13. *Board Comment

Limited to announcements or issues for future agendas.

14. *Public Comment

Any person is invited to speak on any item on or off the agenda during this period. Action may not be taken on any matter raised during this public comment period until the matter is specifically listed on an agenda as an action item.

15. Adjournment – (For possible action)

Possible Changes to Agenda Order and Timing: Items on the agenda may be taken out of order, combined with other items, withdrawn from the agenda, moved to the agenda of another later meeting; moved to or from the Consent section, or they may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time, but may be heard later. Items listed in the Consent section of the agenda are voted on as a block and will not be read or considered separately unless withdrawn from the Consent agenda.

Special Accommodations: The District Board of Health Meetings are accessible to the disabled. Disabled members of the public who require special accommodations or assistance at the meeting are requested to notify Administrative Health Services in writing at the Washoe County Health District, 1001 E. 9th Street, Building B, Reno, NV 89512, or by calling 775.328.2416, 24 hours prior to the meeting.

Public Comment: During the “Public Comment” items, anyone may speak pertaining to any matter either on or off the agenda, to include items to be heard on consent. For the remainder of the agenda, public comment will only be heard during items that are not marked with an asterisk (*). Any public comment for hearing items will be heard before action is taken on the item and must be about the specific item being considered by the Board. In order to speak during any public comment, each speaker must

fill out a "Request to Speak" form and/or submit comments for the record to the Recording Secretary. Public comment and presentations for individual agenda items are limited as follows: fifteen minutes each for staff and applicant presentations, five minutes for a speaker representing a group, and three minutes for individual speakers unless extended by questions from the Board or by action of the Chair.

Response to Public Comment: The Board of Health can deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. During the public comment period, speakers may address matters listed or not listed on the published agenda. The *Open Meeting Law* does not expressly prohibit responses to public comments by the Board of Health. However, responses from the Board members to unlisted public comment topics could become deliberation on a matter without notice to the public. On the advice of legal counsel and to ensure the public has notice of all matters the Board of Health will consider, Board members may choose not to respond to public comments, except to correct factual inaccuracies, ask for Health District Staff action or to ask that a matter be listed on a future agenda. The Board of Health may do this either during the public comment item or during the following item: "Board Comments – Limited to Announcement or Issues for future Agendas."

Posting of Agenda; Location of Website:

Pursuant to NRS 241.020, Notice of this meeting was posted at the following locations:

Washoe County Health District, 1001 E. 9th St., Reno, NV

**WASHOE COUNTY
HEALTH DISTRICT**
ENHANCING QUALITY OF LIFE

Proclamation

**NATIONAL BIKE MONTH AND BICYCLE SAFETY MONTH
and
WASHOE COUNTY BIKE MONTH**

WHEREAS, promoting alternative forms of transportation, such as bicycling, helps to improve health and well-being while reducing emissions, traffic congestion, and America’s dependence on fossil fuels; and

WHEREAS, creating bicycle-friendly communities has been shown to improve quality of life by fostering community spirit, improving traffic safety, and stimulating economic growth; and

WHEREAS, bicycle infrastructure in the Truckee Meadows offers great potential and opportunities to positively impact our recreation and tourism industry by making the region attractive to residents, visitors, and new incoming businesses who enjoy healthy lifestyles and the outdoors; and

WHEREAS, Nevadans will experience the joys and benefits of bicycling during the month of May through educational and safety programs, community events, or going for an individual or group bike rides; and

WHEREAS, the education of our entire community on the proper and safe operation of motor vehicles and bicycles sharing the use of streets is important to ensure the safety and respect of all users on Nevada roadways; and

WHEREAS, the month of May has been declared National Bike Month since 1956,

NOW, THEREFORE, be it resolved, that the Washoe County District Board of Health does hereby proclaim the month of May 2019 as

**“NATIONAL BIKE MONTH AND BICYCLE SAFETY MONTH”
In Washoe County, Nevada**

and

“WASHOE COUNTY BIKE MONTH”

ADOPTED this ___th day of April 2019

**Thursday, March 28, 2019
1:00 p.m.**

**Washoe County Administration Complex
Commission Chambers, Building A
1001 East Ninth Street
Reno, NV**

1. *Roll Call and Determination of Quorum

Chair Novak called the meeting to order at 1:00 p.m.

The following members and staff were present:

Members present: Dr. John Novak, Chair
Michael Brown, Vice Chair
Marsha Berkgigler
Dr. Reka Danko

Members absent: Oscar Delgado
Kristopher Dahir
Tom Young

Ms. Rogers verified a quorum was present.

Staff present: Steve Kutz
Leslie Admirand, Deputy District Attorney
Michael Wolf
Chad Westom
Christina Conti
Heather Kerwin

2. *Pledge of Allegiance

Mr. Brown led the pledge to the flag.

3. *Public Comment

As there was no one wishing to speak, Chair Novak closed the public comment period.

4. Approval of Agenda

March 28, 2019

Ms. Berkbigler moved to approve the agenda for the March 28, 2019, District Board of Health regular meeting. Mr. Brown seconded the motion which was approved four in favor and none against.

5. Recognitions

A. Retirements

i. Lei Chen, 3/29/2019, Epidemiology Program Manager – EPHP

Mr. Ulibarri provided a statement for the record of his working relationship and friendship with Dr. Chen, describing for those present her expertise in epidemiology and her impact not only locally, but nationally and internationally as well. He spoke of Dr. Chen's no nonsense approach to disease outbreak investigations, incident command and meeting management that earned her the affectionate nickname of General Chen, and stated that she will be sorely missed. He thanked her for her hard work and friendship, and wished her the best in her retirement.

Mr. Kutz, CCHS Division Director, explained he was presenting for Mr. Dick during this meeting due to Mr. Dick's testimony at the legislative session.

Mr. Kutz stated Dr. Chen is being recognized for over seventeen years of service with the Health District and will retire as of March 29th. He informed he had the excellent fortune, one of his best days at the Health District, in hiring Dr. Lei Chen. He expressed that she has been a phenomenal asset to the Health District, the community and internationally, and thanked Dr. Chen for her contributions during her time at the Health District.

Mr. Kutz informed Dr. Chen would be presented with a clock to commemorate her time with the Health District, and congratulated her on her retirement.

B. Years of Service

i. Lauri Mendoza, 25 years, Hired 3/7/1994 - AQM

Mr. Kutz informed Ms. Mendoza is celebrating twenty-five years with Washoe County and congratulated her on her years of service.

ii. Nancy Kerns Cummins, 20 years, Hired 3/29/1999 - AHS

Mr. Kutz stated that Ms. Kerns Cummins has twenty years with Washoe County and informed that he has had the good fortune to work with her for almost the entire length of her tenure. He congratulated her on her years of service.

iii. Steve Fisher, 15 years, Department Systems Specialist, Hired 3/22/2004 - AHS

Mr. Kutz explained that Mr. Fisher is celebrating fifteen years of service all within the Health District, and is the Department Systems Specialist. He congratulated Mr. Fisher on his years of service.

C. New Hires

i. Rachel Cord, Account Clerk, 3/4/19 - AHS

Ms. Pierce introduced herself as Fiscal Compliance Officer in Administrative Health, and expressed her excitement in welcoming Ms. Cord as the newest member of their team. She informed Ms. Cord has most recently worked for the State and opined her to be a great asset with her background in accounting, grants, HR and medical billing, and welcomed her to the fiscal team in Administrative Health.

- ii. Christabell Sotelo-Zecena, Environmental Health Specialist Trainee, 3/4/19 – EHS

Ms. Franchi, Environmental Health Supervisor, introduced Ms. Sotelo-Zecena, informing she comes from the State Health Department with three years of experience and a background in epidemiology. She opined Ms. Sotelo-Zecena to be a great asset to Environmental Health.

- iii. Sunhwa Lee, AmeriCorps VISTA Member, began a one-year assignment with WCHD on 3/18/2019 – CCHS

Mr. Kutz stated that CCHS would like to welcome Ms. Lee to the Health District. He informed she has a robust background in public health; she earned her Master of Science Degree in Epidemiology from UCLA and Master of Public Health from Seoul National University, worked as a research scientist for the Salk Institute for Biological Studies and was also a technical consultant. He stated that Ms. Lee will be working on projects addressing the misuse of opioids and other prescription drugs in Washoe County and work on relationships between the organizations addressing the opioid crisis and promoting alternative pain management therapy.

Mr. Kutz informed Ms. Lee volunteers in the community as a member of the Washoe County School District's Gifted and Talented Advisory Panel.

D. Shining Star

- i. Birdiana Mendoza
- ii. Lynn Shore

Mr. Kutz informed Ms. Mendoza and Ms. Shore are being recognized for having been nominated for three Shining Stars each. He thanked them for the excellent service they provide Health District customers.

Chair Novak commented on the film he had been invited to view regarding bacterial resistance and the discovery made by Dr. Chen and Dr. Todd. He informed a German company filmed a portion of the production locally, and he expressed hope that it would be able to be viewed by the public in the next few months. He thanked Mr. Fisher for his editing job on the film to make it a bit shorter and praised the incredible staff of the Health District.

6. Consent Items

Matters which the District Board of Health may consider in one motion. Any exceptions to the Consent Agenda must be stated prior to approval.

A. Approval of Draft Minutes

- i. February 28, 2019

B. Budget Amendments/Interlocal Agreements

- i. Approve a Notice of Subaward from the State of Nevada Department of Health and Human Services, Division of Public & Behavioral Health effective April 1, 2019 to March 31, 2020 in the total amount of \$168,633.06 (no required match) in support of the Community and Clinical Health Services Division (CCHS) Ryan White HIV/AIDS –Part B Early Intervention Services Program IO# 11563 and authorize the District Health Officer to execute the Notice of Subaward.

Staff Representative: Nancy Kerns Cummins

- ii. Approve an Award from the National Environmental Health Association (NEHA) for the period March 30, 2019 through June 30, 2019 in the total amount of \$1,900 in support of the Environmental Health Services Division (EHS) Food Safety Program– National Environmental Assessment Reporting System (NEARS) IO-TBD; and if approved, authorize the District Health Officer to execute the Agreement.

Staff Representative: Jennifer Pierce

- C. Acceptance of the 2018 Annual Report to the Truckee Meadows Regional Planning Agency by the Washoe County Health District as the Solid Waste Management Authority.

Staff Representative: James English

- D. Acceptance of the 2018 Annual Report to the Truckee Meadows Regional Planning Agency by the Washoe County Air Quality Management Division.

Staff Representative: Charlene Albee

- E. Appointment of Mr. Paul Kaplan to the Air Pollution Control Hearing Board for a 3-year term beginning March 29, 2019, and ending March 28, 2022.

Staff Representative: Charlene Albee

- F. Acknowledge receipt of the Health Fund Financial Review for February, Fiscal Year 2019

Staff Representative: Anna Heenan

Mr. Brown moved to accept the Consent Agenda as presented. Ms. Berkbigler seconded the motion which was approved four in favor and none against.

7. Update and Possible Direction to Staff Regarding Reno Fire Department EMS Response Data Submission

Staff Representative: - Christina Conti

Ms. Conti informed she had presented the history of the Reno Fire Department EMS response data that has not been submitted to the EMS Oversight Committee in her report, but had no update beyond that. She stated she would be happy to answer questions.

Ms. Berkbigler inquired when Reno would be able to submit their data. Ms. Conti explained that she did not know, and deferred to Chief Cochran to provide that information.

Reno Fire Chief Cochran informed there have been challenges over the last few years regarding what data is reported and the method of reporting, and those challenges continue today. He informed of changes made to their reporting system which added a technological challenge.

Chief Cochran stated Reno Fire has been working with a consultant over the past year to assess the data for reporting and how it is delivered, and the consultant had been at Reno Fire that week teaching reporting classes with the goal of reporting accurate measurement of response time and working toward accreditation.

Chief Cochran informed they will need more time to digest this information, and will then communicate with Ms. Conti and the EMS Oversight Committee to reconcile criteria for data.

Chair Novak inquired when data would be available. Per Ms. Conti's report, it has been thirteen months since the last data has been received from Reno Fire. Chair Novak stated that, while he appreciates the challenges faced, the lack of data submission is preventing the EMS Oversight Committee from providing reports to the Emergency Medical Services Advisory Board (EMSAB).

Chief Cochran informed he thought data would be available prior to the April DBOH meeting. He explained that reconciling data needed by the EMS Oversight Committee might take longer.

Chair Novak stated he understood, and hoped Reno Fire could put the data in a format that would work for EMS Oversight Committee and the District Board of Health.

Ms. Berkbigler expressed she was glad to hear Reno Fire was working to make the data logical for their needs as well as for all interested parties.

Chief Cochran stated he would be at the April DBOH meeting with an update.

Mr. Brown stated, for clarification, that the goal is to get the data to the EMS Oversight Committee to allow them to report to the EMS Advisory Board who would then report to the District Board of Health. He acknowledged that Reno Fire may have a new way of reporting that may be a good method to consider. He inquired if the City Manager, who also is a member of the EMSAB, was up to date on this situation. Chief Cochran confirmed she was. Mr. Brown stated he was looking forward to the next update.

Chair Novak inquired of Ms. Admirand if the Board needed to acknowledge this report. Ms. Admirand informed that this item is for possible action, so the Board did not need to take action on the report.

8. Regional Emergency Medical Services Authority

Presented by: Dean Dow and Alexia Jobson

A. Review and Acceptance of the REMSA Operations Report for February, 2019

Mr. Dow, President and CEO for REMSA and Care Flight, informed he was available to answer any questions the Board may have regarding the February REMSA Operations Report.

Mr. Brown moved to accept the REMSA Operations Reports for February, 2019. Ms. Berkbigler seconded the motion which was approved four in favor and none against.

Chair Novak informed that the EMS comments were very positive this month.

B. *Update of REMSA's Public Relations during February 2019

Ms. Jobson, REMSA Public Affairs Manager, informed that, earlier in the month, REMSA's partnership with the Washoe County Sheriff's Office Hasty Team received media coverage from the three local networks, focusing on the topic of avalanche safety and preparedness.

Ms. Jobson informed of a press conference hosted by REMSA on behalf of Flirtey and the City of Reno to announce the partnership program has been approved by the FAA to have drones fly past the line of sight as the next step toward AED (Automated External Defibrillator) drone delivery. She stated this successful event received extensive local coverage as well as national news outlets, and expressed REMSA's excitement for advancing the program with Flirtey.

Ms. Jobson stated REMSA's Center for Pre-hospital Education continues to offer bleeding control classes, informing the March 27th class was featured on the local CBS and NBC affiliates.

9. Update regarding Bill Draft Requests and Bill Drafts for the 2019 Legislative session.

Staff Representative: Steve Kutz

Mr. Kutz stated that a legislative summary spreadsheet had been placed on the dais for

the Board members, informing it is a list of bills being tracked by the Health District. He explained that Mr. Dick, District Health Officer, and Ms. Gutman, Governmental Affairs Liaison, had provided him with updates to provide to the Board.

