I believe the money spent on this project should be allocated for a purpose that would benefit a greater population</p> <p>of Incline Village and the public at large by building new bathroom facilities at Incline Beach. The current amenity is unacceptable in hygiene and does not accommodate the frequency of use. We can do better with spending our taxpayer dollars. Also, it</p> <p>is very concerning to see an abandoned gasoline station at the entrance to our beautiful community which is likely to have an underground gasoline tank leaking into the lake causing an environmental hazard in addition to being an eyesore. Has the County tested</p> <p>this site? If not it should be. These two issues should be considered by the Board as a higher priority to the improvement of a bike park that has a much lower percentage of public use. Please reconsider the spending for more equitable projects as described.</p> <p>Thank you, Gil Van Valkenburg property #12707508</p>
