THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF WASHOE DO ORDAIN:

SECTION 1. Chapter 55 of the Washoe County Code is hereby repealed in its entirety.

SECTION 2. Purpose and intent.

1. NRS 244.189 provides that the board of county commissioners exercise such powers and may enact such ordinances not in conflict with Nevada statutes for, inter alia, the control and protection of animals. NRS 244.359 provides that the board of county commissioners may enact and enforce ordinances fixing, imposing and collecting an annual license fee on dogs and providing for the capture and disposal of all dogs on which the license fee is not paid; regulating or prohibiting the running at large and disposal of all kinds of animals; establishing a pound, appointing a poundkeeper and prescribing his duties; prohibiting cruelty to animals; and designating an animal as inherently dangerous and requiring the owner of such an animal to obtain a

policy of liability insurance for the animal in an amount determined by the board of county commissioners. Any such ordinances may apply throughout the entire county or govern only a limited area within the county.

2. Pursuant to said authority, the board of county commissioners of Washoe County, the city councils of the City of Reno and City of Sparks, are working together in stages to consolidate animal control functions in Washoe County. The next stage in the consolidation of animal control functions is the adoption of ordinances approving an interlocal agreement between the cities of Reno and Sparks and Washoe County to move all field services, including, but not limited to, licensing, enforcement, rabies control, kennel permitting and related administrative functions relating thereto of the City of Sparks under the jurisdiction and control of Washoe County and for the City of Reno, to adopt parallel provisions for field services, until such time as all animal control functions are assumed by Washoe County.. The purpose and intent of this ordinance is to enact provisions regarding the control and protection of animals throughout the unincorporated areas of Washoe County and in the City of Sparks. Within the goal of regionalization and consolidation of animal control, the county also recognizes that the City of Sparks is more highly urbanized than other areas of Washoe County necessitating stricter animal control regulations in certain instances to better serve the public health, safety and welfare of its citizens. The further purpose of this ordinance is to designate the City of Reno as the entity responsible for maintenance of the facility for the care, custody and disposition of impounded animals until such time as the county assumes control for all animal control functions.

SECTION 3. Chapter 55 of the Washoe County Code is hereby amended by adding thereto the provisions set forth in sections 4 to 82, inclusive, of this ordinance.

4. A domesticated animal of a rabies-susceptible species, other than a dog, cat or ferret, which is considered by the rabies control authority to have been in close contact with an animal suspected or known to have rabies must be managed according to the discretion of the rabies control authority.

5. The owner of an animal confined pursuant to the provisions of this section is responsible for all costs of confinement and veterinary care and examination.

6. As used in this section, "in close contact with an animal suspected or known to have rabies" means, within the past 180 days, to have been bitten, mouthed or mauled by, or closely confined on the same premises with, an animal suspected to have rabies.

SECTION 66.

1. Except as otherwise provided in subsection 2:

(a) A person shall not intentionally keep, harbor or in any way care for, maintain lodge or feed on private property, a bat, skunk, raccoon, fox or coyote, or any other high-risk transmitters of rabies as defined by the health authority.

(b) Any person violating the provisions of paragraph (a) of this subsection shall, upon request of the rabies control authority and the division of wildlife of the state department of conservation and natural resources, relinquish the animal to the rabies control authority or the division of wildlife.

2. The rabies control authority and the division of wildlife may grant to any person an exemption from the provisions of this section.

SECTION 67.55.650 Exotic animals; application for permit to keep.

1. It is unlawful for any person to keep any exotic animal within the county without a permit therefor approved by the animal control board.

2. Application to keep an exotic animal must be filed with the county and must:

(a) Specify the exotic animal or animals for which the permit is requested; and

(b) Be accompanied by construction drawings showing the proposed design and location of the appropriate enclosure required under section 55.680, 55.690, 55.700, 55.710 or 55.720. If the animal or animals are to be kept in an existing enclosure, a detailed drawing of the enclosure must be submitted. All drawings must specify the type and size of the enclosure, the type of material used to construct the enclosure and the location of the enclosure on the premises.