SB263 – Mr. Kutz informed this bill provides for the licensing of wholesalers and retailers of e-cigarettes and taxing of e-cigarettes and vaping devices as other tobacco products. He stated this is a tax rate of thirty percent of wholesale price under existing statute, and explained this bill proposes to provide eighty percent of the tax revenue to health authorities, distributed in proportion to population to address public health priorities. He informed Mr. Dick is proposing to provide twenty percent of that revenue to tobacco prevention efforts. This bill addresses the Board’s priorities of increased state funding for public health and improved e-cigarette and vaping regulation.

AB66 – This is the Washoe Regional Behavioral Health Policy Board bill to establish Crisis Stabilization Centers. Mr. Kutz informed that models are operating with great success in other states, and that proposed amendments would allow for licensing short-term psychiatric hospitals to allow for Medicaid and Medicare reimbursement for services that would provide financial viability for these facilities.

SB448 – Provides for transferrable tax credits for affordable housing to be issued at the level of \$10M per fiscal year until June 30, 2023.

AB270 – This bill regarding the Nevada Crisis Response System requires the Department of Health and Human Services to establish the Nevada Crisis Response System to coordinate with social service agencies, local governments and non-profit organizations, to identify, assess, refer, and connect persons who are transient, at imminent risk of homelessness, or homeless to housing assistance and services, provide and operate a system to responding to a crisis that is accessible by such persons twenty-four hours a day, seven days a week, and provide education or information on how such persons may access and use the system for responding to a crisis. He stated it is intended to prevent and address homelessness in the state.

AB231 – Mr. Kutz informed this bill would have excluded all vehicles manufactured before 1996 from the smog check program, but, after meeting with Ms. Albee and Ms. Gutman, the bill’s sponsor removed these provisions from the bill which would have negatively impacted air quality. He explained Ms. Albee was also at the legislative session this afternoon, and that Mr. Wolf was available to answer questions.

AB169 – This bill establishes a Maternal Mortality Review Board, informing the Health District supported this bill and offered information about the establishment of the CCHS Fetal Infant Mortality Review Board many years ago, highlighting the data collected that has benefited all of Nevada by the establishment of the Go Before You Show outreach campaign.

SB448 – In regards to affordable housing and sponsored by Committee Chair Julia Ratti and Vice Chair Tyrone Thompson, this bill provides for the issuance of transferrable tax credits to a project for the acquisition, development, construction, improvement, expansion, reconstruction or rehabilitation of low-income housing. Mr. Kutz informed this bill has received an immense amount of support, notably, J.D. Klippenstein, Executive Director of ACTIONN, who provided testimony on his organization’s behalf.

AB174 – this bill establishes the Nevada Interagency Advisory Council on Homelessness to Housing. Mr. Kutz informed there are number of bills around housing and homelessness.

Chair Novak stated that Mr. Dick is at the legislative session to testify this afternoon, informing that was the reason for Mr. Kutz presenting in his stead.

Chair Novak inquired if action was necessary on this item; Ms. Admirand informed the Health Officer has requested the Board approve the report.

Ms. Berkbigler moved to accept the Update regarding Bill Draft Requests and Bill Drafts for the 2019 Legislative session. Dr. Danko seconded the motion which was approved four in favor and none against.

10. *Staff Reports and Program Updates

A. Air Quality Management, Charlene Albee, Director

Program Update, AQMD Monitoring Network, Wildfire Season 2018, Divisional Update, Monitoring and Planning and Permitting and Enforcement

Mr. Wolf informed he was presenting for Ms. Albee and had nothing to add to the staff report, but would be happy to answer any questions the Board might have.

B. Community and Clinical Health Services, Steve Kutz, Director

Divisional Update – 2019 World TB Day; Data & Metrics; Sexual Health, Immunizations, Tuberculosis Prevention and Control Program, Family Planning/Teen Health Mall, Chronic Disease Prevention Program, Maternal Child and Adolescent Health, and Women Infants and Children

Mr. Kutz stated he had nothing further to add to his report, but would answer any questions the Board might have.

C. Environmental Health Services, Chad Westom, Director

Environmental Health Services (EHS) Division Program Updates – Childcare, Community Development, Epidemiology, Food, Land Development, Schools, Vector and Inspections

Mr. Westom stated he had nothing to add to his report, but would be happy to answer any questions for the Board.

D. Epidemiology and Public Health Preparedness, Dr. Randall Todd, Director

Program Updates for Communicable Disease, Outbreaks, Unusual Occurrence of Illness, Hospital-Based Electronic Lab Reporting, Hospital Screening Question for Carbapenem-resistant Organisms, Seasonal Influenza Surveillance, PHP Program Trainings and Exercises, Inter-Hospital Coordinating Council, Medical Reserve Corps, Community Assessment for Public Health Emergency Response (CASPER), Emergency Medical Services, EMS Strategic Planning Initiatives_Mutual Aid Evacuation Annex (MAEA) Update and Trainings and Exercises

Ms. Conti stated she was presenting for Dr. Todd and, if the Board had any questions, she would provide them to Dr. Todd for his response. She informed that Ms. Kerwin, who facilitated the CASPER Community Assessment, would present an overview during this time.

Ms. Kerwin introduced herself as the EMS Oversight Statistician and informed that, while Washoe County Health District was the fourth jurisdiction to have conducted a CASPER in Nevada, it is not the last state to have conducted a CASPER. She explained CASPER is a CDC mechanism that was developed to evaluate a community at the household level and can be conducted before, during or after an emergency.

Ms. Kerwin stated the CASPER is a two-stage sampling design that is conducted as a door-to-door survey, and that the data is generalizable back to the total population. She informed all of Washoe County was considered in the sample population, and during the week of March 12-17, thirty-seven volunteers in six shifts for four days went into the community and collected two hundred and twenty-four surveys. This was a ninety-four percent response rate and was the highest percentage of the four jurisdictions having

completed a CASPER in Nevada. She expressed she was very proud of the volunteers. She informed she had just finished analyzing the data and would develop a comprehensive report to present the Board and the greater community; the data will allow the Health District to be better informed on how to prepare the community and residents in the event of evacuation or natural disaster.

Chair Novak thanked Ms. Kerwin, expressing he understands this is a great deal of work.

Ms. Conti reminded that tomorrow is Dr. Chen's last day of work and they would be having a gathering for her after the meeting if any of the Board would like to attend.

E. Office of the District Health Officer, Kevin Dick, District Health Officer

District Health Officer Report – City and County Budget Meeting, Public Health Accreditation, Customer Satisfaction Survey, County Health Rankings, Community Health Improvement Plan, Quality Improvement Team, TMHC, Legislative Session, Other Events and Activities and Health District Media Contacts

Mr. Kutz informed that he would be happy to provide any questions the Board may have on Mr. Dick's report to him for his response.

11. *Board Comment

Chair Novak closed the Board comment period.

12. *Public Comment

Chair Novak informed the Washoe County Health District's Annual Report is available and posted on the website for review.

Chair Novak brought attention to the article placed on the dais for the Board's review regarding California's work to strengthen their immunization laws for measles. He informed that ninety percent of persons exposed to measles will become infected with the disease, noting the older generation has some benefit in resistance from having had the measles earlier in life. He stated this issue has been brought before the US Congress, informing that, on his trip to attend the joint NALBOH/NACCHO conference, they visited Capitol Hill and received tremendous support. He commended the two Senators from Nevada and their high-level representatives who met with their contingent and informed of the continued interaction to work in support of this issue.

Chair Novak closed the public comment period.

13. Adjournment

Chair Novak adjourned the meeting at 1:40 p.m.

Possible Changes to Agenda Order and Timing: Items on the agenda may be taken out of order, combined with other items, withdrawn from the agenda, moved to the agenda of another later meeting; moved to or from the Consent section, or they may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time, but may be heard later. Items listed in the Consent section of the agenda are voted on as a block and will not be read or considered separately unless withdrawn from the Consent agenda.

Special Accommodations: The District Board of Health Meetings are accessible to the disabled. Disabled members of the public who require special accommodations or assistance at the meeting are requested to notify Administrative Health Services in writing at the Washoe County Health District, 1001 E. 9th Street, Building B, Reno, NV 89512, or by calling 775.328.2415, 24 hours prior to the meeting.

Public Comment: During the "Public Comment" items, anyone may speak pertaining to any matter either on or off the agenda, to include items to be heard on consent. For the remainder of the agenda, public comment will only be heard during items that are not marked with an asterisk (*). Any public comment for hearing items will be heard before action is taken on the item and must be about the specific item being considered by the Board. In order to speak during any public comment, each speaker must fill out a "Request to Speak" form and/or submit comments for the record to the Recording Secretary. Public comment and presentations for individual agenda items are limited as follows: fifteen minutes each for

staff and applicant presentations, five minutes for a speaker representing a group, and three minutes for individual speakers unless extended by questions from the Board or by action of the Chair.

Response to Public Comment: The Board of Health can deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. During the public comment period, speakers may address matters listed or not listed on the published agenda. The *Open Meeting Law* does not expressly prohibit responses to public comments by the Board of Health. However, responses from the Board members to unlisted public comment topics could become deliberation on a matter without notice to the public. On the advice of legal counsel and to ensure the public has notice of all matters the Board of Health will consider, Board members may choose not to respond to public comments, except to correct factual inaccuracies, ask for Health District Staff action or to ask that a matter be listed on a future agenda. The Board of Health may do this either during the public comment item or during the following item: "Board Comments – Limited to Announcement or Issues for future Agendas."

Posting of Agenda; Location of Website:

Pursuant to NRS 241.020, Notice of this meeting was posted at the following locations:

Washoe County Health District, 1001 E. 9th St., Reno, NV Reno

City Hall, 1 E. 1st St., Reno, NV

Sparks City Hall, 431 Prater Way, Sparks, NV

Washoe County Administration Building, 1001 E. 9th St, Reno, NV

Staff Report
Board Meeting Date: April 25, 2019

TO: District Board of Health

FROM: Nancy Kerns Cummins, Fiscal Compliance Officer, Washoe County Health District
775-328-2419, nkcummins@washoecounty.us

SUBJECT: Approve a Notice of Award from the Department of Health and Human Services, Public Health Service, OASH Office of Grants Management for the project period retroactive to April 1, 2019 through March 31, 2022 with first year funding of \$700,000 (\$364,322 cash match required) in support of the Community and Clinical Health Services Division (CCHS) Family Planning Program, IO# 11570 and authorize the District Health Officer to execute the Award.

SUMMARY

The Community and Clinical Health Services Division received a Notice of Award from the U.S. Department of Health and Human Services, Public Health Service on March 29, 2019 to support the Family Planning Program. The project period is retroactive to April 1, 2019 and extends through March 31, 2022; first year funding provides \$700,000.00. A copy of the Notice of Subaward is attached.

District Health Strategic Priority supported by this item:

- 1. Healthy Lives:** Improve the health of our community by empowering individuals to live healthier lives.

PREVIOUS ACTION

On September 27, 2018 the Board approved the Notice of Award from the U.S. Department of Health and Human Services, Public Health Service effective September 1, 2018 through March 31, 2019 in the total amount of \$521,000.

GRANT AWARD SUMMARY

Project/Program Name: Title X Family Planning Program

Scope of the Project: Improve the overall health of individuals, couples, and families in Washoe County through cost effective and efficient family planning services. This grant provides funding for personnel, travel and training, contractual services, operating and educational supplies, incentives for clients and indirect expenditures.

Benefit to Washoe County Residents: This Award supports the Family Planning Program's ongoing efforts to reduce unintended pregnancy by providing most methods of birth control including

Subject: Family Planning Grant Award

Date: April 25, 2019

Page 2 of 2

vasectomies, provide routine gynecological exams and tests, diagnose and treat gynecological problems and sexually transmitted diseases.

On-Going Program Support: The Health District anticipates receiving future funding to support the Family Planning Program.

Award Amount: \$700,000.00 (includes \$95,514.00 indirect) first year funding

Grant Period: April 1, 2019 – March 31, 2022

Funding Source: U.S. Department of Health and Human Services
Public Health Service

Pass Through Entity: n/a

CFDA Number: 93.217

Grant ID Number: 1 FPHPA006463-01-00

Match Amount and Type: \$364,322.00 cash match

Sub-Awards and Contracts: No Sub-Awards; various contracts are currently in place.

FISCAL IMPACT

There is no additional fiscal impact should the Board approve the Notice of Subaward.

RECOMMENDATION

It is recommended that the Washoe County Health District approve a Notice of Award from the Department of Health and Human Services, Public Health Service, OASH Office of Grants Management for the project period retroactive to April 1, 2019 through March 31, 2022 with first year funding of \$700,000 (\$364,322 cash match required) in support of the Community and Clinical Health Services Division (CCHS) Family Planning Program, IO# 11570 and authorize the District Health Officer to execute the Award.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be: "Move to approve a Notice of Award from the Department of Health and Human Services, Public Health Service, OASH Office of Grants Management for the project period retroactive to April 1, 2019 through March 31, 2022 with first year funding of \$700,000 (\$364,322 cash match required) in support of the Community and Clinical Health Services Division (CCHS) Family Planning Program, IO# 11570 and authorize the District Health Officer to execute the Award."

SPECIAL TERMS AND REQUIREMENTS

1. This award consists of:

1. Program income (fees, premiums, third-party reimbursements which the project may reasonably expect to receive), as well as State, local and other operational funding, will be used to finance the non-federal share of the scope of project as defined in the approved grant application and reflected in the approved budget. Program income and the level projected in the approved budget will be used to further program objectives. Box 15 on this Notice of Award (NoA) indicates **E – Other**: Program Income may be used to meet the cost sharing or matching requirement of the Federal award. The amount of the Federal award stays the same. Program Income in excess of any amounts specified must be added to the Federal funds awarded. They must be used for the purposes and conditions of this award for the duration of the Project period. 45 C.F.R. § 75.307 (e).

2. In accepting this award, the grantee stipulates that the award and any activities thereunder are subject to all provisions of 42 CFR Part 59, Subpart A currently in effect or implemented during the period of the grant.

3. Notwithstanding any other provision of law, no provider under Title X of the Public Health Service Act shall be exempt from any State law requiring notification or the reporting of child abuse, child molestation, sexual abuse, rape, or incest.

4. In accepting this award, the grantee certifies that it encourages family participation in the decision of minors to seek family planning services and that it provides counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities.

5. In order to maintain an accurate record of current Title X service sites, grantees are required to provide notice to the Office of Population Affairs (OPA) of any deletions, additions, or changes to the name, location, street address and email, services provided on-site, and contact information for Title X grantees and service sites. This database will also be used to verify eligibility for 340B program registration and recertification. You must enter your changes to the Title X database within 30 days from the official approval of the change at <https://www.opa-fpclinicdb.com/>. All changes will be reviewed and approved by the relevant HHS regional office prior to being posted on the OPA website. This does not replace the prior approval requirement under HHS grants policy for changes in project scope, including clinic closures.

NOTICE OF AWARD (Continuation Sheet)

PAGE 3 of 14	DATE ISSUED 03/26/2019
GRANT NO.	1 FPHPA006463-01-00

6. If you or your sub-recipient(s) enrolls in the 340B Program, you must comply with all 340B Program requirements. You may be subject to audit at any time regarding 340B Program compliance. 340B [Program requirements are available at http://www.hrsa.gov/opa/programrequirements/](http://www.hrsa.gov/opa/programrequirements/).

