant. For high performing, well located stores, a lease term of at least 10 years with multiple options is common. Wal-Mart is a well-capitalized, credit tenant and would be considered a low risk to default on leasing terms. As a result, a vacancy/credit loss deduction is not necessary.

Net Operating Income: The owner of a building leased by Wal-Mart would have minimal expenses. A 5% deduction for operation expenses is made to account for miscellaneous expenses incurred by the owner.

Capitalization Rate Analysis: Box retail and shopping center capitalization rates for Washoe County are provided in the Retail Capitalization Chart (See Attached). Capitalization rates for retail property sales range from 6.25% to 6.84% with a median of 6.69% and average of 6.62%. Similar to the subject, the Kohl's store is a single-tenant building. It is leased on a triple net basis with minimal owner expenses. However, the subject's multi-use construction is superior to the comp's department store use. It is anticipated that rent at the subject would higher than the Kohl's, and the credit risk associated with Wal-Mart would also be lower. Although not used in the Sales Comparison analysis, further evidence of cap rates for big box sales with credit tenants is also provided on the chart. The sales consist of two Home Depot sales in Las Vegas that traded at 6.00% and 6.04% cap rates. Based on the market data, a cap rate of 6.5% for the subject property is supported.

Indicated Value Income Approach: The value indicated by the income approach is \$25,655,086 or \$123/SF.

Comments: As of the lien date, the subject is a fully functioning building serving its highest and best use as designed by the owner. No under-utilization, functional obsolescence, or deferred maintenance was observed at the property. The leased fee interest at market rates is equivalent to the fee simple value.
