Section 3. For the purpose of defraying the entire cost and expense to the County of the Project, there shall be issued the County's special assessment bonds designated as the "Washoe County, Nevada Special Assessment District No. 21 Local Improvement Bonds, Series July 1, 1996"

in the aggregate principal amount of \$5,500,000 which Bonds shall be dated as of July 1, 1996 and shall be in the form of fully registered Bonds in the denominations of \$5,000 and any integral multiple of \$5,000 in excess thereof. The Bonds shall bear interest, at the rates per annum designated in the Certificate of the Assistant Manager from the most recent interest payment date for which interest has been paid or duly provided for, or if no interest has been paid, from the date of the Bonds, to maturity at the rates per annum herein designated, payable semiannually on January 1 and July 1 of each year, commencing on January 1, 1997. The Bonds shall mature on July 1 (and January 1 if so designated in the Certificate of the Assistant Manager) in each of the designated years and amounts as designated in the Certificate of the Assistant Manager. The principal of each Bond shall be payable at the principal office of the Paying Agent upon presentation and surrender of such Bond. Except as provided in Section 8 hereof, payment of interest on any Bond shall be made to the person who is the registered owner thereof at the close of business on the Record Date for such interest payment date by check mailed by the Paying Agent to such registered owner at his or her address as it appears on the registration records kept by the Registrar, but any such interest not so timely paid shall cease to be payable to the person who is the registered owner thereof at the close of business on the Record Date and shall be payable to the person who is the registered owner thereof at the close of business on a Special Record Date for the payment of any such defaulted interest. Such Special Record Date shall be fixed whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the registered owners of the Bonds not less than ten days prior thereto by first-class postage prepaid mail to each such registered owner as shown on the registration records, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any Bond by such alternative means as may be mutually agreed to in writing between the registered owner of such Bond and the Paying Agent. If any Bond is not paid upon its presentation and surrender at or after its maturity or prior redemption, interest shall continue at its stated rate per annum until the principal thereof is paid in full. Interest on the Bonds shall be calculated based on a 360-day year, consisting of twelve 30-day months. All such payments shall be made in lawful money of the United States of America.

Section 4. The Bonds will be subject to redemption at the option of the County from any legally available funds on any interest payment date in whole, or in part from any maturities, in any order of maturity and by lot within a maturity in such manner as the County may determine, (giving proportionate weight to Bonds in denominations larger than \$5,000), at a price equal to 100% of the principal amount of each Bond, or portion thereof, so redeemed, and accrued interest thereon to the redemption date, plus a premium of not more than 2% as set forth in the Certificate of the Assistant Manager. The redemption premium, if any, shall be paid from a prepayment penalty for the Assessments provided for in the Assessment Ordinance, provided, however, that nothing herein shall prevent the payment of any such redemption premium from any other funds available for that purpose. The Paying Agent shall not be required to give notice of any such prior redemption unless it has received written instructions from the City in regard thereto at least 45 days prior to such redemption date.

The Bonds shall be subject to mandatory sinking fund redemption to the extent provided in the Certificate of the Assistant Manager. Not more than sixty days nor less than forty-five days prior to each such sinking fund redemption date, the Registrar shall proceed to call the Bonds so designated for mandatory prior redemption from such sinking fund on the next sinking fund redemption date, and shall give notice of such call without further instruction or notice from the County.

At its option, to be exercised on or before the sixtieth day next preceding each sinking fund redemption date, the County may (i) deliver to the Registrar for cancellation, Bonds of the appropriate maturity in an aggregate principal amount desired by the County or (ii) specify a principal amount of Bonds of the appropriate maturity which prior to said date have been redeemed (otherwise than through the operation of the sinking fund) and cancelled by the Registrar or the Paying Agent and not theretofore applied as a credit against any sinking fund redemption obligation. Each such Bond or portion thereof so delivered or previously redeemed will be credited by the Registrar at 100% of the principal amount thereof against the obligation of the County on such sinking fund redemption date and any excess over such amount shall be credited against future sinking fund redemption obligations for the Bonds of that maturity in chronological order or any other order specified by the County. In the event the County shall avail itself of the provisions of

clause (i) of the first sentence of this paragraph, the certificate required by the first sentence of this paragraph shall be accompanied by the Bonds to be cancelled or evidence thereof satisfactory to the Registrar.

In the case of Bonds of a denomination larger than \$5,000, a portion of such Bond (\$5,000 or any integral multiple thereof) may be redeemed, in which case the Registrar shall, without charge to the owner of such Bond, authenticate and issue a replacement Bond or Bonds for the unredeemed portion thereof. Unless waived by the registered owner of a Bond to be redeemed, notice of redemption shall be given by the Registrar in the name of the County by mailing such notice at least thirty days and not more than sixty days prior to the redemption date, by first-class mail, postage prepaid, to the registered owners (initially Cede & Co.) of the Bonds to be redeemed at their addresses as shown on the registration records. Failure to give such notice to the registered owner of any Bond, or any defect therein, shall not affect the validity of the proceedings for the redemption of any other Bonds. All such notices of redemption shall be dated and shall state: (i) the redemption date, (ii) the redemption price, (iii) if less than all outstanding Bonds are to be redeemed, the CUSIP numbers (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed, (iv) that on the redemption date the redemption price will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date, and (v) the place where such Bonds are to be surrendered for payment of the redemption price, which place of payment shall be the principal office of the Paying Agent. After such notice has been given in the manner hereinbefore provided, the Bond or Bonds called for redemption shall become due and payable on the designated redemption date, and from and after such date such Bonds or portions of Bonds shall cease to bear interest and the Owners thereof shall have no further rights except to the payment of such redemption price. Upon presentation and surrender thereof the County will pay the Bond or Bonds called for redemption. Installments of interest due on the redemption date shall be payable as herein provided for payment of interest. A certificate by the Registrar that a notice of redemption has been given as herein set forth shall be conclusive and receipt by the Bondholder of a notice of redemption shall not be a condition precedent to the redemption of that Bond.