7. Program Priorities: Title X Priorities include all of the legal requirements covered within the Title X statute, regulations, and legislative mandates. All applicants must comply with the requirements regarding the provision of family planning services that can be found in the statute (Title X of the Public Health Service Act, 42 U.S.C. § 300 *et seq.*) and the implementing regulations (42 C.F.R. Part 59, Subpart A), as applicable. In addition, sterilization of clients as part of the Title X program must be consistent with 42 C.F.R. Part 50, Subpart B (“Sterilization of Persons in Federally Assisted Family Planning Projects”). See pages 10-14 of the FOA for further details regarding the Program Priorities.

8. Key Issues: Title X Key Issues represent overarching goals for the Title X program. These are determined based on priorities set by the Office of the Assistant Secretary of Health (OASH) and the Office of the Secretary (OS) of the Department of Health and Human Services (HHS):

- a. Assuring innovative quality family planning and related preventive health services that lead to improved reproductive health outcomes and overall optimal health, which is defined as a state of complete physical, mental and social well-being and not merely the absence of disease. Guidance regarding the delivery of quality family planning services is spelled out in the April 25, 2014, MMWR, “*Providing Quality Family Planning Services: Recommendations of CDC and the U.S. Office of Population Affairs*” (<https://www.cdc.gov/mmwr/pdf/rr/rr6304.pdf>). Periodic updates have been made to this publication and are available on the OPA website (<https://www.hhs.gov/opa/guidelines/clinical-guidelines/index.html>). It is expected that the core family planning services listed in the Program Description, and which also are included in the *Quality Family Planning Services* document referenced above, will be provided by each project;
- b. Providing the tools necessary for the inclusion of substance abuse disorder screening into family planning services offered by Title X applicants;
- c. Following a model that promotes optimal health outcomes for the client (physical, mental and social health) by emphasizing comprehensive primary health care services, along with family planning services preferably in the same location or through nearby referral providers;
- d. Providing resources that prioritize optimal health outcomes (physical, mental, and social health) for individuals and couples with the goal of healthy relationships and stable marriages as they make decisions about preventing or achieving pregnancy;
- e. Providing counseling for adolescents that encourages sexual risk avoidance by delaying the onset of sexual activity as the healthiest choice, and developing tools to communicate the public health benefit and protective factors for the sexual health of adolescents found by delaying the onset of sexual activity thereby reducing the overall number of lifetime sexual partners;
- f. Communicating the growing body of information for a variety of fertility awareness-based methods of family planning and providing tools for applicants to use in patient education about these methods;
- g. Fostering interaction with community and faith-based organizations to develop a network for client referrals when needs outside the scope of family planning are identified;
- h. Accurately collecting and reporting data, such as the Family Planning Annual Report (FPAR), for use in monitoring performance and improving family planning services;

NOTICE OF AWARD (Continuation Sheet)

PAGE 4 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FPHPA006463-01-00	

- i. Promoting the use of a standardized instrument, such as the OPA Program Review Tool, to regularly perform quality assurance and quality improvement activities with clearly defined administrative, clinical, and financial accountability for applicants and subrecipients; and
 - j. Increasing attention to CDC screening recommendations for chlamydia and other STDs (as well as HIV testing) that have potential long-term impact on fertility and pregnancy.
9. The Title X National Grantee Meeting will be held July 16-19, 2019 at the Renaissance Arlington Capital View Hotel in Arlington, VA. Each grantee is encouraged to send up to three individuals to the meeting. This meeting is for individuals from the grantee organization only.
10. This notice of award specifies a project period as described in 45 C.F.R. § 59.8. The grant will be initially for 1 year and subsequent continuation awards will also be for 1 year at a time. A grantee must submit a separate application to have support continued for each subsequent year. Decisions regarding continuation awards and the funding level of such awards will be made after consideration of such factors as the grantee’s progress and management practices, and the availability of funds. In all cases, continuation awards require a determination by HHS that continued funding is in the best interest of the government.
11. Grantee must cooperate with OPA program evaluations.

STANDARD TERMS

- 1. You must comply with all terms and conditions outlined in the grant award, including grant policy terms and conditions contained in applicable Department of Health and Human Services (HHS) Grant Policy Statements (GPS), (note any references in the GPS to 45 C.F.R. Part 74 or 92 are now replaced by 45 C.F.R. Part 75, and the SF-269 is now the SF-425), and requirements imposed by program statutes and regulations, Executive Orders, and HHS grant administration regulations, as applicable; as well as any requirements or limitations in any applicable appropriations acts. By drawing or otherwise obtaining funds for the award from the grant payment system or office, you accept the terms and conditions of the award and agree to perform in accordance with the requirements of the award.

The HHS Grants Policy Statement is available at:

<http://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf>

Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS awards are at 45 C.F.R. Part 75.

- 2. Certain changes to your project or personnel require prior approval from the Grants Management Officer (GMO). (See Part II, HHS Grants Policy Statement (GPS), any references in the GPS to 45 C.F.R. Part 74 or 92 are now replaced by 45 C.F.R. Part 75). All amendment requests requiring prior approval must be signed by the grantee authorizing official and or PI/PD and submitted through the GrantSolutions Amendment Module. Only responses signed by the GMO are considered valid. If you take action on the basis of responses from other officials or individuals, you do so at your own risk. Such responses will not be considered binding by or upon any OASH Office.

Any other correspondence not relating to a prior approval item should be uploaded to Grant Notes within the GrantSolutions system. Include the Federal grant number and signature of the authorized business official and the project director on all such correspondence.

- 3. The *Department of Defense and Labor, Health and Human Services, and Education Appropriations*

NOTICE OF AWARD (Continuation Sheet)

PAGE 5 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FPHPA006463-01-00	

Act, 2019 and Continuing Appropriations Act, 2019, contains requirements and restrictions related to the use of federal funds from the HHS Office of the Assistant Secretary for Health (OASH) on all grant or cooperative agreements henceforth including the current budget period.

(1) Salary Limitation (section 202 of the FY 2019 appropriations act)

“None of the funds appropriated in this title shall be used to pay the salary of an individual, through a grant or other extramural mechanism, at a rate in excess of Executive Level II.”

The Salary Limitation is based upon the Executive Level II of the Federal Executive Pay Scale. Effective January 7, 2018, the Executive Level II salary is \$189,600. For the purposes of the salary limitation, the direct salary is exclusive of fringe benefits and indirect costs. An individual’s direct salary is not constrained by the legislative provision for a limitation of salary. The rate limitation simply limits the amount that may be awarded and charged to the grant. A recipient may pay an individual’s salary amount in excess of the salary cap with non-federal funds.

(2) Acknowledgement of Federal Grant Support (Section 505 of the FY 2019 appropriations act)

When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all grantees receiving Federal funds included in this Act, including but not limited to State and local governments and recipients of Federal research grants, shall clearly state—

- (a.) the percentage of the total costs of the program or project which will be financed with Federal money;
- (b.) the dollar amount of Federal funds for the project or program; and
- (c.) percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.”

4. Reporting Subawards and Executive Compensation

a. Reporting of first-tier subawards.

1. *Applicability.* Unless you are exempt as provided in paragraph d. of this award term, you must report each action that obligates \$25,000 or more in Federal funds that does not include Recovery Act funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub. L. 111–5) for a subaward to an entity (see definitions in paragraph e. of this award term).

2. *Where and when to report.*

- i. You must report each obligating action described in paragraph a.1. of this award term to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FFRS).
- ii. For subaward information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2010, the obligation must be reported by no later than December 31, 2010.)

3. *What to report.* You must report the information about each obligating action as specified in the [submission instructions posted at http://www.fdrs.gov](http://www.fdrs.gov) specify.

PAGE 6 of 14	DATE ISSUED 03/26/2019
GRANT NO.	1 FPHA006463-01-00

b. Reporting Total Compensation of Recipient Executives.

1. Applicability and what to report. You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if—

i. the total Federal funding authorized to date under this award is \$25,000 or more;

ii. in the preceding fiscal year, you received—

A. 80 percent or more of your annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. §170.320 (and subawards); and

B. \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. §170.320 (and subawards); and

iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. § 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at the [Executive Compensation](#) page of the SEC website.)

2. Where and when to report. You must report executive total compensation described in paragraph

b.1. of this award term:

i. As part of your registration profile in the [System for Award Management \(SAM\)](#).

ii. By the end of the month following the month in which this award is made, and annually thereafter.

c. Reporting of Total Compensation of Subrecipient Executives.

1. Applicability and what to report. Unless you are exempt as provided in paragraph d. of this award term, for each first-tier subrecipient under this award, you shall report the names and total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient's preceding completed fiscal year, if—

i. In the subrecipient's preceding fiscal year, the subrecipient received—

A. 80 percent or more of its annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. § 170.320 (and subawards); and

B. \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts), and Federal financial assistance subject to the Transparency Act (and subawards); and

ii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. § 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at the [Executive Compensation](#) page of the SEC website.)

PAGE 7 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FPHPA006463-01-00	

2. *Where and when to report.* You must report subrecipient executive total compensation described in paragraph c.1. of this award term:

- i. To the recipient.
- ii. By the end of the month following the month during which you make the subaward. For example, if a subaward is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the subrecipient by November 30 of that year.

d. Exemptions

If, in the previous tax year, you had gross income, from all sources, under \$300,000, you are exempt from the requirements to report:

- i. Subawards, and
- ii. The total compensation of the five most highly compensated executives of any subrecipient.

e. Definitions.

For purposes of this award term:

1. "Entity" means all of the following, as defined in 2 C.F.R. Part 25:
 - i. A Governmental organization, which is a State, local government, or Indian tribe;
 - ii. A foreign public entity;
 - iii. A domestic or foreign nonprofit organization;
 - iv. A domestic or foreign for-profit organization;
 - v. A Federal agency, but only as a subrecipient under an award or subaward to a non-Federal entity.
2. "Executive" means officers, managing partners, or any other employees in management positions.
3. "Subaward":
 - i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
 - ii. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. ll .210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
 - iii. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.
4. "Subrecipient" means an entity that:

NOTICE OF AWARD (Continuation Sheet)

PAGE 8 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FPHA006463-01-00	

- i. Receives a subaward from you (the recipient) under this award; and
- ii. Is accountable to you for the use of the Federal funds provided by the subaward.

5. "Total compensation" means the cash and noncash dollar value earned by the executive during the recipient's or subrecipient's preceding fiscal year and includes the following (for more information see 17 C.F.R. § 229.402(c)(2)):

- i. Salary and bonus.
- ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
- iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
- iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
- v. Above-market earnings on deferred compensation which is not tax-qualified.
- vi. Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

5. Trafficking in Persons

This award is subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104)

a. Provisions applicable to a recipient that is a private entity.

1. You as the recipient, your employees, subrecipients under this award, and subrecipients' employees may not-

- i. Engage in severe forms of trafficking in persons during the period of time that the award is in effect;
- ii. Procure a commercial sex act during the period of time that the award is in effect; or
- iii. Use forced labor in the performance of the award or subawards under the award.

2. We as the Federal awarding agency may unilaterally terminate this award, without penalty, if you or a subrecipient that is a private entity –

- i. Is determined to have violated a prohibition in paragraph a.1 of this award term; or
- ii. Has an employee who is determined by the agency official authorized to terminate the award to have violated a prohibition in paragraph a.1 of this award term through conduct that is either-

GRANT NO. 1 FPHPA006463-01-00	

A. Associated with performance under this award; or

B. Imputed to you or the subrecipient using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 C.F.R. Part 180, “OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement),” as implemented by our agency at 2 C.F.R. Part 376.

b. Provision applicable to a recipient other than a private entity.

We as the Federal awarding agency may unilaterally terminate this award, without penalty, if a subrecipient that is a private entity-

1. Is determined to have violated an applicable prohibition in paragraph a.1 of this award term; or

2. Has an employee who is determined by the agency official authorized to terminate the award to have violated an applicable prohibition in paragraph a.1 of this award term through conduct that is either-

i. Associated with performance under this award; or

ii. Imputed to the subrecipient using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 C.F.R. Part 180, “OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement),” as implemented by our agency at 2 C.F.R. Part 376

c. Provisions applicable to any recipient.

1. You must inform us immediately of any information you receive from any source alleging a violation of a prohibition in paragraph a.1 of this award term

2. Our right to terminate unilaterally that is described in paragraph a.2 or b of this section:

i. Implements section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. § 7104(g)), and

ii. Is in addition to all other remedies for noncompliance that are available to us under this award.

3. You must include the requirements of paragraph a.1 of this award term in any subaward you make to a private entity.

d. Definitions. For purposes of this award term:

1. “Employee” means either:

i. An individual employed by you or a subrecipient who is engaged in the performance of the project or program under this award; or

ii. Another person engaged in the performance of the project or program under this award and not compensated by you including, but not limited to, a volunteer or individual whose services are contributed by a third party as an in-kind contribution toward cost sharing or matching requirements.

2. “Forced labor” means labor obtained by any of the following methods: the recruitment, harboring,

NOTICE OF AWARD (Continuation Sheet)

PAGE 10 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FHPA006463-01-00	

transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subsection to involuntary servitude, peonage, debt bondage, or slavery.

3. "Private entity":

i. Means any entity other than a State, local government, Indian tribe, or foreign public entity, as those terms are defined in 2 C.F.R. § 175.25.

ii. Includes:

A. A nonprofit organization, including any nonprofit institution of higher education, hospital, or tribal organization other than one included in the definition of Indian tribe at 2 C.F.R. § 175.25(b).

B. A for-profit organization.

4. "Severe forms of trafficking in persons," "commercial sex act," and "coercion" have the meanings given at section 103 of the TVPA, as amended (22 U.S.C. § 7102)

6. You are hereby given notice that the 48 C.F.R. § 3.908 (related to the enhancement of contractor employee whistleblower protections), implementing 41 U.S.C. § 4712, as amended (entitled "Enhancement of contractor protection from reprisal for disclosure of certain information") applies to this award.

7. In any grant-related activity in which family, marital, or household considerations are, by statute or regulation, relevant for purposes of determining beneficiary eligibility or participation, grantees must treat same-sex spouses, marriages, and households on the same terms as opposite-sex spouses, marriages, and households, respectively. By "same-sex spouses," HHS means individuals of the same sex who have entered into marriages that are valid in the jurisdiction where performed, including any of the 50 states, the District of Columbia, or a U.S. territory or in a foreign country, regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. By "same-sex marriages," HHS means marriages between two individuals validly entered into in the jurisdiction where performed, including any of the 50 states, the District of Columbia, or a U.S. territory or in a foreign country, regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. By "marriage," HHS does not mean registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage.