3. Upon receipt of the application, the county will review the drawings of the enclosure and provide for an animal control officer to inspect the premises for which the application for a permit is made to determine that:

(a) Keeping the animal or animals at the location specified in the application will not violate any state or local laws or regulations;

(b) The enclosure will meet the requirements of section 55.680, 55.690, 55.700, 55.710 or 55.720;

(c) Maintenance of the animal or animals will not endanger the peace, health or safety of persons residing in the county;

(d) The premises are capable of being maintained in a clean and sanitary condition, and any animal or animals therein will not be subject to neglect, cruelty or abuse;

(e) Keeping and maintaining the animal or animals will not constitute a nuisance as defined herein and by state law; and

(f) If an exotic animal is to be imported into the county, a copy of the written approval received from the department of wildlife pursuant to NRS 503.597 must accompany the application.

4. Each application shall be accompanied by a nonrefundable fee set by the board of county commissioners in an amount deemed appropriate to defray the cost of processing the application.

SECTION 68.55.660 Approval, disapproval of application to keep exotic animal; issuance of permit; appeals.

1. Upon receipt of the completed application and within 10 days following the inspection of the premises, the county will set a date for a hearing before the animal control board. The county will notify any person residing within 200 feet of the location at which the exotic animal will be kept or maintained and each person residing on property adjacent to the property for which the permit application has been filed. The notification

will indicate the type of animal for which the permit is sought, the address of the applicant, and the date of the hearing.

2. Any person notified pursuant to subsection 1, may file a written objection within 15 days of receipt of the notification. The written objection must be filed with the county.

3. All proceedings of the animal control board shall be conducted in accordance with the provisions of Chapter 241 of the NRS. At the time and place set for the hearing, the animal control board will consider all objections filed and other evidence presented and may approve or prohibit the keeping of the exotic animal. The animal control board shall not approve a permit to keep an exotic animal unless the board can make the findings set forth in section 55.650(3).

4. In taking action at the hearing to approve the permit, the animal control board may impose conditions it deems necessary or advisable to the permit, including, but not limited to at what times and under what conditions the animal may be removed from its enclosure. In considering removal of the animal from its enclosure, the animal control board shall consider, among other things, and in the following order of priority:

(a) The effect on public health and safety if such removal is allowed;

(b) Whether the need exists for secure restraint of the animal by leash or other device, while the animal is removed from the enclosure;

(c) Whether, and by what method, the animal will be transported to other areas within or without the county; and

(d) Whether the method of transportation of the animal is adequate to insure public health and safety.

Except in cases of emergency wherein the life, health or safety of the exotic animal is threatened or immediate medical treatment is required, the owner thereof shall strictly adhere to each condition imposed by the animal control board pursuant to this section. Failure to do so constitutes cause for immediate suspension and revocation of the permit to keep the animal.

5. If the applicant is required to construct or remodel an enclosure, he must immediately apply to the building department in the jurisdiction where the enclosure is to be located for the appropriate permits. The enclosure must be constructed or remodeled within 60 days of issuance of the building permit and in strict compliance with the provisions this chapter, including any conditions imposed by the animal control board.

6. Upon completion of the construction or remodeling of the enclosure, the county shall issue the exotic animal permit.

7. If the animal control board denies the exotic animal permit or the applicant disagrees with a condition of approval of the permit, the applicant may seek judicial review thereof and must file a petition for writ of mandamus within 30 days of the animal control board's decision at its meeting.

8. As a condition of approval of an exotic animal permit, the permittee agrees to allow an animal control officer to inspect the premises that are the subject of the permit upon reasonable

notice at a reasonable time.

9. Except as otherwise provided in this chapter, a permit obtained under this section is valid for as long as the permittee owns the animal; however, when the permittee's address or the location where the animal is kept changes, the permit automatically becomes void and a new application must be submitted to the county.

SECTION 69.

55.670 Suspension; revocation of exotic animal permit; appeal to animal control board; hearing.

1. The holder of an exotic animal permit is subject to continued compliance with the provisions of sections 55.650 to 55.730, inclusive, and to any conditions imposed on the permit. An exotic animal permit issued under sections 55.650 to 55.730, inclusive, may be suspended or revoked for failure of the permittee to comply with the provisions of sections 55.650 to 55.730, inclusive, or with any condition(s) imposed on the permit.