Section 5. Pursuant to NRS 271.515, the Chairman, the County Clerk and County Treasurer shall each file with the Secretary of State his or her manual signature certified under oath. Thereafter, each of the Bonds shall be signed and executed in the name of the County with the manual or facsimile of the signature of the Chairman, countersigned with the manual or facsimile of the signature of the County Treasurer, shall be attested with the manual or facsimile of the signature of the County Clerk and the seal of the County or a facsimile thereof shall be affixed thereto. The Bonds bearing the signatures of the officers in office at the time of the signing thereof shall be the valid and binding obligations of the County (subject to the requirement of authentication by the Registrar as hereinafter provided) notwithstanding that before the delivery thereof and payment therefor, any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices. Any officer herein authorized or permitted to sign any Bond at the time of its execution and of the execution of a signature certificate may adopt as and for his or her own facsimile signature the facsimile signature of his or her predecessor in office in the event that such facsimile signature appears upon the Bond. No Bond shall be valid or obligatory for any purpose unless the certificate of authentication, substantially in the form hereinafter provided, has been duly executed by the manual signature of the Registrar (or a duly authorized officer thereof), and such certificate of authentication of the Registrar upon any Bond shall be the only competent evidence that such Bond has been duly issued and delivered. If any Bond shall be lost, stolen, destroyed or mutilated, the Registrar shall, upon receipt of such evidence or information relating thereto, appropriate indemnification, and such reimbursement for expenses as it may reasonably require, register and deliver to the registered owner thereof a replacement for such Bond bearing a number not contemporaneously outstanding. If such lost, stolen, destroyed or mutilated Bond shall have matured, the Registrar shall direct the Paying Agent to pay such Bond in lieu of replacement.

Section 6. Records for the registration and transfer of the Bonds shall be kept by the Registrar. A Bond shall be fully transferable by the registered owner thereof in person or by his or her duly authorized attorney on the registration records kept at the office of the Registrar upon presentation of the Bond together with a duly executed written instrument of transfer satisfactory to the Registrar. Upon the surrender for transfer of any Bond at the principal office of the Registrar, duly endorsed for transfer or accompanied by an assignment (in form satisfactory to the Registrar)

duly executed by the registered owner or his or her attorney duly authorized in writing, the Registrar shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of a like aggregate principal amount and maturity, bearing a number or numbers not contemporaneously outstanding. Bonds may be exchanged at the principal office of the Registrar for an equal aggregate principal amount of Bonds of other authorized denominations. The Registrar may require the owner or transferee to pay any tax or other governmental charge required to be paid with respect to such transfer or exchange, and may charge a sum sufficient to pay the cost of preparing and authenticating a new Bond. No such charges shall be levied in the case of an exchange resulting from a redemption of a portion of a Bond. The Registrar shall not be required to transfer or exchange (i) any Bond during the period beginning five days before selection of Bonds for redemption or (ii) any Bond selected for redemption except the unredeemed portion of any Bond redeemed in part as herein provided. Whenever any Bond shall be surrendered to the Paying Agent upon payment thereof, or to the Registrar for replacement as provided herein, such Bond shall be promptly cancelled and destroyed by the Paying Agent or Registrar, and a certificate of such destruction shall be prepared by the Paying Agent or Registrar.

The person in whose name a Bond shall be registered on the registration records kept by the Registrar shall be deemed and regarded as the absolute owner thereof for all purposes and neither the County, the Paying Agent nor the Registrar shall be affected by any notice to the contrary. Payment of principal of, premium, if any, and interest on any Bond shall be made only to or upon the written order of the registered owner thereof or his or her legal representative (except as provided above for the payment of interest to the registered owner as of the Record Date or a Special Record Date). All such payments shall be valid and effectual to discharge the liability upon such Bond to the extent of the sum or sums so paid.

The foregoing provisions of this Section are subject to the provisions of Section 8 hereof.

Section 7. Subject to the registration provisions hereof, the Bonds shall be fully negotiable and shall have all the qualities of negotiable paper, and the registered owner or owners thereof shall possess all rights enjoyed by the holders of negotiable instruments under the provisions of the Uniform Commercial Code -- Investment Securities.