8. Reporting of Matters Related to Recipient Integrity and Performance

1. General Reporting Requirement

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. § 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

NOTICE OF AWARD (Continuation Sheet)

PAGE 11 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FPHA006463-01-00	

2. Proceedings About Which You Must Report

Submit the information required about each proceeding that:

a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

b. Reached its final disposition during the most recent five year period; and

c. If one of the following:

(1) A criminal proceeding that resulted in a conviction, as defined in paragraph 5 of this award term and condition;

(2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;

(3) An administrative proceeding, as defined in paragraph 5 of this award term and condition, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of

\$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or

(4) Any other criminal, civil, or administrative proceeding if:

(i) It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;

(ii) It had a different disposition arrived at by consent or compromise with an acknowledgement of fault on your part; and

(iii) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

3. Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2 of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

4. Reporting Frequency

During any period of time when you are subject to this requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

5. Definitions

NOTICE OF AWARD (Continuation Sheet)

PAGE 12 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FHPA006463-01-00	

For purposes of this award term and condition:

a. Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

b. Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

c. Total value of currently active grants, cooperative agreements, and procurement contracts includes —

(1) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and

(2) The value of all expected funding increments under a Federal award and options, even if not yet exercised.

9. Consistent with 45 C.F.R. § 75.113, applicants and recipients must disclose, in a timely manner, in writing to the HHS Awarding Agency, with a copy to the HHS Office of the Inspector General, all information related to violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Subrecipients must disclose, in a timely manner, in writing to the prime recipient (pass through entity) and the HHS Office of the Inspector General all information related to violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

Disclosures must be sent in writing to the awarding agency and to the HHS OIG at the following addresses:

HHS OASH Office of Grants Management

1101 Wootton Parkway, Suite 550

Rockville, MD 20852

AND

US Department of Health and Human Services Office of Inspector General

ATTN: OIG HOTLINE OPERATIONS—MANDATORY GRANT DISCLOSURES PO Box 23489

Washington, DC 20026

URL: <http://oig.hhs.gov/fraud/report-fraud/index.asp> (Include “Mandatory Grant Disclosures” in subject line)

Fax: 1-800-223-8164 (Include “Mandatory Grant Disclosures” in subject line)

NOTICE OF AWARD (Continuation Sheet)

PAGE 13 of 14	DATE ISSUED 03/26/2019
GRANT NO. 1 FPHA006463-01-00	

Failure to make required disclosures can result in any of the remedies described in 45 C.F.R. § 75.371 (“Remedies for noncompliance”), including suspension or debarment (See also 2 C.F.R. Parts 180 & 376 and 31 U.S.C. § 3321).

The recipient must include this mandatory disclosure requirement in all subawards and contracts under this award.

REPORTING REQUIREMENTS

1. The Single Audit Act Amendments of 1996 (31 U.S.C. §§ 7501-7507) combined the audit requirements for all entities under one Act. An audit is required for all non-Federal entities expending Federal awards, and must be consistent with the standards set out at 45 CFR Part 75, Subpart F (“Audit Requirements”). The audits are due within 30 days of receipt from the auditor or within 9 months of the end of the fiscal year, whichever occurs first. The audit report when completed should be submitted online to the Federal Audit Clearinghouse at <https://harvester.census.gov/facides/Account/Login.aspx>.

2. **FINANCIAL REPORTING REQUIREMENT Federal Financial Reporting (FFR) SF 425:**

You must use the SF-425 Federal Financial Report (FFR) for expenditure reporting. You may find the SF-425 and instructions for completing the form on the Web at: <http://apply07.grants.gov/apply/forms/sample/SF425-V1.0.pdf>. You must complete **all** sections of the FFR.

a. Your FFR reporting schedule has been issued as a condition of this grant award, including a Final FFR covering the entire project period due 90 days after the project period end date. You may also view the complete table of the reporting schedule after logging into GrantSolutions from the My Grants List screen, select the **Reports** menu dropdown and then select the **Federal Financial Report** submenu.

b. GrantSolutions will automatically issue you a reminder seven (7) days prior to each report due date. If you have not submitted by the due date, you will receive a message indicating the report is **Past Due**. Please ensure your GrantSolutions account and contact information are up to date so you receive notifications.

c. **Electronic Submissions accepted only via GrantSolutions** – Your FFR must only be submitted for review via the GrantSolutions FFR reporting module. No other submission methods will be accepted without prior written approval from the GMO. You must be assigned to the grant with authorized access to the FFR reporting Module as FINANCIAL OFFICER when submitting. If you encounter any difficulties, contact the Grant Solutions Help Desk or your assigned Grants Management Specialist. Please reference the CONTACTS section of NoA Terms and Conditions to locate the name of this individual.

The Quarterly cash reporting to the HHS Payment Management System on the FFR is also required. Please note at this time, these FFR reports are separate submissions via the Payment Management System; data is not transferable between the two systems and you will report twice on certain data elements.

Staff Report
Board Meeting Date: April 25, 2019

TO: District Board of Health

FROM: Jennifer Pierce, Fiscal Compliance Officer
775-328-2418, jpierce@washoecounty.us

SUBJECT: Retroactively approve the Grant Agreement #A-00905419-0 from the U.S. Environmental Protection Agency (EPA) in the award amount of \$410,738 which is partial funding for the total approved assistance amount of \$684,564 for the period 10/1/18 through 9/30/19 for the Air Quality Management, EPA Air Pollution Control Program, IO 10019 and authorize the District Health Officer to execute the Subgrant Award.

SUMMARY

The Washoe County District Board of Health must approve and execute Interlocal Agreements. The District Health Officer is authorized to execute agreements on the Board of Health's behalf not to exceed a cumulative amount of \$100,000 per contractor; over \$100,000 would require the approval of the District Board of Health.

The Air Quality Management Division received a Grant Agreement #A-00905419-0 from the EPA, which provides for grant funding for the on-going Air Pollution Control Program, IO 10019. This grant agreement provides partial funding in the amount of \$410,738 and additional funding in the amount of \$273,826 is anticipated. The total approved assistance amount is \$684,564. A copy of the Grant Agreement is attached for the period October 1, 2018 through September 30, 2019. The Agreement was received by WCHD on April 5, 2019.

District Health Strategic Priorities supported by this item:

- 2. Healthy Environment:** Create a healthier environment that allows people to safely enjoy everything Washoe County has to offer.
- 5. Financial Stability:** Enable the Health District to make long-term commitments in areas that will positively impact the community's health by growing reliable sources of income.

PREVIOUS ACTION

The Board retroactively approved the Assistance Amendment #A-00905418-1 from the EPA for funding in the amount of \$136,913 for the period 10/1/17 through 9/30/18 on August 23, 2018.

The Board retroactively approved the Assistance Amendment #A-00905418-0 from the EPA for funding in the amount of \$547,651 for the period 10/1/17 through 9/30/18 on April 26, 2018.

ADMINISTRATIVE HEALTH SERVICES

1001 East Ninth Street, Building B, Reno, Nevada 89512

AHS Office: 775-328-2410 | Fax: 775-328-3752 | washoecounty.us/health

Serving Reno, Sparks and all of Washoe County, Nevada. Washoe County is an Equal Opportunity Employer.

BACKGROUND

Project/Program Name: Air Quality Management, EPA 105 Base Award

Scope of the Project: The base award provides funding for a portion of Air Quality Management Air Pollution Control Program expenditures including personnel, travel, and operating. Additional funding comes from fees, state dedicated funds, and general fund transfer.

Benefit to Washoe County Residents: Implementation of clean air solutions that protect the quality of life for the citizens of Reno, Sparks and Washoe County.

On-Going Program Support: The Health District has received and anticipates receiving continuous funding to support the EPA 105 Base Program. This grant agreement provides partial funding in the amount of \$410,738 and additional funding in the amount of \$273,826 is anticipated. The total amount of the award is \$684,564.

Award Amount: \$684,564 (partial)

Grant Period: October 1, 2018 – September 31, 2019

Funding Source: U.S. Environmental Protection Agency

Pass Through Entity: n/a

CFDA Number: 66.001

Grant ID Number: A – 00905419-0

Match Amount and Type: \$1,530,502. Funding for expenditures comes from fees, state dedicated funds and general fund transfer.

Sub-Awards and Contracts: No Sub-Awards are anticipated

FISCAL IMPACT

Should the Board approve the Grant Agreement, there is no additional fiscal impact to the adopted FY19 budget or FY20 budget.

RECOMMENDATION

It is recommended to retroactively approve the Grant Agreement #A-00905419-0 from the U.S. Environmental Protection Agency (EPA) in the award amount of \$410,738 which is partial funding for the total approved assistance amount of \$684,564 for the period 10/1/18 through 9/30/19 for the Air Quality Management, EPA Air Pollution Control Program, IO 10019 and authorize the District Health Officer to execute the Subgrant Award.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be: "Move to retroactively approve Grant Agreement #A-00905419-0 from the U.S. Environmental Protection Agency (EPA) in the award amount of \$410,738 which is partial funding for the total approved assistance amount of \$684,564 for the period 10/1/18 through 9/30/19 for the Air Quality Management, EPA Air Pollution Control Program, IO 10019 and authorize the District Health Officer to execute the Subgrant Award".

PROJECT TITLE AND DESCRIPTION FY-2019 Air Pollution Control Program <p>The purpose of this program is to provide continuing support for activities which include strategic planning and evaluation, compliance assistance, developing state implementation plans, monitoring air and emissions, rulemaking, operating permits and all other program-related activities. This program will protect and improve the air quality in the jurisdiction covered by the Washoe County Health District (WCHD) and reduce the risks to human health and the environment.</p> <p>This award provides partial federal funding in the amount of \$410,738.</p>			
BUDGET PERIOD 10/01/2018 - 09/30/2019	PROJECT PERIOD 10/01/2018 - 09/30/2019	TOTAL BUDGET PERIOD COST \$2,215,066.00	TOTAL PROJECT PERIOD COST \$2,215,066.00
NOTICE OF AWARD			
<p>Based on your Application dated 08/01/2018 including all modifications and amendments, the United States acting by and through the US Environmental Protection Agency (EPA) hereby awards \$410,738. EPA agrees to cost-share 30.90% of all approved budget period costs incurred, up to and not exceeding total federal funding of \$410,738. Recipient's signature is not required on this agreement. The recipient demonstrates its commitment to carry out this award by either: 1) drawing down funds within 21 days after the EPA award or amendment mailing date; or 2) not filing a notice of disagreement with the award terms and conditions within 21 days after the EPA award or amendment mailing date. If the recipient disagrees with the terms and conditions specified in this award, the authorized representative of the recipient must furnish a notice of disagreement to the EPA Award Official within 21 days after the EPA award or amendment mailing date. In case of disagreement, and until the disagreement is resolved, the recipient should not draw down on the funds provided by this award/amendment, and any costs incurred by the recipient are at its own risk. This agreement is subject to applicable EPA regulatory and statutory provisions, all terms and conditions of this agreement and any attachments.</p>

Administrative Conditions

EPA General Terms and Conditions

The recipient agrees to comply with the current EPA general terms and conditions available at: <https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-october-1-2018>

These terms and conditions are in addition to the assurances and certifications made as a part of the award and the terms, conditions, or restrictions cited throughout the award.

The EPA repository for the general terms and conditions by year can be found at

<https://www.epa.gov/grants/grant-terms-and-conditions#general>

A. Federal Financial Reporting (FFR)

For awards with cumulative project and budget periods greater than 12 months, the recipient will submit an annual FFR (SF 425) covering the period from "project/budget period start date" to **September 30** of each calendar year to the U.S. EPA Las Vegas Finance Center (LVFC). The FFR will be submitted electronically to lvfc-grants@epa.gov no later than **December 31** of the same calendar year. The form with instructions can be found on LVFC's website at <https://www.epa.gov/financial/grants>.

The recipient shall identify non-federal, non-recurrent expenditures in Block 12 (Remarks) of the FFR or include the information as an attachment to the FFR on a separate page. The recipient also agrees to include a statement certifying that supplanting did not occur.

B. Procurement

The recipient will ensure all procurement transactions will be conducted in a manner providing full and open competition consistent with 2 CFR Part 200.319. In accordance 2 CFR Part 200.323 the grantee and subgrantee(s) must perform a cost or price analysis in connection with applicable procurement actions, including contract modifications.

State recipients must follow procurement procedures as outlined in 2 CFR Part 200.317.

C. Six Good Faith Efforts 40 CFR Part 33, Subpart C

Pursuant to 40 CFR Section 33.301, the recipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to require that sub-recipients, loan recipients, and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when a contract is too large for one

of these firms to handle individually.

(e) Use the services and assistance of the SBA and the Minority Business Development Agency of the Department of Commerce.

(f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

D. Utilization of Disadvantaged Business Enterprises

General Compliance, 40 CFR Part 33

The recipient agrees to comply with the requirements of EPA's Disadvantaged Business Enterprise (DBE) Program for procurement activities under assistance agreements, contained in 40 CFR Part 33.

Fair Share Objectives, 40 CFR Part 33, Subpart D

A recipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE participation in procurement under the financial assistance agreements.

In accordance with 40 CFR Section 33.411 some recipients may be exempt from the fair share objective requirements as described in 40 CFR Part 33, Subpart D. Recipients should work with their DBE coordinator if they think their organization may qualify for an exemption.

The dollar amount of this assistance agreement, or the total dollar amount of all of the recipient's financial assistance agreements in the current federal fiscal year from EPA is \$250,000 or more. The recipient accepts the applicable MBE/WBE fair share objectives/goals negotiated with EPA by the Nevada Department of Conservation and Natural Resources (NV DCNR), as follows:

	<u>MBE</u>	<u>WBE</u>
Construction	02%	02%
Equipment	01%	01%
Services	01%	02%
Supplies	01%	01%

The recipient accepts the fair share objectives/goals stated above and attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market as (NV DCNR).

Negotiating Fair Share Objectives/Goals, Section 33.404

The recipient has the option to negotiate its own MBE/WBE fair share objectives/goals. If the recipient wishes to negotiate its own MBE/WBE fair share objectives/goals, the recipient agrees to submit proposed MBE/WBE objectives/goals based on an availability analysis, or disparity study, of qualified MBEs and WBEs in their relevant geographic buying market for construction, services, supplies and equipment.

The submission of proposed fair share goals with the supporting analysis or disparity study means that the recipient is **not** accepting the fair share objectives/goals of another recipient. The recipient agrees to submit proposed fair share objectives/goals, together with the supporting availability analysis or disparity study, to the Regional MBE/WBE Coordinator, Elizabeth Armour at Armour.Elizabeth@epa.gov, within 120 days of its acceptance of the financial assistance award. EPA will respond to the proposed fair share objective/goals within 30 days of receiving the submission. If proposed fair share objective/goals are not received within the 120-day time frame, the recipient may not expend its EPA funds for procurements until the proposed fair share objective/goals are submitted.

Contract Administration Provisions, 40 CFR Section 33.302

The recipient agrees to comply with the contract administration provisions of 40 CFR Section 33.302.

Bidders List, 40 CFR Section 33.501(b) and (c)

Recipients of a Continuing Environmental Program Grant or other annual reporting grant, agree to create and maintain a bidders list. Recipients of an EPA financial assistance agreement to capitalize a revolving loan fund also agree to require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR Section 33.501 (b) and (c) for specific requirements and exemptions.