2. If an animal control officer becomes aware that a permittee is not complying with the provisions of sections 55.650 to 55.730, inclusive, or with any conditions imposed on the permit, the animal control officer may serve notice of suspension or revocation on the permittee. The notice must advise the permittee in writing of the reason or reasons for the suspension or revocation, and the permittee may appeal that decision to the animal control board not later than 14 days after receiving the notice. A failure to appeal the decision of the animal control officer within 14 days constitutes an admission that the decision is well founded and precludes further administrative or judicial review.

3. In cases where an animal control officer believes that the health and safety of the public or the animal is in jeopardy, the animal control officer may take action to suspend immediately the permit and take appropriate action to protect the health and safety of the public or the animal, including, but not limited to, the removal of the animal from the premises.

4. Upon an appeal being filed, the animal control board shall, within 30 days, hold a hearing on the appeal.

5. The animal control board may take any testimony and evidence it deems necessary. All proceedings shall be conducted in accordance with the provisions of Chapter 241 of the NRS.

6. The decision of the animal control board sustaining, reversing, or sustaining with conditions the action of the animal control officer shall include findings of fact and be transmitted in writing within 10 working days.

7. The permittee aggrieved by the decision of the animal control board may seek judicial review thereof and must file a petition for writ of mandamus within 30 days of the animal control board's decision at its meeting. During the course of judicial review, any exotic animal permit shall be continued

until a decision is rendered by the district court.

8. If a permit is revoked, the owner of the animal which is the subject of the permit shall transfer ownership of the animal by sale or gift to another person who is capable of compliance with this chapter, or shall remove it from the county. If ownership of the animal is transferred, the transferee shall immediately apply for a permit to be issued not later than 60 days from the date of transfer of ownership. If a permit is not obtained by the end of the 60-day period, the animal shall be removed from the county.

Gravel or dirt flooring may be used if the enclosure is properly secured against escape by such felines through digging. All enclosures must have a secure top.

7. All felines shall have access at all times to an area sheltered from adverse climatic conditions.

8. The enclosure requirements for felines set forth in subsections 2 to 7, inclusive, may be waived by the animal control board if it finds that the size and disposition of the feline are such that the feline poses no danger to public health and safety.

The size of the enclosure for five or more of such canines shall be established by the animal control board on a case-by-case basis.

3. Enclosures for canines shall be construed of not less than 9 gauge chain link. The floor of such enclosures shall consist of concrete or wood. Gravel or dirt flooring may be used if the enclosure is properly secured against escape by such canines through digging. All enclosures shall have a secure top.

Any exotic animal which is kept by any person in contravention of section 55.650 to 55.730, inclusive, may be taken up and impounded by an animal control officer for the protection of public health and safety as well as for the protection and health of the animal. Whenever possible, the animal control officer shall take up and impound the animal in the presence of the owner.

If an animal is impounded pursuant to subsection 1, the owner shall be notified of that fact by the animal control officer either in person or, if the owner is not present when impoundment occurs, by certified mail, return receipt requested. Notification shall be considered completed on the date that the owner of the animal is personally notified, or if notified by certified mail, on the date indicated on the return receipt. Notice of impoundment may be accompanied by notice of immediate suspension and revocation.

Each person who bids on the animal shall submit his bid in writing to the county and shall submit an application for a permit to keep the animal pursuant to section 55.650. Application fees shall be refunded to all unsuccessful bidders. If the amount of the highest bid exceeds the expenses of impoundment, the excess shall be refunded to the former owner of the animal if the owner's identity and whereabouts is known. If the owners' identity or

whereabouts is not known, all money received shall be retained by the county to defray costs of operation of the animal services center.

5. If the impounded animal is sold, the county shall notify the buyer of the permit and other requirements of sections 55.650 to 55.730, inclusive, and shall insure that the buyer has complied or is in the process of complying with such requirements before releasing the animal to his custody.