Section 8. Notwithstanding the provisions of Sections 4 through 6 hereof, the Bonds shall initially be evidenced by one Bond for each year in which the bonds mature in the denomination equal to the aggregate principal amount of the Bonds maturing in that year. Such initially delivered Bond shall be registered in the name of "Cede & Co.," as nominee for The Depository Trust Company ("DTC"), the securities depository for the Bonds. So long as the Bonds are held by DTC, the Paying Agent, the Registrar and the County may treat DTC (or its nominee) as the sole and exclusive owner of the Bonds registered in its name for the purposes of payment of the principal of, premium, if any, and interest on the Bonds, selecting the Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to the registered owners under this Ordinance, registering the transfer of such Bonds, obtaining any consent or other action to be taken by the registered owners and for all other purposes whatsoever, and neither the Paying Agent, the Registrar nor the County shall be affected by any notice to the contrary. Neither the Paying Agent, the Registrar nor the County shall have any responsibility or obligation to any DTC participant or indirect participant, any beneficial owner of the Bonds, or any other person which is not shown on the registration records of the Registrar as being a registered owner with respect to the accuracy of any records maintained by DTC or any DTC participant or indirect participant; the payment by DTC or any DTC participant or indirect participant of any amount in respect of the Bonds; any notice which is permitted or required to be given to the registered owners under this Ordinance; the selection by DTC or any DTC participant or indirect participant of any person to receive payment in the event of a partial redemption of the Bonds or any consent given or other action taken by DTC as owner. After such initial issuance of the Bonds, the Bonds may not thereafter be transferred or exchanged except:

A. to any successor of DTC or its nominee, which successor must be both a "clearing corporation" as defined in subsection 3 of NRS 104.8102, and a qualified and registered "clearing agency" under Section 17A of the Securities Exchange Act of 1934, as amended; or

B. upon the resignation of DTC or a successor or new depository under paragraph A or this paragraph B, or a determination

by the County that DTC or such successor or new depository is no longer able to carry out its functions, and the designation by the County of another depository institution acceptable to the depository then holding the Bonds, which new depository institution must be both a "clearing corporation" as defined in subsection 3 of NRS 104.8102, and a qualified and registered "clearing agency" under Section 17A of the Securities Exchange Act of 1934, as amended, to carry out the functions of DTC or such successor or new depository;
or

C. upon the resignation of DTC or a successor or new depository under paragraph A or paragraph B, or a determination by the County that DTC or such successor or new depository is no longer able to carry out its functions, and the failure by the County, after reasonable investigation, within 90 days thereafter to locate another qualified depository institution under paragraph B to carry out such depository functions or upon a determination by the County that it is in the best interest of the beneficial owners of the Bonds that they be able to obtain Bond certificates and the delivery by the County of written notice thereof to the Registrar and the Paying Agent.

In the case of a transfer to a successor of DTC or its nominee as referred to in paragraph A above or designation of a new depository pursuant to paragraph B above, upon receipt of the Bonds by the Registrar, together with written instructions for transfer satisfactory to the Registrar, a new Bond shall be issued to such successor or new depository, as the case may be, or its nominee, as is specified in such written transfer instructions. In the case of a resignation or determination under paragraph C above and, if applicable, the failure after reasonable investigation within 90 days thereafter to locate another qualified depository institution for the Bonds as provided in paragraph C above, and upon receipt of the Bonds by the Registrar, together with written instructions for transfer satisfactory to the Registrar, new Bonds shall be issued in the denominations

of \$5,000 and any integral multiple thereof, as provided in Section 3 hereof, registered in the names of such persons and in such denominations as are requested in such written transfer instructions; provided, however, the Registrar shall not be required to deliver such new Bonds within a period of less than 60 days from the date of receipt of such written transfer instructions.

The County, the Registrar and the Paying Agent shall endeavor to cooperate with DTC or any successor or new depository named pursuant to paragraph A or B above in effectuating payment of the principal of, premium, if any, and interest on the Bonds by arranging for payment in such a manner that funds representing such payments are available to the depository on the date they are due.

Upon any partial redemption of any of the Bonds, Cede & Co. (or its successor) in its discretion may request the County to issue and authenticate a new Bond or shall make an appropriate notation on the Bond indicating the date and amount of prepayment, except in the case of final maturity, in which case the Bond must be presented to the Paying Agent prior to payment.

Section 9. Pursuant to NRS 271.505, the Bonds shall contain a recital that they are issued pursuant to Chapter 271, Nevada Revised Statutes, which recital shall conclusively impart full compliance with all of the provisions of the Act, and all Bonds issued containing such recital shall be incontestable for any cause whatsoever after their delivery for value.

Section 10. Subject to the provisions of this Ordinance, the Bonds shall be in substantially the following form, with such omissions, insertions, endorsements and variations as may be required by the circumstances, be required or permitted by this Ordinance, or be consistent with this Ordinance or necessary or appropriate to conform to the rules and requirements of any governmental authority or any usage or requirement of law with respect thereto:

(Form of Bond)

** Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the County or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.**

This Bond shall bear interest from the most recent interest payment

Both principal and interest are payable in lawful money of the United States of America without deduction for exchange or collection charges. The principal of this Bond shall be payable to the person in whose name this Bond is registered (the "registered owner") on the registration records maintained by the registrar of the County, presently First Bank N.A., St. Paul, Minnesota, (the "Registrar"), upon presentation and surrender of this Bond as it becomes due. The interest hereon shall be paid by check mailed by the paying agent of the County, presently First Bank N.A., St. Paul, Minnesota (the "Paying Agent"), on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), to the registered owner at its address as it last appears on the registration records kept for that purpose by the Registrar on the fifteenth day of the calendar month prior to the month in which such interest payment date occurs or on a special record date established by the Registrar for the payment of defaulted interest. Alternative means of payment of interest may be used if mutually agreed to between the registered owner of this Bond and the Paying Agent. If, upon presentation and surrender to the Paying Agent at maturity or prior redemption, payment of this Bond is not made as herein provided, interest hereon shall continue at the same rate per annum until the principal hereof is paid in full. Interest on this Bond shall be calculated based on a 360-day year consisting of twelve 30-day months.