E. MBE/WBE Reporting – Non-Reporting Condition

General Compliance, 40 CFR, Part 33, Subpart E – Non-Reporting Condition

MBE/WBE reports are required annually for the life of the grant. Reporting is required for assistance agreements where there are funds budgeted for procuring construction, equipment, services and supplies, including funds budgeted for direct procurement by the recipient or procurement under subawards or loans in the “Other” category, that exceed the Simplified Acquisition Threshold as defined by the Federal Acquisition Regulation, including amendments and/or modifications.

Based on EPA’s review of the planned budget, this award does not meet the conditions above and is not subject to Disadvantaged Business Enterprise (DBE) Program reporting requirements. However, if during the performance of the award the total of all funds expended for direct procurement by the recipient and procurement under subawards or loans in the “Other” category exceeds the Simplified Acquisition Threshold, annual reports will be required and you are required to notify your EPA grant specialist for additional instructions.

The recipient also agrees to request prior approval from EPA for procurements that may activate DBE Program reporting requirements.

This provision represents an approved deviation from the MBE/WBE reporting requirements as described in 40 CFR Part 33, Section 33.502; however, the other requirements outlined in 40 CFR Part 33 remain in effect, including the Good Faith Effort requirements as described in 40 CFR Part 33, Subpart C, and Fair Share Objectives negotiation as described in 40 CFR Part 33, Subpart D.

F. Cost-Share Requirement and Maintenance of Effort

The required minimum recipient cost share for this assistance agreement is 40% of total project costs, or Maintenance of Effort (MOE) level of \$1,530,502 (final MOE for FY-18), whichever is greater. The assistance agreement may reflect a percentage shown under the "Notice of Award" section which is based on estimated costs requested in the recipient's application.

Programmatic Conditions

a. This award represents partial federal funding in the amount of \$410,738 for Fiscal Year 2019 (FY19). The estimated full funding amount of this assistance agreement is not guaranteed and is subject to the availability of funds. In the event that additional funding is not received, the recipient's final performance (progress) report submitted in accordance with 40 CFR 31.40 or 30.51 shall address which work plan tasks were not accomplished as a result of the reduction in estimated EPA funding.

b. In accordance with 2 CFR 1500.8, the grantee may charge pre-award costs (both Federal and non-Federal matching shares) incurred from October 1, 2018 to the actual award date provided that such costs were contained in the approved application and all costs are

incurred within the approved budget period.

c. This grant includes the performance of environmental measurements, therefore Quality Assurance planning documents are required. QA plans are current for five years, after which time they should be reviewed, revised and submitted to EPA for approval. The Washoe County Health District, Air Quality Management District Quality Management Plan (QMP) was approved on October 02, 2014 and should be updated and submitted to EPA for approval in FY19. The QA Program Plan (QAPP) for Criteria Pollutants was approved on February 2, 2013 and should be updated and submitted to EPA for approval in FY19.

d. The recipient shall submit mid-year and end-of-year progress reports (preferably electronic copies) to the EPA Project Officer.

Performance Reports: The mid-year report is due no later than 30 calendar days after the end of the 2nd Federal fiscal quarter (April 30) and the 4th Federal fiscal quarter (October 31). In accordance with 2 CFR 200.328, the recipient agrees to include in performance reports submitted under this agreement brief information on each of the following areas: 1) a comparison of actual accomplishments with the anticipated outputs/outcomes specified in the assistance agreement workplan; 2) reasons why anticipated outputs/outcomes were not met; and 3) other pertinent information, including, when appropriate, analysis and explanation of cost overruns or high unit costs.

In accordance with 2 CFR 200.328(2)(d)(1), the recipient agrees that it will notify EPA of problems, delays, or adverse conditions which materially impair the ability to meet the outputs/outcomes specified in the assistance agreement work plan. In addition, interim performance reports must prominently display the three Essential Elements required for state/local workplans and reports. They are:

- Essential Element 1 - Strategic Plan Goal
- Essential Element 2 - Strategic Plan Objective
- Essential Element 3 - Workplan Commitments plus time frame

Final Performance Report: The recipient agrees to submit two copies of the Final Performance Report to the EPA Project Officer. The Final Project Report is due within 90 days after the end of the budget/project period. Final performance reports must prominently display the three Essential Elements required for state workplans and reports. They are:

- Essential Element 1 - Strategic Plan Goal
- Essential Element 2 - Strategic Plan Objective
- Essential Element 3 - Workplan Commitments plus time frame

The report will include any agree-upon work-product(s) resulting from the project and the following: 1) an abstract or overview of the project including completed workplan activities; 2) a comparison of actual accomplishments with the anticipated outputs/outcomes specified in the assistance agreement work plan; 3) reasons why anticipated outputs/outcomes were not met; 4) other pertinent information, including, when appropriate, analysis and explanation of cost overruns or high unit costs; 5) the methods to be used to effectively disseminate project information and/or continue the benefits of this project (although the project itself may not be continuing); and 6) materials generated in connection with the project activities (e.g., workshop announcements, newspaper/newsletter announcements, articles or releases, press packets, pamphlets, etc.).

e. Consistent with local, state, and federal grant procurement rules, recipient shall, when feasible, purchase environmentally preferable products/services and hold conferences/meetings using environmentally preferable measures. Environmentally preferable products/services and environmentally preferable measures include those that have a lesser or reduced effect on the environment when compared with competing products, services, or measures that serve the

same purpose. This comparison may consider raw material acquisition, production, manufacturing, packaging, distribution, reuse, operation,

f. The recipient must report on its subaward monitoring activities under 2 CFR 200.331(d). Examples of items that must be reported if the pass-through entity has the information available are:

- * Summaries of results of reviews of financial and programmatic reports
- * Summaries of findings from site visits and/or desk reviews to ensure effective subrecipient performance.
- * Environmental results the subrecipient achieved.
- * Summaries of audit findings and related pass-through entity management decisions.
- * Actions the pass-through entity has taken to correct deficiencies such as those specified at 2 CFR 200.331(e), 2 CFR 200.207 and the 2 CFR Part 200.338 Remedies for Noncompliance.

g. Cybersecurity

(a) The recipient agrees that when collecting and managing environmental data under this assistance agreement, it will protect the data by following all State or Tribal law cybersecurity requirements as applicable.

(b)(1) EPA must ensure that any connections between the recipient's network or information system and EPA networks used by the recipient to transfer data under this agreement, are secure. For purposes of this Section, a connection is defined as a dedicated persistent interface between an Agency IT system and an external IT system for the purpose of transferring information. Transitory, user-controlled connections such as website browsing are excluded from this definition.

If the recipient's connections as defined above do not go through the Environmental Information Exchange Network or EPA's Central Data Exchange, the recipient agrees to contact the EPA Project Officer (PO) no later than 90 days after the date of this award and work with the designated Regional/Headquarters Information Security Officer to ensure that the connections meet EPA security requirements, including entering into Interconnection Service Agreements as appropriate. This condition does not apply to manual entry of data by the recipient into systems operated and used by EPA's regulatory programs for the submission of reporting and/or compliance data.

(b)(2) The recipient agrees that any subawards it makes under this agreement will require the subrecipient to comply with the requirements in (b)(1) if the subrecipient's network or information system is connected to EPA networks to transfer data to the Agency using systems other than the Environmental Information Exchange Network or EPA's Central Data Exchange. The recipient will be in compliance with this condition: by including this requirement in subaward agreements; and during subrecipient monitoring deemed necessary by the recipient under 2 CFR 200.331(d), by inquiring whether the subrecipient has contacted the EPA Project Officer. Nothing in this condition requires the recipient to contact the EPA Project Officer on behalf of a subrecipient or to be involved in the negotiation of an Interconnection Service Agreement between the subrecipient and EPA.

h. Following EPA Policy Directive Number FEM-2012-02, recipient agrees to demonstrate competency of any laboratory carrying out any activities involving the generation of environmental data on its behalf. Laboratory competency shall be maintained for the duration of the project period of this agreement and documented during the annual reporting process. A copy of the Policy is available online at http://www.epa.gov/fem/lab_comp.htm and <https://www.epa.gov/measurements>

Staff Report
Board Meeting Date: April 25, 2019

TO: District Board of Health
FROM: Chad Westom, EHS Supervisor
775-328-2610, jenglish@washoecounty.us
SUBJECT: Recommendation for the reappointment of Ron Anderson, P.E. and Vonnie L. Fundin to the Sewage, Wastewater and Sanitation Hearing Board (SWS Board) for a three year term beginning April 25, 2019 and ending on April 24, 2022.

SUMMARY

Mr. Ron Anderson, P.E. and Mr. Vonnie Fundin are eligible to be reappointed to the Sewage, Wastewater and Sanitation Hearing Board (SWS Board) and both indicated their willingness to continue to serve. The new three-year terms would begin April 25, 2019 and end on April 24, 2022.

District Health Strategic Priority supported by this item:

- 1. Healthy Environment:** Create a healthier environment that allows people to safely enjoy everything Washoe County has to offer.

PREVIOUS ACTION

Mr. Anderson was previously reappointed to the SWS Board on February 25, 2019. Mr. Fundin was first appointed to the SWS Board on January 28, 2016. Environmental Health Services staff recommended the reappointment of Mr. Anderson and appointment of Mr. Fundin to the SWS Board at that time.

BACKGROUND

The SWS Board considers regulation changes, appeals and variance applications pertaining to sewage, wastewater, sanitation and well drilling. Over the years, staff has sought professionals in these fields to provide valuable expertise to support and enhance technical knowledge provided by program staff.

Mr. Anderson has been a valuable member of the SWS Board and his tenure has allowed the SWS Board to smoothly transition with new members.

Mr. Fundin is a general contractor and owner of a local well drilling company. He is the only member on the SWS Board with vast domestic well drilling experience. Since his appointment to the SWS Board, his experience and background has helped the SWS Board make sound decisions related to domestic well issues.

Subject: Reappointments to SWS Board
Date: April 25, 2019
Page 2 of 2

FISCAL IMPACT

There is no fiscal impact to the current FY 19 budget or the proceeding three fiscal budgets of which these appointments will serve.

RECOMMENDATION

Environmental Health Services Staff recommend that the Washoe County District Board of Health reappoint Ron Anderson, P.E. and Vonnie L. Fundin to the Sewage, Wastewater and Sanitation Hearing Board (SWS Board) for a three year term beginning April 25, 2019 and ending on April 24, 2022.

POSSIBLE MOTION

Should the Board agree with the staff recommendation, a possible motion would be: “Move to reappoint Ron Anderson, P.E. and Vonnie L. Fundin to the Sewage, Wastewater and Sanitation Hearing Board (SWS Board) for a three year term beginning April 25, 2019 and ending on April 24, 2022.

Staff Report
Board Meeting Date: April 25, 2019

TO: District Board of Health

FROM: Nancy Kerns Cummins, Fiscal Compliance Officer
775-328-2419, nkcummins@washoecounty.us

SUBJECT: Accept a donation of a VeriCor Cool Cube vaccine storage container for the Immunization Program from Catholic Charities of Northern Nevada.

SUMMARY

The Washoe County District Board of Health must approve the donation of equipment/supplies and ensure there is a benefit to the citizens of Washoe County.

District Health Strategic Priority supported by this item:

- 4. Impactful Partnerships:** Extend our impact by leveraging partnerships to make meaningful progress on health issues.

PREVIOUS ACTION

There has been no previous action this fiscal year.

BACKGROUND

Community and Clinical Health Services Division has partnered with Catholic Charities of Northern Nevada (CCNN) for many years to provide immunizations in the community. CCNN recently donated a VeriCor Cool Cube vaccine storage container to the Immunization Program. The cooler keeps vaccines at appropriate temperatures without the need for electricity or dry ice.

FISCAL IMPACT

The fair market value of this donation is estimated to be \$220. No budget amendment is necessary.

RECOMMENDATION

It is recommended that the Washoe County District Board of Health accept a donation of a VeriCor Cool Cube vaccine storage container for the Immunization Program from Catholic Charities of Northern Nevada.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be: "Move to accept a donation of a VeriCor Cool Cube vaccine storage container for the Immunization Program from Catholic Charities of Northern Nevada."

Staff Report
Board Meeting Date: April 25, 2019

TO: District Board of Health
FROM: Anna Heenan, Administrative Health Services Officer
 328-2417, aheenan@washoecounty.us
SUBJECT: Acknowledge receipt of the Health Fund Financial Review for March, Fiscal Year 2019

SUMMARY

The nine months of fiscal year 2019, (FY19) ended with a cash balance of \$7,067,337. Total revenues of \$16,622,468 were 71.0% of budget and a decrease of \$397,151 over FY18. The expenditures totaled \$16,291,171 or 64.8% of budget and down \$31,205 compared to FY18.

District Health Strategic Priority supported by this item:

- 5. **Financial Stability:** Enable the Health District to make long-term commitments in areas that will positively impact the community’s health by growing reliable sources of income.

PREVIOUS ACTION

Fiscal Year 2019 Budget was adopted May 22, 2018.

BACKGROUND

Review of Cash

The available cash at the end of March, FY19, was \$7,067,337 which is enough to cover approximately 3.4 months of expenditures. The encumbrances and other liability portion of the cash balance totals \$1.8 million; the cash restricted as to use is approximately \$1.2 million (e.g. Air Quality and the Solid Waste Management programs restricted cash); leaving a balance of approximately \$4.1 million.

Note: January FY15 negative cash is due to no County General Fund support

Review of Revenues (including transfers from General Fund) and Expenditures by category

The total **revenues** year to date were \$16,622,468 down \$397,151 or 2.3% compared to March FY18. The revenue categories up over FY18 were: licenses and permits of \$2,541,349 up \$189,738 or 8.1%; charges for services of \$2,510,824 up \$8,466 or 0.3%; and, miscellaneous revenues of \$145,606 up \$106,175 due to the closing of the Environmental Health Hazardous Materials oversight checking account. Revenue categories down compared to FY18 were: Federal and State grants of \$3,326,750 down \$81,872 or 2.4%; tire and pollution control funding of \$960,297 down \$84,822; and, the County General Fund support of \$7,137,642 down \$534,835 or 7% due to the contingency transfer in FY18 for mosquito abatement chemicals not needed in FY19.

The total year to date **expenditures** of \$16,291,171 decreased by \$31,205 or 0.2% compared to FY18. Salaries and benefits expenditures for the fiscal year were \$13,098,917 up \$382,477 or 3.0% over the prior year and 70.3% of budget. The total services and supplies of \$3,188,789 down \$396,002 or 11.0% compared to FY18 and 50.3% of budget. The main reason for the decline is a reduction in chemical supplies not required in FY19 due to sufficient inventory. The major expenditures included in the services and supplies were; the professional/other agency services, which totaled \$417,579 up \$53,651 over FY18; chemical supplies of \$231,164 down \$535,556 or 69.9%; the biologicals of \$226,630, were down \$19,853; and, County overhead charges of \$913,560 were down \$226,906 or 19.9%. There has been \$3,465 in capital expenditures.

Review of Revenues and Expenditures by Division

ODHO has spent \$896,963 up \$184,519 or 25.9% over FY18 mainly due to funding in FY19 not in FY18 for The Children’s Cabinet for the support for Signs of Suicide; installation of staff badge reader access into the facility; furniture beyond its useful life requiring replacement; and, increased funding in FY19 for Truckee Meadows Healthy Communities public health initiatives.

AHS has spent \$823,184 down \$30,445 or 3.6% compared to FY18 mainly due to salary savings from a vacant position and a decline in utilities and County overhead charges.

AQM revenues were \$2,305,263 down \$30,893 or 1.3%. The Division spent \$2,176,585 up \$74,817 or 3.6% over FY18 due to the annual licensing payment for the Regional Permitting System; an employee retirement payout for accrued vacation and sick leave; and, filling vacant positions.

CCHS revenues were \$2,543,429 down \$101,819 or 3.8% over FY18 due to a decline in grant reimbursements, Medicaid, and insurance reimbursements. The division spent \$5,616,980 or \$35,698 more than FY18 mainly due to the cost of a payout on accrued benefits for an employee that retired.

EHS revenues were \$3,392,134 up \$305,278 or 9.9% over FY18 mainly in food service permits and the deposit of Hazardous Material funds due to closing a bank account from a 1995 settlement agreement for a Tank Farm Litigation. EHS spent \$4,811,432 a decline of \$402,439 over last year due to an inventory of chemical supplies in the Vector program allowing for a chemical supply expenditure reduction compared to FY18. With excluding Vector costs from FY18 and FY19 the total expenditures are up \$229,720 or 6% over FY18 mainly due to the annual licensing payment for the Regional Permitting System and the purchase of computer equipment needed for field inspections.

EPHP revenues were \$1,243,999 down \$31,518 over last year due to increased grant funding and spent \$1,966,026 up \$106,643 over FY18 due to temporary help to assist during the recruitment of a vacant position and additional operating expenditures from the increased grant funding.

Staff Report
Board Meeting Date: April 25, 2019

TO: District Board of Health
FROM: Christina Conti, Preparedness & EMS Oversight Program Manager
775-326-6042, cconti@washoecounty.us
SUBJECT: Update Regarding Reno Fire Department EMS Response Data Submission – (For possible action)

SUMMARY

During the February 28, 2019 District Board of Health meeting, an agenda item regarding the quarterly EMS Advisory Board meeting was heard. During the discussion, Chairman Novak asked for a monthly agenda item regarding the status of Reno Fire Departments (RFD) submittal of EMS response data to the Regional EMS Oversight Program as required by the Interlocal agreement for Regional EMS Oversight.

The initial data submission of February 2018-December 2018 was received by the EMS Oversight Program on April 3, 2019. Feedback was provided, to include the need for all apparatus assigned to call to be submitted. With the assistance of the contractor, updated data was received on April 5, 2019. RFD requested an extension for the 2019 data so the automated report could be updated to include the information the EMS Oversight Program requested.

The EMS Oversight Program has begun the processes of matching and analyzing the data for purposes of the regional reports, regional heat maps and data requests. Unfortunately, the annual report will not be completed before the EMS Advisory Board meeting, scheduled for May 2, 2019. However, it is not anticipated that there will be any future delays on project outputs and reports once the 13 months of data are fully processed and in the statistical program SAS for analysis.

District Health Strategic Priorities supported by this item:

- 1. Impactful Partnerships:** Extend our impact by leveraging partnerships to make meaningful progress on health issues.

PREVIOUS ACTION

An update on the Reno Fire Department EMS response data submission was accepted on March 28, 2019.

BACKGROUND

The Interlocal Agreement (ILA) for EMS Oversight outlines the duties of the program, as well as the signatories. The signatories of the ILA are the City of Reno, City of Sparks, Washoe County, District Board of Health, and Truckee Meadows Fire Protection District. The first listed duty of the signatories is “providing information, records, and data on Emergency Medical Services dispatch and response from their respective Public Safety Answering Points (PSAPs) and Fire Services for review, study and evaluation by DISTRICT.”

The last data submitted by Reno Fire Department was January 2018, received on February 9, 2018. During the April 4, 2018 EMS Advisory Board (EMSAB) meeting, EMSAB member Manager Driscoll implored Reno to submit their data, as it was already impacting the data reports being provided to the EMSAB. City of Reno Division Chief Nolan explained to the EMSAB that the employee who submits the data reports to the EMS Oversight Program was on leave unexpectedly.

The RFD employee had returned to the office by the beginning of May and replied to an email from the EMS Oversight Program Statistician on May 9, 2018 on when to expect data. The employee stated the City of Reno lost the program utilized to compile the data. However, a new contractor was working on it and the data report was one of the listed needs.

The EMS Oversight Program followed up again on June 27, 2018 and it was stated that the contractor should begin mid-July and the EMS Oversight Program should have the data by mid-August. An email exchange with City of Reno Fire Chief Cochran occurred at the beginning of July. The purpose was to restate the understanding of the EMS Oversight Program that we would have 6 months worth of data on August 15, 2018 (the agreed upon regional data submission date). The EMS Oversight Program suggested that as the report was developed, rather than send all six months of data at once, perhaps the City of Reno could send it as soon as possible in increments as the amount of data to process would be overwhelming. The Fire Chief reiterated the contractor was hired and as soon as they were able they would begin sending data. On August 21, 2018 the EMS Oversight Program initiated communication again but did not receive any date on when to expect the data.

During the October EMSAB, it was brought to the attention of the Board that the EMS Oversight Program missed the deadline for the annual data report (a requirement of the ILA) and had also not been able to update the regional GIS heat map due to the failure of the Reno Fire Department to provide their EMS response data. Prior to the meeting, City of Reno Fire Department provided a memorandum that EMSAB member Manager Newby entered into the record. The memorandum, dated September 26, 2018 outlined the issues with the data management system and stated that “as of this date, we are within 60 days of having our reports finalized for distribution.”

On January 8, 2019 the EMS Program initiated communication regarding the anticipated submittal of data. The EMS Oversight Program received a draft set of data on January 11, 2019. Feedback was provided to the City of Reno for the viability of the data and asked some clarifying information. At the February 2019 EMSAB meeting, the issue of data was discussed because in addition to the required annual report, the region is currently unable to utilize data for the regional strategic plan objectives, as the City of Reno accounts for over 50% of the calls for Fire partners. As such, the lack

Subject: Reno Fire Department EMS Response Data Submission

Date: April 25, 2019

Page 3 of 3

of data provided from the City of Reno is impacting the region, regional projects, requests for information from partners, and the ILA intent that regional decisions are driven by data.

During the EMSAB, it was directed that the District Board of Health (DBOH) be informed of the issue and impacts of the City of Reno failure to provide their EMS response data in the form of a memorandum from the District Health Officer. It was also requested that the City of Reno provide a memorandum to the EMSAB Chairman on the status on the suggested idea of possibly submitting CAD data in the interim as well as the issues with the system that should be providing the data, the identified solutions and the timeframes associated. The memorandum was received on February 28, 2019 and provided at the DBOH meeting.

An agenda item for the DBOH on the EMSAB February meeting was heard and the issue of the City of Reno data was discussed. Chairman Novak requested that this be a monthly agenda item so that it can continue to be tracked. During the March 28, 2019 District Board of Health agenda item, Chief Cochran provided an update to the Board on the status of the RFD data submission.

Chief Cochran shared that RFD has had challenges over the years with how and what data is reported and they have made changes to their system over the last year with help from a consultant. The consultant had been with RFD throughout the week and the recommendations are being reviewed by the Chief. Specifically what is being measured and why; RFD has a long term goal of accreditation and the data needs to reconcile between RFD and the EMS Oversight Program to ensure contradictory data is not being published.

FISCAL IMPACT

There is no fiscal impact should the District Board of Health approve the presentation.

RECOMMENDATION

Staff recommends the Board approve this report. The Board may wish to provide direction to remove this as a standing item for the District Board of Health meeting agenda.

POSSIBLE MOTION

Should the Board agree with staff's recommendation, a possible motion would be: "Approve the update regarding Reno Fire Department EMS response data submission [and possible direction regarding this being placed as a standing item on the DBOH agenda]."

Executive Summary

This report contains data from **150 REMSA** patients who returned a questionnaire between **03/01/2019** and **03/31/2019**.

The overall mean score for the standard questions was **95.41**; this is a difference of **2.33** points from the overall EMS database score of **93.08**.

The current score of **95.41** is a change of **-0.18** points from last period's score of **95.59**. This was the **19th** highest overall score for all companies in the database.

You are ranked **4th** for comparably sized companies in the system.

85.67% of responses to standard questions had a rating of Very Good, the highest rating. **99.79%** of all responses were positive.

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
1	01/28/2019	"I don't know."	"The same."			
2	01/28/2019	"The care."	"Nothing."			
3	01/29/2019	"There wasn't much they were doing because he was just being transported. But the medics were very kind and professional."	"No I think we need to start getting in at the 1st of the year instead of waiting- but besides that it was a fine transportation."	"They really did a fantastic job."		
4	01/29/2019	"The overall care was very professional. They made me feel safe and listened to me."				
5	01/29/2019	"One of the medics was very professional, the other one shouldn't have been in the car - She made me feel very uncomfortable."	"Like I've been saying the 1st time when I called, one of the medics was being a smart ass and the other one was very nice and professional. But the other one was making rude comments. Because I was standing in the door way when the medics got here. And she kept saying she didn't think that I was sick."	"I have to give them all 3's because one of my medics was really nice and the other woman was younger and being a smart ass. I was waiting outside leaning on the door when they got here."	Assigned jones 4.1.19 ticket # 6808	See follow up below
6	01/29/2019	"I was pretty ill so I don't remember everything that well, but I do know they made sure I was comfortable and I'm very pleased with that."	"I don't know- I'm not a professional, but I couldn't see anything that could be done better."	"A big thank you - That saved our lives."		

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
7	01/29/2019	"I don't know, Skip."	"Nothing, you guys where good."	"They got me there real fast."		
8	01/30/2019	"I really think that it was a smooth trip. The people that came out were very helpful and thoughtful. A+."	"Like I said you guys were great. I wouldn't have changed anything."	"The medics were awesome, they did a real good job. They got here pretty quick."		
9	01/30/2019	"Well they came in and she was unresponsive which was what was freaking me out. But they just scooped her up and took her straight to the hospital. I wanted to go too, but they said I needed to stay home and calm down."	"Oh honey, they did perfect."	"I was freaking out, but everything they did was fine. And they tried to calm me down as well."		
10	01/30/2019	"Just their attention all the way around and helping me with my stress issues this time. The last time they didn't do too well with me."	"Just keep up what you were doing this last time- Listening to me and my family - They noticed me and really took care of me. Really looked after me and made sure I was comfortable."	"I just want to give my driver a really good rating. They treated me so well this time."		
11	01/30/2019	"As far as I'm aware they did everything they could possibly do to help my wife. And that she's very thankful for the care."	"Nothing! She's still in recovery, but is doing a lot better! She's learning how to walk again."	"She was very pleased with the service of the medics- she was in a good amount of pain, because she had broken her hip. But overall they did what they could."		
12	01/30/2019	"The overall care they gave me was really good. They were very professional, kind and listened to me."		"Haha it was a rough ride, but nothing they could have done about it."		

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
13	01/30/2019	"They were very nice and kind to me."	"Nothing- They were very good to my family and I."	"I'd rate them very high."		
14	01/30/2019	"Like I said, they were fine. They gave me the care I needed and got me to the hospital."	"Nothing I can think of."	"Everything was really fine- I honestly have no complaints, Hun."		
15	01/31/2019	"Everything, it was all good."	"Nothing. They were fine, thank you"	"The guys were good."		
16	01/31/2019	"They got my oxygen and took care of those things that I needed right then."	"I think the stuff on the bigger ambulance wasn't there or they didn't use it, but ya know it was fine. I didn't have a problem."			
17	01/31/2019	"They got me to the hospital safe. They are great. I've had them before. They always ask me if I'm alright when riding with them."	"Nothing. They're always awesome."	"5 for listening to my family. I was kind of out of it for some of the ride, but I've had them before and they are always good to me."		
18	01/31/2019	"Well in this case, it was a matter of getting me to the hospital because I was having very bad bms for 3 days straight. And it started to frighten me, so I called the hospital and a nurse told me I should call for an ambulance. Just getting me to the hospital was the big goal."	"Oh! Nothing you guys are excellent. For the amount of times I have been taken care of by you guys, it's always professional."	"They made sure my cat didn't run out. They were very kind, aware people. So thank you. It would have just been terrible if my animals had got out."		
19	01/31/2019	"I really don't care to say."	"Nothing. Everything was fine, thank you."			

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
20	01/31/2019	"I have never not been satisfied with you guys! The care you give is excellent Thank you so much."	"Nothing! I would give them 10+ if I could haha."	"They've always treated me very well."		
21	01/31/2019	"They just seemed to be very experienced with whatever they did. They took charge and everything was right."	"I honesty can't think of anything."			
22	01/31/2019	"Um, like I said that as far as I could tell they got here fast. They were here in like 7 minutes. I was in shock, so I'm not exactly sure how long it actually took, but overall, it was very nice. I just want to thank them for doing me a solid!"	"If there was a next time, your guy's training was very high. The care and concern were there too. I think overall, there's nothing else you could do. The only thing was my vain being blown out, but I totally understand why that happened."	"They did everything they could and what I asked for. They truly held by my wishes. The driver was a 5, but the medic in the back was a 3 because my vein was blown out. But I also do understand that we were in heavy traffic and I don't hold it against the guy."		
23	02/01/2019	"They put my wife on a backboard, checked her vitals and took her to the hospital."	"Everything was fine. I can't see anything to do better."	"My wife is the one who went, so I'm not sure about the pain"		
24	02/01/2019	"They put a splint on my brother's leg, tried to put and IV in and gave him meds."	"Honestly, I don't think there is anything you could do better."			
25	02/01/2019	"Made it to the hospital."	"I can't tell you that."	"The girl was excellent, but the guy wasn't... I didn't really care for him. The girl was awesome, but he really sucked."	Assigned jones 4.1.19 ticket # 6809	See follow up below
26	02/01/2019	"Everything, Honey. They are number one in my book. They are very good. I have	"I hope that there isn't a next time and that I don't need them!"			

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
		never had any problems."				
27	02/01/2019	"They got me out of the car and got me in the ambulance."	"Probably be the same I guess."			
28	02/01/2019	"They came to my house, and got me to the hospital. They were very kind and professional people."	"I don't think there is anything you could do. Maybe make it less bumpy haha."	"Oh, they were real good to me, Honey."		
29	02/02/2019	"They were pretty nice. They made sure that everything was okay and seemed to be pretty professional."	"I don't know. I think they were a little late, but there's traffic and stuff, so I'm not going to really knock them down for that. Maybe give the time a four rating instead."			
30	02/02/2019	"Medics were very professional!"	"If I could rate them higher, I would!"			
31	02/03/2019	"The medics were fantastic!"				
32	02/03/2019	"I was very pleased with the whole service."				
33	02/03/2019	"All I can really say is that they were excellent with him."		"They really treated my husband well."		
34	02/04/2019	"Overall everything. They took really good care of me."	"They pretty much did everything on time."			
35	02/04/2019	"I think overall they did pretty well. They are prompt on getting to you like the fire department is."	"Just get here faster."			
36	02/04/2019	"They did a very good job."	"Nothing, because you did everything good!"			
37	02/04/2019	"The overall treatment."	"I have no complaints."			