This Bond is one of a series of bonds designated as the "Washoe County, Nevada Special Assessment District No. 21 Local Improvement Bonds, Series July 1, 1996" (the "Bonds") issued by the County in the aggregate principal amount of \$5,500,000 for the purpose of providing funds to pay the cost and expenses of acquiring and improving a sanitary sewer project (the "Project") within the Washoe County, Nevada Special Assessment District No. 21 (the "District"). The Bonds have been authorized and issued pursuant to an ordinance (the "Ordinance") duly adopted by the Board of County Commissioners and the Consolidated Local Improvements Law, Chapter 271, Nevada Revised Statutes (the "Act").

The Bonds are subject to redemption at the option of the County from any legally available funds on any interest payment date in whole, or in part from any maturities, in any order of maturity and by lot within a maturity in such a manner as the County may determine (giving proportionate weight to Bonds in denominations larger than \$5,000), at a price equal to 100% of the

principal amount of each Bond, or portion thereof, so redeemed, and accrued interest thereon to the redemption date, plus a premium computed in accordance with the following schedule:

| <u>Redemption Period</u> | <u>Redemption Premium</u> |
|--------------------------|---------------------------|
| _____ | _____% |
| _____ | _____% |
| _____ | _____% |
| _____ | _____% |

The Bonds maturing on July 1, _____ are subject to mandatory sinking fund redemption as provided in the Ordinance at a redemption price equal to 100% of the principal amount thereof plus accrued interest to the redemption date. The Bonds to be so redeemed shall be selected by lot in such manner as the Registrar shall determine (giving proportionate weight to Bonds in denominations larger than \$5,000).

Redemption shall be made upon not less than thirty days' prior notice by mailing to the registered owner of each Bond to be redeemed at the address shown on the registration records in the manner and upon the conditions provided in the Ordinance.

Upon any partial prior redemption of this Bond, Cede & Co., in its discretion, may request the Registrar to authenticate a new Bond or shall make an appropriate notation on this Bond indicating the date and amount of prepayment, except in the case of final maturity, in which case this Bond must be presented to the Paying Agent prior to payment.

Pursuant to the Ordinance, the payment of the principal of, premium, if any, and interest on the Bonds shall be made from and as security for such payment there is pledged, a special fund designated as the "Washoe County, Nevada Special Assessment District No. 21 Bond Fund" (the "Bond Fund") containing the receipts upon the collection thereof from the special assessments (the "Assessments") levied against and secured by a lien upon the property in the District specially benefited by the Project, which fund shall be used for the full and prompt payment of the Bonds and the interest thereon, and shall be used for no other purpose whatsoever except as permitted by the Ordinance. Whenever there is a deficiency in the Bond Fund, the deficiency must be paid out of the special fund designated as the "Washoe County, Nevada Special Assessment District No. 21 Bond Reserve Fund," which is to be funded and maintained as provided in the ordinance. Additionally,

should it ever become necessary, the County has agreed to pay the Bonds from the sources identified in NRS § 271.495.

Pursuant to the Ordinance, the Assessments, Bond Fund and Reserve Fund have been irrevocably pledged to and shall be used for the punctual payment of the principal of, premium, if any, and interest on the Bonds, and for payment of the continuing costs of the Bonds and the Assessments and those Funds shall not be used for any other purpose except as provided in the Ordinance while any of the Bonds remain outstanding. The pledge of the Assessments shall constitute a first and exclusive lien on the Assessments for the foregoing purposes in accordance with the terms of the Ordinance. Pursuant to the Act such lien is coequal with the lien on the real property in the District to secure the payment of general (ad valorem) taxes and with the lien of other assessments.

The County Treasurer shall collect, receive and enforce the payment of all Assessments made and levied for the Project, all interest thereon, and all penalties accrued, as provided by law and in the same manner and at the same time or times as prescribed by the Ordinance, and the other proceedings of the County relating thereto.

The Bonds are issuable as fully registered Bonds in denominations of \$5,000 and any integral multiple thereof. Upon surrender of any Bond at the principal office of the Registrar with a written instrument satisfactory to the Registrar duly executed by the registered owner or his or her duly authorized attorney, and receipt by the Registrar of the fees and charges provided in the Ordinance, such Bond may be exchanged for an equal aggregate principal amount of Bonds of other authorized denominations, subject to the terms and conditions set forth in the Ordinance.

This Bond is fully transferable by the registered owner hereof in person or by his or her duly authorized attorney on the registration records kept by the Registrar upon surrender of this Bond together with a duly executed written instrument of transfer satisfactory to the Registrar, and upon the payment of the fees and charges provided in the Ordinance. Upon such transfer a new fully registered Bond or Bonds of authorized denomination or denominations of the same aggregate principal amount will be issued to the transferee in exchange for this Bond, subject to the terms and conditions set forth in the Ordinance.

The Registrar will not be required to transfer or exchange (i) any Bond during the period beginning five days before selection of Bonds for redemption or (ii) any Bond selected for redemption except the unredeemed portion of any Bond redeemed in part.

The Bonds shall not be transferable or exchangeable, except as set forth in the Ordinance.

The County, the Registrar and the Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of making payment (except to the extent otherwise provided hereinabove and in the Ordinance with respect to Record Dates and Special Record Dates for the payment of interest) and for all other purposes, and neither the County, the Registrar nor the Paying Agent shall be affected by any notice to the contrary.

To the extent and in the respects permitted by the Ordinance, the provisions of the Ordinance may be modified or amended by action of the County taken in the manner and subject to the conditions and exceptions prescribed in the Ordinance.