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
38	02/05/2019	"You guys work very hard and in bad weather. They were very good to me. They deserve a raise. I mean they came out in ice and took me in...They work very hard. I don't think they get paid enough for coming out."	"No, I don't think so. I think they do better jobs than anyone. I've had to use them a lot. They are always the most kind, caring people that I've had."	"The one thing that I have to say is that I was staying at my sisters. There is a no parking zone- They still came and parked in front of her house. They made sure I had good service. I think that everyone should vote for them! They treated me so kind and I think they are under-paid for the job that they do as they are a life line. God bless you - I want that on there because if it wasn't for you guys and the dispatchers, who would we have?"		
39	02/05/2019	"They actually cared about my health."	"Some of your medics can be more respectful."			
40	02/05/2019	"They arrived fast and got me to the hospital in a timely manner."	"I have no idea."			
41	02/06/2019	"Medics made me feel very comfortable and did better than the hospital staff. Thank you REMSA!"				
42	02/06/2019	"Medics are always very professional!"				
43	02/06/2019	"The whole experience was excellent."				

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
44	02/06/2019	"I had a heart attack and medics were on it! I am so grateful! Very educated staff! Medics treated me with gentleness and kindness. Thank you!"				
45	02/06/2019	"Medics were wonderful!"				
46	02/06/2019	"It was all very good!"				
47	02/05/2019	"All around good."				
48	02/07/2019	"The medics were extremely friendly."				
49	02/07/2019	"Medics kept my daughter alive."	"The way the medics held my daughter when she was unconscious was inappropriate. My daughters head was flopping around. My husband had to ask if he could carry her to the ambulance. I think the medics could and should be more respectful of patients, especially my four year old."		Assigned Jones 4.1.19 Ticket # 6810	See follow up below
50	02/09/2019	"Medics arrived fast and did an excellent job! Medics were professional and very kind!"				
51	02/08/2019		"I don't need the fire department to show up!"			
52	02/08/2019	"The overall care was good. They treated me well."	"Nothing I can think of."	"They were awesome."		

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
53	02/08/2019	"The people that were in the ambulance with me were good. I felt very safe as well. Everything with you guys was wonderful."	"Oh! I don't think there is anything you could have done better. Everything was spot on!"			
54	02/09/2019	"Just everything you know...How fast they were, how well everyone spoke and worked with my family and myself."	"Nothing I can think of."			
55	02/08/2019	"They were great. I truly have had no problem with the REMSA people. They are very kind and professional. Tell them thank you!"	"I don't know, they were awesome."	"I've never heard anything negative about them. I think they do a great job. Every time I have taken the ambulance, they have been good to me."		
56	02/08/2019	"Them talking me through whatever was going on because I wasn't fully aware. They let me know that I should go to the hospital because my blood pressure had gone through the roof. Then they got me there quickly."	"I have no idea. They were really good."			
57	02/10/2019	"I just thought they did a wonderful job. The snow was crazy. We had about 10 inches and I live up a hill. I was more than impressed, I just thought they were amazing! I was impressed they even made it up the hill if I'm going to be	"We were just very pleased. We couldn't have drove there, so we are very very thankful for the wonderful service."

			just a transfer, they were amazing. I knew I would be okay."			
72	02/14/2019	"They showed up to take me to the hospital and they did not make me walk."				
73	02/15/2019	"They took away my pain as fast as they possibly could and got me to the hospital quickly. They were very nice."		"It took a while because we were in the middle of nowhere."		
74	02/15/2019	"Everything! They took care of me."				
75	02/15/2019	"Everything across the board was 5 stars!"				
76	02/15/2019	"Did an EKG in the ambulance."		"They were very good. I wasn't driven anywhere."		
77	02/16/2019	"They gave me oxygen and I think they stuck an IV in me."				
78	02/16/2019	"They did it all well."				
79	02/16/2019	"Medics were kind and friendly to my son."				
80	02/17/2019		"They kept me waiting on the phone for a half hour."	"They repeated the same questions over and over. When you're not feeling well, it's annoying. I was on the phone a half hour with them."	Assigned Barton 4.1.19 Ticket #6813	See follow up below
81	02/17/2019	"We were stuck in a blizzard!"				
82	02/17/2019	"Medics always do a great job. Elite!"

		was fine and gave me suggestions of what to do next time."				
91	02/19/2019		"Medics can be more respectful to patient. They mentioned that I had called for help too much and threatened to not come and pick him up. It's the law to respond and thier job!"		Assigned Jones 4.1.19 Ticket #6814	See follow up below
92	02/20/2019		"Reduce costs."			
93	02/20/2019	"Medics did a wonderful job. They have every time! Very kind and respectful!"				
94	02/22/2019	"Promptness."				
95	02/22/2019	"Patient stated the medics immediately started a breathing treatment and got her situated for a timely arrival to the hospital."				
96	02/22/2019	"The medics got the IV started right away and explained everything as they went along."				
97	02/22/2019	"I have no complaints, medic did very good."				
98	02/22/2019	"Medics did good for what they could do."				
99	02/22/2019	"My father passed away, but overall the care was amazing."				
100	02/23/2019	"The medics made conversation with me and took good care of me."				

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
101	02/23/2019	"They all did very well."				
102	02/23/2019	"The care and made me feel comfortable."	"Everything was really good. I'm not really sure what they could do better."			
103	02/23/2019	"Everything!"	"Well hopefully there is no next time hahah. No, I don't know what they could do better. They come here fast and take very good care of me."			
104	02/23/2019	"I had fallen and hit the back of my head pretty hard. I don't remember everything, but my wife told me that they handled everything very well and got here in a timely manner."	"I have nothing to add. From what I was told, the whole situation well, so I'm not really in the place to say."	"Doesn't remember, but wife told him they got here very fast."		
105	02/23/2019	"Well, everything was fast and everything was explained to me."	"Well this is the first time and I thought it was professionally done, so I don't see anything."	"I really don't remember if they gave me a choice on treatment. They did tell me what they were doing and why, but I don't remember if they gave me a choice. I don't think they did, we didn't have accident, but I mean I didn't know."		
106	02/23/2019	"Well, I mean they did everything I could have asked for."	"Nothing that I am aware of."			
107	02/23/2019	"They were very gentle with her and made sure she was comfortable and not scared."	"Everything was good."	"They went over and above to make sure her and myself were okay and kept me calm."		

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
108	02/23/2019	"Well they just came right away and got me in the unit and to the hospital."	"Well hopefully never, but I don't think anything. I have no complaints."	"Well it was almost impossible to relieve my pain but I believe they did the best they could have" "I was in quite a bit of pain"		
109	02/23/2019	"Very nice people, very nice ride. They watch over you well. Keep up the good work and if I need to go again, I'll be calling."	"I don't have to go haha because of my problem, I had to go, but I didn't want to. When you start to get old, you start using that ambulance more."			
110	02/27/2019	"They got me there quickly and took care of me."				
111	02/27/2019	"Their entire service was done well."		"Your staff is fantastic!"		
112	02/27/2019	"They immediately noticed that I was dehydrated and put me on an IV right away. I asked the lady not to leave me alone and for her to speak to me and she did. They were genuine."	"I would appreciate it if the emts had more say-so. I felt like I was going to have a seizure and needed something to calm me down, but they said they couldn't do anything until the doctor saw me. It was over an hour."	"I wish that they had more say-so in what's going on with you. They can only give you so much before you see a doctor. I was astonished at the lady that did the IV on me because I have tiny veins and she got the IV in right away! The REMSA people were fantastic."		
113	02/28/2019	"They gave me two breathing treatments and helped me get into the ambulance and on the gurney."		"I'm only 2 blocks away from the hospital."		
114	02/28/2019	"Both times were great. On time and they were really good."		"They were all super!"		

	Date of Service	What Did We Do Well?	What Can We Do to Serve You Better	Description / Comments	Assigned	Results After Follow Up
115	02/28/2019	"Everything. They always have."				
116	02/28/2019	"They took my blood pressure and were talking to me. They were very accommodating!"				
117	02/28/2019	"They put her shoulder back in place by wrapping her by the time she got to the hospital."				
118	02/28/2019	"Arrived on a timely basis and were very caring and concerned for my well being and if I was in any pain. They explained what they were doing and why they were doing it. They gave me a choice on whether or not I wanted to go to the hospital and which hospital I wanted to go to."				
Follow Up						
5	4/4/19 1121, left a message for the pt.					
25	I spoke with PT who told me the male Paramedic asked him, upon initial contact, "when did you last use heroin or meth?" The patient was offended by that question since he states he is not a drug user. Pt. states after further non-offensive questions by the medic, he was left in the back of the ambulance with the female crew member, who he said was "very nice".					

49	4/4/19 1129, I spoke to the pts mother, I was not able to get her name as we were talking about her daughter having seizures and she was very grateful of the paramedic's. Daughter has had seizures since birth and they are becoming more frequent, mother became very emotional talking about her daughter, she was more upset when the female crew member did not want her to ride in the back with her daughter. I told her I was sorry I called and did not mean to upset her, she thanked me for calling her. I talked to the crew and medic said once the mother told her she has been in the back of the ambulance several times medic was OK with that and let her in the back
69	4/4/19 1115, I spoke to the pt, she was very unhappy with everything. PT felt the crew was not in a rush at all even though she was very dizzy. Once they got her in the back of the ambulance they turned up the music and the crew just sang to the music. Someone was in the back with her in the beginning then they moved up front and no one was in the back with her during the ride. I asked PT if she remembers the cardiac monitor being on her and the crew doing a 12 lead, she told me they did nothing at all. I thanked PT for her time. Per the chart IV, monitor, 12 lead performed. I will have the crew complete occurrence reports ASAP
70	I had Data Analyst run the phone report for this call. The data shows that it took the dispatcher 4 seconds from the time the phone began to ring to answer the call. Could it be possible that the caller experienced delay in the initial call to the primary PSAP?
80	I have reviewed the recordings for this call. 1st party caller at 08:30:59 and states she had injured her arm yesterday and the pain is unbearable. States that "arm is swollen and hard". The call coded as an Omega and sent to Nurse Health Line in less than 3 minutes from answering the phone. The dispatcher explained to the caller that she would be transferring her to the nurse for further evaluation. It shows that the caller was on the phone with the nurse for 10 minutes prior to being sent back to the 911 side. The call came back to 911 at 08:46:53 due to RN changed complaint to chest pain. Due to change in complaint, a new protocol needed to be gone through. Total amount of time on the phone was 19 minutes.
91	I called and spoke with PT and he was appreciative of the call. He does not recall which one of the many crews that have picked him up this year was the crew who had told him to stop calling 911, but it was clear upon review of his charts that there were no same crew that went on him more than once. PT did not feel that any further assistance was needed at this time and thanked me for the call.

REMSA AND CARE FLIGHT PUBLIC RELATIONS REPORT

Since 1986, REMSA has provided nationally recognized ground ambulance service within Washoe County, Nevada. As the largest employer of EMS personnel in Northern Nevada,

REMSA provides residents and visitors with 9-1-1 response and transport, interfacility transport, disaster preparedness, special events coverage, search and rescue, tactical medical support, and public education. REMSA provides ground ambulance services under a performance-based franchise agreement with the Washoe County Health District and is the sole provider of emergency and inter-facility ground ambulance transport services within Washoe County (excluding Incline Village and Gerlach). REMSA is a private nonprofit community-based service which is solely funded by user fees with no local community tax subsidy.

REMSA maintains its operational and clinical standards as one of the most recognized high-performance EMS systems in the country. REMSA responds to approximately 70,000 requests for service per year.

Nev. city to begin AED drone delivery service

Beginning in 2020, Flirtey, a drone delivery service, will begin sending AEDs to cardiac arrest victims identified by 911 dispatchers

Mar 13, 2019

By News Staff

RENO, Nev. — A local drone company has received approval to begin delivery of AEDs.

ABC 8 reported that Flirtey, a drone delivery service, was authorized by the Federal Aviation Administration to conduct delivery flights beyond visual line of sight (BVLOS), paving the way for the company to deliver AEDs to individuals suffering from cardiac arrest.

When a 911 dispatcher is alerted to a cardiac arrest victim, in addition to sending an ambulance, they will also provide instructions for using a defibrillator delivered by a drone to allow emergency action to be taken faster than paramedics can arrive.

When a 911 dispatcher is alerted to a cardiac arrest victim, in addition to sending an ambulance, they will also provide instructions for using a defibrillator delivered by a drone to allow emergency action to be taken faster than paramedics can arrive.

"Flirtey's industry-leading technology is now approved for drone delivery beyond visual line of sight, a major milestone that brings life-saving and commercial drone delivery another step closer to your doorstep," Flirtey Founder and CEO Matthew Sweeney said.

The service goes live in 2020 and will serve the Reno-Sparks-Carson City area. The City of Reno is part of the FAA's Unmanned Aircraft Systems Integration Pilot Program (IPF), one of only 10 selected governments nationwide.

"The city of Reno is proud to partner with Flirtey, the FAA and our

Drone AED Delivery

REMSA hosted a press conference on behalf of Flirtey and the City of Reno to announce that the partnership program has been approved by the FAA to fly past line of sight as the next step toward AED delivery by drone. The event received extensive coverage locally, and on news outlets across the country. Coverage value was \$48,000.

Breaking News: Beginning in 2020, drones will deliver defibrillators for heart attack victims in the Reno-Sparks-Carson City areas.

"REMSA is committed to improving the health of the communities we serve through innovative, pre-hospital care and we're excited to incorporate Flirtey's drone delivery technology as part of our system. Drone delivery – made possible through advancements like today's waiver – will complement our existing ambulance and [Care Flight](#) services and help save lives," said JW Hodge, chief operating officer at REMSA.

We'd like to congratulate our very own 911 Medical Dispatch Supervisor, Gabrielle Rampazi. She works full time at REMSA and is a full-time nursing student, all the while, raising a beautiful family. She was recently awarded the Carrington's Northern Nevada Nurses of Achievement Scholarship. To obtain this scholarship, students must have a greater than 3.0 GPA (she has a 3.6) and stellar attendance. She has worked incredibly hard to advance her education and we could not be more proud of her. Keep up the hard work and never quit reaching for your goals.

REMSA Website Google Analytics

We strategically make changes to the website to optimize our audiences' ability to find content. At the end of March, we saw an increase in sessions and users due to a Facebook recruitment campaign for the Care Flight Nurse position. Overall, year-over-year data is down. Two of the contributing factors were that there was no new content posted in the News and Updates section and though we promoted the Care Flight Nurse position on Facebook and Care Flight, we are no longer actively pushing out recruitment announcements weekly on social media. Career pageviews decreased by 15% and news pageviews decreased by 2%.

Overview of Site Data in March (Year-Over-Year Comparison)

- Sessions: 27% decrease year-over-year
- Users: 1% decrease year-over-year
- Pageviews: 32% decrease year-over-year
- Pages / Session: 6% decrease year-over-year
- Avg. Session Duration: 20% decrease year-over-year
- Bounce Rate: 21% decrease year-over-year (a good thing!)