It is hereby certified, recited and declared that all acts, conditions and things essential to the validity of this Bond exist, have happened and have been done in due time, form and manner as required by law; that the total issue of the Bonds does not exceed the amount authorized by law nor the total unpaid special Assessments levied to cover the cost of the Project; that this Bond is issued under the authority of the Act and that this Bond is incontestable for any cause whatsoever.

It is hereby further certified, recited and declared that the proceedings with reference to the Project, the levying of the Assessments to pay the cost and expense of the Project and the issuance of the Bonds have been regularly had and taken in compliance with law, and that all prerequisites to the fixing of the Assessment lien against the property benefited by the Project and of the liability of the owner or owners of such property therefor have been performed.

This Bond shall not be valid or obligatory for any purpose until the Registrar shall have manually signed the certificate of authentication hereon.

Section 11. When the Bonds have been duly executed and authenticated, they shall be delivered to the Purchaser on receipt of the agreed purchase price. The proceeds realized by the County from the sale of the Bonds (net of the Purchaser's discount) shall be applied as follows:

(a) An amount equal to accrued interest on the Bonds plus an amount which, together with such accrued interest, the interest estimated to be earned on amounts in the Bond Fund until July 1, 1997, and the interest estimated to be earned on the Bond Reserve Fund until July 1, 1997, will equal the interest due on the Bonds through July 1, 1997 shall be deposited in a special fund hereby created and to be designated as the "Washoe County, Nevada Special Assessment District No. 21 Bond Fund" (the "Bond Fund") to be used to pay interest on the Bonds until July 1, 1997.

(b) An amount equal to 100% of the combined maximum principal and interest coming due on the Assessments in any one year, or if smaller, such percentage thereof which equals the lesser of the maximum amount of annual principal and interest due on the Bonds in any year or \$550,000 (such percentage of the combined maximum annual principal and interest, if any, due on the assessments in any one year is the "Minimum Reserve Requirement") shall be deposited in a special fund hereby created and to be designated as the "Washoe County, Nevada Special Assessment District No. 21 Bond Reserve Fund".

(c) \$27,500.00 shall be deposited in a special account hereby created, to be designated as the "Washoe County, Nevada Special Assessment District No. 21 Extraordinary Maintenance, Repair and Improvement Account", which is a special account of the County Extraordinary Maintenance Fund created pursuant to NRS 354.6105.

(d) The remainder of such proceeds shall be deposited in a special account hereby created and to be designated as the "Washoe County, Nevada Special Assessment District No. 21 Construction Fund".

There are also hereby created the following funds:

(a) "Washoe County, Nevada Special Assessment District No. 21 Administration Fund".

(b) "Washoe County, Nevada Special Assessment District No. 21 Rebate Fund".

The Purchaser shall in no manner be responsible for the application by the County or any of its officers, agents or employees, of any of the funds derived from the sale of the Bonds or of any other funds herein designated.

Amounts in all of such funds and accounts shall be held by the County Treasurer and may be invested by the County, in securities which are permitted investments for County funds under Chapter 355 of NRS. Investment earnings shall remain in the fund or account in which it was earned except as otherwise provided herein and in the Financing Agreement.

Section 12. The Construction Fund shall be a special trust fund held by the County Treasurer. All money in the Construction Fund shall be applied by the County for the payment of cost (as defined in the Act) of the acquisition and improvement of the Project, which includes the payment of the costs of issuance of the Bonds, all in accordance with the Financing Agreement. The amount of any income realized from the investment of the money in the Construction Fund shall be retained in the Construction Fund or, at the option of the County, transferred to the Rebate Fund. When the acquisition and improvement of the Project have been completed, the County shall either (i) transfer any remaining balance of money in the Construction Fund to the Bond Fund or (ii) retain such balance in the Construction Fund to be applied for the payment of the cost of any additional projects benefiting the property securing the Assessments permitted by the Act and agreed to by the County and the Developers pursuant to the Financing Agreement. Any such moneys transferred to the Bond Fund shall be credited against the Assessment Installments to become due and payable, with an appropriate payment to the owner of any assessed parcel whose Assessment has been paid in full as provided in the Financing Agreement.

Section 13. The County Treasurer is authorized, empowered and directed, and it shall be his or her duty, to receive, collect and enforce the payment of all Assessments made and levied for the Project, and all installments thereof, all interest thereon, and all penalties accrued, as provided by law and in the same manner and at the same time or times as prescribed by the Assessment Ordinance, and to pay and disburse said payments, the installments thereof, the interest thereon, and the penalties thereto, to the person or persons entitled thereto pursuant to the provisions of this Ordinance, the Financing Agreement and the Act. All moneys received from the Assessments, both principal and interest, shall be deposited in the Bond Fund (except to the extent

required to replenish the Bond Reserve Fund). All moneys deposited in the Bond Fund shall be used as soon as the funds are available for the purpose of paying the principal of and the interest and prior redemption premiums on the Bonds as they become due and payable, and (except as herein and in the Financing Agreement provided) for no other purpose whatsoever, and the Bond Fund is hereby pledged as security for such purposes. Notwithstanding the foregoing, during any Bond Year, to the extent amounts on deposit in the Bond Fund are sufficient to pay the principal of and interest on the Bonds during such Bond Year, the interest portion of the Assessment Installments that is not needed to pay the principal of and interest on the Bonds shall be deposited to the Administration Fund and used to pay the reasonable administration and other expenses of the County in connection with the Bonds, the Assessments and the Project and for certain other purposes, all as provided in Section 2.5 and Section 2.7B of the Financing Agreement.

Section 14. The Bonds and the interest thereon shall be payable from the Bond Fund, containing the receipts upon the collection of the Assessments levied against and secured by a lien upon the lots, tracts and parcels of land in the District benefited by the Project, and from the Reserve Fund. Whenever there is a deficiency in the Bond Fund, the deficiency shall be paid first from amounts in the Bond Reserve Fund and second from the sources named in NRS § 271.495, all as more fully set forth in the Financing Agreement. The Bond Reserve Fund shall be a special trust fund held by the County Treasurer as a continuing reserve to secure the payment of the Bonds by meeting possible deficiencies in the payment of the principal of and the interest on the Bonds resulting from the failure to deposit into the Bond Fund sufficient funds to pay the principal and interest on the Bonds as the same accrue. The County hereby pledges the Bond Reserve Fund for such purpose, subject to the provisions hereof and of the Financing Agreement. The Bond Reserve Fund shall be maintained in the amounts required by the Financing Agreement. Moneys in the Bond Reserve Fund shall be applied for the purposes and in the priority specified in the Financing Agreement. Interest and other gain on moneys in such Fund shall be applied as provided in the Financing Agreement. If a deficiency exists in any such Fund, such deficiency shall be remedied, if applicable, from the sources, in the priority and to the extent specified in the Financing Agreement.

Section 15. The Assessment Installments, the Bond Fund and the Bond Reserve Fund are hereby irrevocably pledged to and shall be used for the punctual payment of the principal of,

premium, if any, and interest on the Bonds, and for payment of the continuing costs of the Bonds as set forth in Section 13 hereof, and those accounts shall not be used for any other purpose while any of the Bonds remain outstanding except as provided herein. The pledge of the Assessment Installments shall constitute a first and exclusive lien on the Assessment Installments for the foregoing purposes in accordance with the terms hereof. Pursuant to the Act the lien of the Assessments is coequal with the lien on the real property in the District to secure the payment of general (ad valorem) taxes and the liens of other assessments.

Section 16. A. There shall be deposited into the special fund hereby created and to be designated as the "Washoe County, Nevada Special Assessment District No. 21 Rebate Fund" any amounts paid by the County for deposit therein. The Rebate Fund shall be held by the County Treasurer. Notwithstanding any other provision of this Ordinance or of the Financing Agreement, any investment income or other gain on moneys in the Construction Fund, the Bond Fund or the Bond Reserve Fund may be transferred to the Rebate Fund to enable the County to satisfy the requirements of Section 148(f) of the Code. Moneys in the Rebate Fund shall be paid to the United States by the County in the amounts and at the times required by the Code. Any excess moneys contained in the Rebate Fund shall be transferred to the Bond Fund. Upon payment of all amounts due to the United States pursuant to Section 148 of the Code, any moneys remaining in the Rebate Fund shall be transferred to the County's general fund. Moneys in a Rebate Fund are not part of the Trust Estate.

B. The Extraordinary Maintenance, Repair and Improvement Account shall be a special account held by the County Treasurer, but shall not constitute part of the Trust Estate. All money in the Extraordinary Maintenance, Repair and Improvement Account shall be applied by the County for the purposes permitted by NRS 354.6105. The amount of any income realized from the investment of the money in the Extraordinary Maintenance, Repair and Improvement Account shall be retained in the Extraordinary Maintenance, Repair and Improvement Account or, at the option of the County and to the extent permitted by law, transferred to the Rebate Fund. If the maintenance of the Extraordinary Maintenance, Repair and Improvement Account is no longer required by NRS 354.6105 or any successor law, the balance shall be transferred, if permitted by law, to the Bond Reserve Fund or the Bond Fund as determined by the County.

C. The Administration Fund shall be a special fund held by the County Treasurer, but shall not constitute part of the Trust Estate. All money in the Administration Fund shall be to pay the reasonable administration and other expenses of the County in connection with the Bonds, the Assessments and the Project. The amount of any income realized from the investment of the money in the Administration Fund shall be retained in the Administration Fund or, at the option of the County and to the extent permitted by law, transferred to the Rebate Fund.

Section 17. So long as any of the Bonds remain outstanding, the County will keep or cause to be kept true and accurate books of records and accounts showing full and true entries covering the collection and disposition of the Assessment Installments, as well as any delinquencies in the collection thereof, covering deposits in and disbursements from the Construction Fund, the Bond Fund, the Bond Reserve Fund and the Rebate Fund, and covering the payment of the principal of, premium, if any, and interest on the Bonds. The County will permit an inspection and examination of all records and accounts at all reasonable times by a representative of the Purchaser or any owner of a Bond.

Section 18. Promptly upon a default in the due and punctual payment of any Assessment Installment due hereunder and under the Assessment Ordinance, the County Treasurer shall mark the Assessment Installment delinquent on the assessment roll for the District and shall notify the delinquent person of such delinquency in writing. Unless such Assessment Installment plus accrued interest and penalties thereon have been paid in full, the County Treasurer shall enforce the collection of the delinquent assessment with the other taxes in the general assessment roll of the County and in the same manner. Unless otherwise directed by the Board, in the case of such a collection, the County Treasurer shall determine whether to cause the whole amount of the unpaid Assessment with respect to such property to be immediately due and payable. Alternatively, at the direction of the Board, the County may proceed with the collection or enforcement of any delinquent Assessment Installment, or the whole amount of the unpaid Assessment with respect to such property if the County has exercised its option to cause the whole amount of the unpaid Assessment with respect to such property become due and payable (i) by a foreclosure action brought in the district court located in and for the County or (ii) by directing the Treasurer of the County to give

notice of the sale of the property subject to the lien of the delinquent assessment and to otherwise proceed to foreclose on the assessment as provided in NRS 271.540 to 271.625, inclusive.

Upon the sale of or foreclosure upon the real property which is the subject of such delinquent Assessment Installment, or upon the owner of such property paying prior to the date of sale the amount of all delinquent Assessment Installments, or after the date of sale all delinquent Assessment Installments or all of the Assessment if the Board has exercised its option referred to above, accrued interest thereon, penalties and costs of collection, the County shall deposit such moneys received in the Bond Fund, the Bond Reserve Fund, or the surplus and deficiency fund or the general fund (as provided in the Act), to make up for payments on the Bonds made from those sources, or as otherwise required by the Financing Agreement.

Section 19. Upon a default in the due and punctual payment of an Assessment Installment and if sale or foreclosure proceedings are not promptly filed and diligently prosecuted by the County, then any registered owner may:

- (1) file and prosecute a foreclosure action in the name of the County; and
- (2) proceed against the County to protect and enforce the rights of the registered owners under the Act or hereunder by suit, action or special proceedings in equity or at law, either for the appointment of a receiver or for the specific performance of any provisions contained in the Act or herein or in an award of execution of any power granted for the enforcement of any proper legal or equitable remedy as such registered owner may deem most effectual to protect and enforce the rights aforesaid.

All such proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all registered owners of the Bonds then outstanding. The failure of the registered owners so to foreclose upon the property which is the subject of such delinquent Assessment Installment, or so to proceed against the County, or both, shall not relieve the County or any of its officers, agents or employees of its duty so to take the actions set forth in Section 18.

Section 20. The County covenants for the benefit of the registered owners of the Bonds to execute and to comply with the provisions of the Continuing Disclosure Certificate in substantially the form now on file with the County Clerk.

Section 21. The officers of the County are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Ordinance, including without limiting the generality of the foregoing:

A. The printing of the Bonds, including, without limitation, the printing of such additional blank Bonds as shall be required by the Registrar; and

B. The printing and distribution of the final official statement for the Bonds in substantially the form of the Preliminary Official Statement heretofore approved by the Board, but with such amendments, additions and deletions as are in accordance with the facts and not inconsistent herewith; and

C. The execution of such certificates as may be reasonably required by the Purchaser, relating, inter alia, to the signing and registration of the Bonds, the tenure and identity of the officials of the Board and the County, the delivery of the Bonds, the receipt of the purchase price for the Bonds, the exemption of interest on the Bonds from federal and state income taxation, and if it is in accordance with fact, the absence of litigation, pending or threatened, affecting the validity thereof. It shall be the duty of the proper officers of the County to hereafter take all action necessary for the County to comply with the provisions of the Act, as hereafter amended and supplemented from time to time.

Section 21. The County covenants for the benefit of the registered owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the County or any facilities financed with the proceeds of the Bonds if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Code except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Code in calculating corporate alternative minimum taxable income. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the County in fulfilling the above covenant under the Code have been met.

Section 23. A. This Ordinance may be amended or supplemented by an ordinance or ordinances adopted by the Board, without the receipt by the County of any additional consideration, with the written consent of the owners of not less than sixty-six per cent (66%) of the Bonds outstanding at the time of the adoption of such amendatory or supplemental ordinance, provided, however, that no such ordinance shall have the effect of permitting:

- (a) An extension of the maturity of any Bond authorized by this Ordinance; or
- (b) A reduction in the principal amount of any Bond or the rate of interest thereon; or
- (c) The creation of a lien upon or a pledge of property, revenues or funds, ranking prior to the liens or pledges created by this Ordinance; or
- (d) A reduction of the principal amount of Bonds required for consent to such amendatory or supplemental ordinance.

B. The County may, without the consent of or notice to the owners, adopt one or more ordinances supplemental hereto, which supplemental ordinances shall thereafter form a part hereof, for any one or more of the following purposes:

- (1) To cure any ambiguity, or to cure, correct or supplement any formal defect or omission or inconsistent provision contained in this ordinance, to make any provision necessary or desirable due to a change in law, to make any provisions with respect to matters arising under this ordinance, or to make any provisions for any other purposes if, in each case, such provisions are necessary or desirable and do not adversely affect the interests of the owners of the Bonds.
- (2) To pledge additional revenues, properties or collateral as security for the Bonds.
- (3) To grant or confer upon the Registrar or Paying Agent for the benefit of the owners of the Bonds any additional rights, remedies, power or authorities that may lawfully be granted to or conferred upon the owners.

Section 24. If the Registrar or Paying Agent initially appointed hereunder shall resign, or if the Board shall reasonably determine that said Registrar or Paying Agent has become incapable of performing its duties hereunder, the Board may, upon notice mailed to each registered

owner at his or her address last shown on the registration records, appoint a successor Registrar or Paying Agent, or both. No resignation or dismissal of the Registrar or Paying Agent may take effect until a successor is appointed. It shall not be required that the same institution or person serve as both Registrar and Paying Agent hereunder, but the County shall have the right to have the same institution or person serve as both Registrar and Paying Agent hereunder.

Section 25. The First Amendment to the Financing Agreement in substantially the form now on file with the Clerk is hereby approved and the officers of the County designated therein are authorized to execute and deliver the First Amendment on behalf of the County.

Section 26. Exhibits A and B of ordinance No. 956, adopted and approved by the Board on May 28, 1996 are hereby amended to be as stated in Exhibits A and B hereto.

Section 27. All ordinances, resolutions, bylaws and orders, or parts thereof, in conflict with the provisions of this Ordinance are hereby repealed to the extent only of such inconsistency. This repealer shall not be construed to revive any ordinance, resolution, bylaw or order, or part thereof, heretofore repealed.

Section 28. Pursuant to NRS 271.710, this Ordinance shall be adopted after a single reading and without holding a hearing thereon as if an emergency exists, and this Ordinance shall be in effect on the day after its publication by title as herein provided.

Section 29. After this Ordinance is signed by the Chairman and attested and sealed by the Clerk, this Ordinance shall be in effect on the day after its publication by its title only, together with the names of the Board members voting for or against its passage, such publication to be made in a newspaper published and having a general circulation in the County, and such publication to be in substantially the following form:

Exhibit B
(Attach Description of Project)

Exhibit B

Project Improvements

The project improvements consist of the Wastewater Treatment Plant (WWTP); the West Pump Station and Force Main; and the East Pump Station, Force Main, and Gravity Sewer. Each of these items are described in detail below.

Wastewater Treatment Plant and Disposal Site

The Wastewater Treatment Plant will be constructed as shown in plans titled "Cold Spring Valley Wastewater Treatment Plant" dated March 1996, as prepared by Dewante and Stowell Consulting Engineers. The area of the construction as shown by these plans is as described in Exhibit C for the Wastewater Treatment Plant site.

Cold Spring Valley Wastewater Treatment Plant is a 0.35 mgd advanced treatment plant serving an area north of Reno, Nevada, as identified in Exhibit A, District Boundary description. The treatment plant design is based on sequencing batch reactor (SBR) process. Effluent disposal will be to land via rapid infiltration basins, after disinfection with sodium hypochlorite. Biosolids will be aerobically digested and dewatered in lagoons or drying beds, prior to disposal off-site. Influent pumping will be provided by two vertical, drypit chopper pumps located in an influent pump station. Influent is further macerated by a muffin monster prior to entering the SBR. Three rotary positive displacement blowers will provide aeration air for the system. Two vertical centrifugal dry pit pumps will be provided for sludge recirculation and jet aerator backflushing in the SBR, and a separate vertical centrifugal dry pit pump will serve the same purpose in the aerobic digester. Effluent will be pumped to the rapid infiltration basins via two vertical centrifugal dry pit pumps. Biosolids will be pumped to the lagoons using the recirculation pump. Three on-site monitoring wells will be used to monitor the water quality upgradient and downgradient of the rapid infiltration basins.

An access road with a width varying from 18 to 24 feet wide and consisting of five (5) inches of Class B Type 2 Base material over select subbase material is to be constructed as shown in the plans identified as "Cold Springs Sanitary Sewer Treatment Plant Access Road" prepared by CFA and dated February 15, 1996; and as shown in plans identified as "Cold Springs Sanitary Sewer Force Main & Pump Station" prepared by CFA and dated May 22, 1996.

West Pump Station and Force Main (Roston)

The West Pump Station and Force Main will be constructed as shown in improvement plans prepared by Summit Engineering, dated September 8, 1995, and titled "Cold Springs Lift Station

and Force Main". These improvements will be constructed within the areas described in Exhibits A and C as West Sewer Lift Station Parcel; Sewer Easements 4 and 6; Sewer Facilities Parcels 7, 8, and 10; and the Wastewater Treatment Plant site.

The West Side Pump Station and Force Main will consist of a concrete wet pit for collection of wastewater and a coated steel dry pit for the pumps. The pump station will be a factory built with duplex pumps with 25 Hp motors and sized to deliver 275 gpm through the force main to the WWTP. Wastewater levels in the wet well will be monitored to operate pumps and initiate alarm conditions. Pump station discharge volume will be recorded by a magnetic flow meter. Backup electrical power will be provided by an on-site, propane powered generator.

The force main from the pump station to the WWTP will consist of approximately 7,500 feet of 6-inch diameter PVC pipe. Approximately 1,500 feet of 8-inch PVC gravity pipe with manholes is included with this pump station and force main.

East Pump Station And Force Main (Cold Springs)

The East Pump Station and Force Main will be constructed as shown in improvement plans prepared by CFA Engineering, dated April 21, 1996, titled "Cold Springs Sanitary Sewer Force Main and Pump Station Improvement Plans". These improvements will be constructed within the areas described in Exhibits A and C as Sewer Easements 1, 2, 3; Sewer Facilities Parcels 1, 2, 3, 4, 5 and 6; and the Wastewater Treatment Plant site. An access road, as shown in the above referenced plans, will be constructed.

The East Side Pump Station and Force Main will consist of a concrete wet pit for collection of wastewater and a coated steel dry pit for the pumps. The pump station will be a factory built with duplex pumps with 25 Hp motors and sized to deliver 300 gpm through the force main and gravity main to the WWTP. Wastewater levels in the wet well will be monitored to operate pumps and initiate alarm conditions. Backup electrical power will be provided by an on-site, generator.

About 4,000-feet of 6-inch diameter PVC force main transports the wastewater from the pump station to the gravity sewer which delivers the wastewater to the WWTP. Approximately 6,600 feet of 8-inch and 10-inch PVC gravity pipe with manholes is required to connect to the WWTP.