There are various ways people come to the REMSA website. We pay close attention to the following channels:

- Referral traffic is Google's method of reporting visits that came to your site from sources outside of its search engine, i.e. a partner website, news website, etc.
- Direct traffic is users who directly type your URL or visit through a bookmarked mechanism. Direct traffic can be related to strong brand awareness, as well.
- Organic search is natural ranking determined by search engine algorithms that can be optimized throughout the year.

Sessions coming from direct traffic year-over-year in the month of March decreased by 25% and referral sessions decreased by 68%. In March 2018, we removed internal IP traffic (visits from within your network) from analytics. This results in a more accurate understanding of how the community is using remsahealth.com. The decrease in referral sessions can be attributed to removing internal IP traffic from analytics but we will continue to monitor this closely and will be able to compare apples-to-apples next month. The bounce rate, which determines how many people visited the website without any interactions, decreased by 21% (a good thing!). Organic search sessions increased by 9%.

Staff Report
Board Meeting Date: April 25, 2019

TO: District Board of Health

FROM: Joelle Gutman, Government Affairs Liaison
775-326-6044, jgutman@washoecounty.us

THROUGH: Kevin Dick, District Health Officer
775-328-2416, kdick@washoecounty.us

SUBJECT: Update regarding Bill Draft Requests and Bill Drafts for the 2019 Legislative session.

SUMMARY

This is an update regarding bill draft requests (BDRs) or bill drafts which may be of interest to or impact the District Board of Health.

PREVIOUS ACTION

Each biennium, WCHD has monitored Legislative activities and acted on them as directed by the District Board of Health.

BACKGROUND

Staff will monitor and provide comment on bill drafts, bills, and/or legislative action during the 2019 legislative session. DBOH will be briefed on these comments and activities during monthly 2019 meetings. These monthly briefings can be used for discussion and for any specific direction the DBOH would like to provide for the Health District's legislative actions.

FISCAL IMPACT

Should the Board approve staff's recommendation, there will be no fiscal impact to the adopted (FY19) budget.

RECOMMENDATION

Staff recommends the Board accept the April 2019 legislative session update, provide their input on legislative priorities or concerns, and direct staff to monitor and act upon 2019 Legislative Session bill drafts affecting the Health District and/or public health.

POSSIBLE MOTION

A possible motion would be: Accept the April 2019 Nevada legislative session update, and *[provide input and/or direction as DBOH may feel is appropriate]*.

**Air Quality Management
Division Director Staff Report
Board Meeting Date: April 25, 2019**

DATE: April 12, 2019
TO: District Board of Health
FROM: Charlene Albee, Director
 775-784-7211, calbee@washoecounty.us
SUBJECT: Program Update – 2019 Legislative Session, Divisional Update, Monitoring and Planning and Permitting and Enforcement

1. Program Update

a. 2019 Legislative Session provides Ozone Advance Program Opportunities

The 2019 Legislative Session passed the half-way point with the April 12th deadline for bills to pass through the first house committees. The number of bills with air quality impacts, both direct and indirect, has been exceptional. The most significant being climate and energy related bills which directly support our Ozone Advance Program. Testimony has been provided at every opportunity to highlight the potential benefits from proposed legislation. On a number of occasions, bill sponsors have expressed their appreciation for AQM support and were excited about potential public health benefits that had not been previously recognized.

The direct air quality benefits from carbon reduction (SB254), energy efficiency (AB54 & SB168) and electric vehicle infrastructure/usage (SB299) are specifically identified as measures in the Ozone Advance Path Forward. Testimony provided on transportation and highway funding bills (AB401 & AB483) resulted in the most surprised reactions from committee members. Although testimony was provided as neutral, the opportunity to explain air quality planning activities and the value of actual vehicle miles traveled successfully enlightened and engaged committee members. The number of requests from committee members for additional conversations seems to indicate a new interest in and appreciation for the benefits of attaining the National Ambient Air Quality Standards.

As we enter the second half of the session, efforts will continue to focus on educating and empowering the legislators to make decisions that support a healthy community.

Charlene Albee, Director
 Air Quality Management Division

2. Divisional Update

- a. Below are two charts detailing the most recent ambient air monitoring data. The first chart indicates the highest AQI by pollutant and includes the highest AQI from the previous three years in the data table for comparison. The second chart indicates the number of days by AQI category and includes the previous year to date for comparison.

Please note the ambient air monitoring data are neither fully verified nor validated and should be considered PRELIMINARY. As such, the data should not be used to formulate or support regulation, guidance, or any other governmental or public decision. For a daily depiction of the most recent ambient air monitoring data, visit OurCleanAir.com.

3. Program Reports

a. Monitoring and Planning

March Air Quality: There were no exceedances of any National Ambient Air Quality Standard (NAAQS) during the month of March.

Data Certification: Air monitoring data for calendar year 2018 was certified on April 11, 2019. Certification means that the Environmental Protection Agency can make regulatory decisions based on the data such as NAAQS "attainment" and "non-attainment" designations.

Donation of Surplus Equipment Update (Do you know about the Coyote Fire?): At the July 26, 2018 meeting, the Board approved donation of obsolete equipment and supplies from the AQMD monitoring program. The obsolete equipment included ten - 10 foot tower sections which were used for meteorological sensors maintained by AQMD at several locations in the Truckee Meadows. AQMD weather stations became obsolete beginning in the 1990's as other agencies (i.e., Nevada Department of Transportation, National Weather Service, and Desert Research Institute) established and expanded their weather station networks. The ten tower sections were donated to the University of Nevada's Seismology program.

UNR Seismology is the backbone for hundreds of fire cameras in the western United States. The fire cameras are used to detect fires while they're small and manageable. Every fire has the potential to become a megafire. A great example of how they're used is described in this story about the 2018 Coyote Fire in Sonoma County, California (<https://www.kqed.org/news/11699935/video-fire-camera-detects-wildland-blaze-east-of-geyserville>). Most people don't know about this fire because it was contained to 1 acre. The fire cameras allowed CalFire to quickly assess the situation and deploy aerial resources which can be seen in the time lapse video. Fire cameras are also used during prescribed fires to ensure proper smoke dispersion. The Air Quality Management Division is proud to support UNR Seimology's fire camera network.

Daniel K. Inouye
Chief, Monitoring and Planning

a. Permitting and Enforcement

Staff reviewed fifty-one (51) sets of plans submitted to the Reno, Sparks or Washoe County Building Departments to assure the activities complied with Air Quality requirements.

- In February AQMD issued a Title V General Permit to the Truckee Meadows Fire Protection District (TMFPD) for an Air Curtain Incinerator (ACI). Permitting staff is now working with TMFPD to ensure that the use of the ACI is compliant with the requirements of the permit; and local and federal regulations.

Staff conducted fifty-five (55) stationary source inspections; four (4) initial compliance inspections; and seventeen (17) gasoline station inspections in March 2019. Staff was also assigned twenty-seven (27) new asbestos abatement projects, overseeing the removal of approximately 40,000 square feet of asbestos-containing materials. Staff received one (1) new building demolition project to monitor. Further, there were twenty-four (24) new construction/dust projects to monitor, totaling 243 new acres of land being worked for various projects. Staff performed thirty-nine (39) construction site inspections. Each asbestos, demolition and construction notification project is monitored regularly until each project is complete and the permit is closed. During the month enforcement staff also responded to fourteen (14) complaints.

Type of Permit	2019		2018	
	March	YTD	March	Annual Total
Renewal of Existing Air Permits	95	270	96	1064
New Authorities to Construct	3	15	7	50
Dust Control Permits	24 (243 acres)	44 (576 acres)	12 (220 acres)	279 (3129 acres)
Wood Stove (WS) Certificates	42	80	35	403
WS Dealers Affidavit of Sale	6 (6 replacements)	9 (8 replacements)	10 (3 replacements)	84 (55 replacements)

Director Staff Report
Board Meeting Date: April 25, 2019**

DATE: April 12, 2019
TO: District Board of Health
FROM: Steve Kutz, RN, MPH
775-328-6159; skutz@washoecounty.us
SUBJECT: Divisional Update – National STD Awareness Month; Data & Metrics; Sexual Health, Immunizations, Tuberculosis Prevention and Control Program, Family Planning/Teen Health Mall, Chronic Disease Prevention Program, Maternal Child and Adolescent Health, and Women Infants and Children

1. Divisional Update

a. National STD Awareness Month –

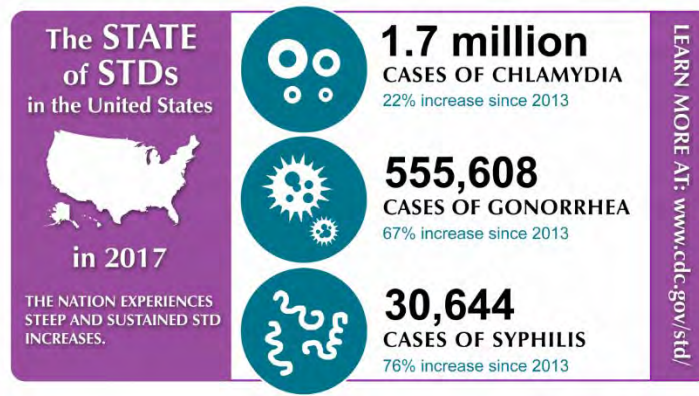

April marks Sexually Transmitted Disease (STD) Awareness Month across the US. This year’s STD Awareness Month brings with it increased urgency. STDs continue to surge– endangering the health of too many across the country. In 2017, more than 2 million cases of chlamydia, gonorrhea, and syphilis were diagnosed – and even newborn syphilis cases have more than doubled in recent years. Today, as these STDs continue to surge, we face a climbing number of babies born with syphilis, an increasing risk of infertility and getting or giving HIV, and the looming threat of untreatable gonorrhea. Fortunately, there are many ways to prevent STDs, and most infections are curable and all are treatable.

The Centers for Disease Control and Prevention (CDC) has asked local and state health jurisdictions, community leaders, healthcare providers, and individuals to take action in the areas of:

- Encouraging young people to get tested and treated for STDs and HIV
- Highlighting the resurgence of syphilis and the increased threat against men who have sex with men, pregnant women and newborn babies

- Healthcare providers taking action by talking with patients about their sexual risk history, then testing and treating STDs and HIV appropriately
- Addressing the stigma and rising STD burden through the development of strong relationships between providers and patients

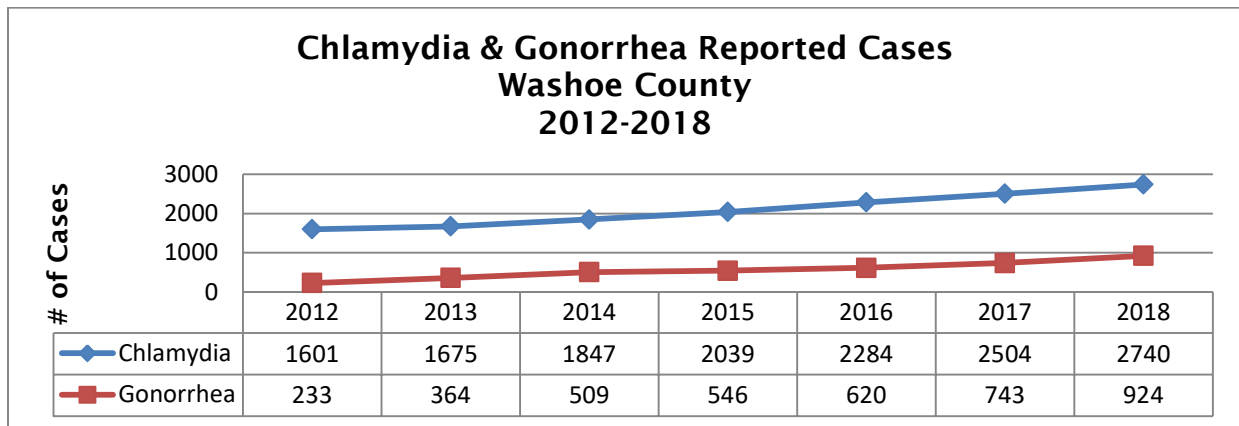

While those actions might differ from group-to-group, the CDC encourages everyone to stand up to STD-related stigma, fear, and discrimination. Dr. Gail Bolan, Director of the Division of STD Prevention at CDC shared in a *Dear Colleague* letter, “These barriers keep people from taking the steps needed to protect themselves, their loved ones, their patients, and their communities. They hold too much power over our health, but with our collective voices, we can raise awareness, normalize STD prevention – and begin to take that power back.”

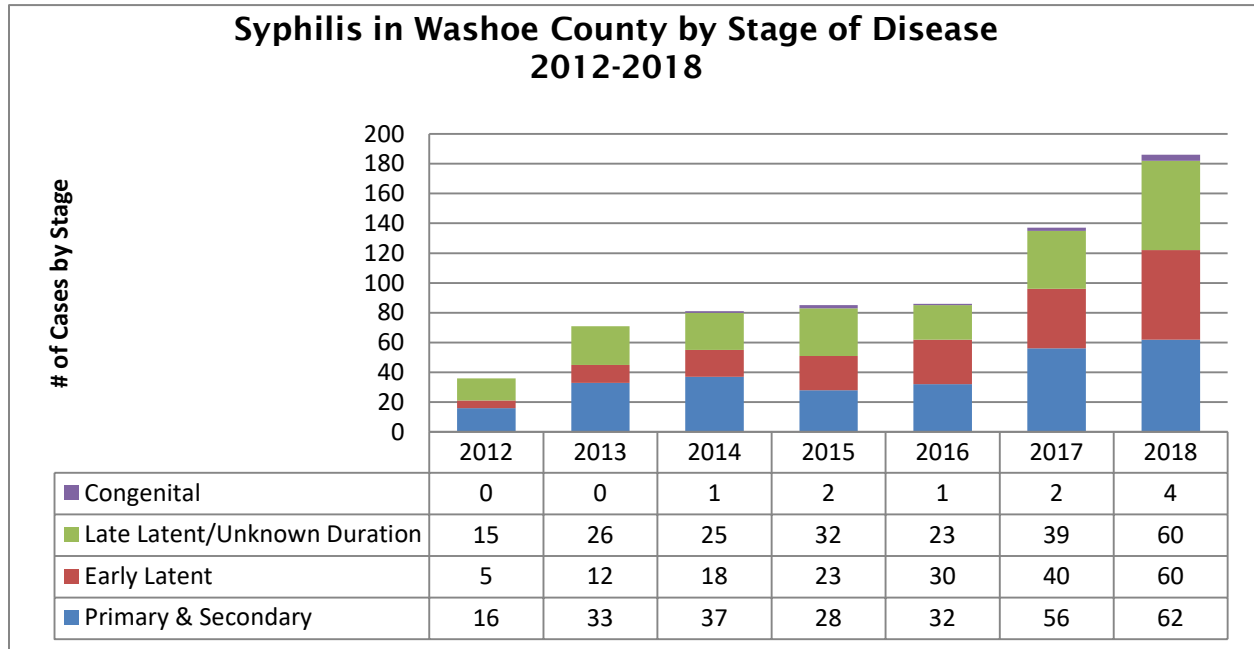

STD Burden in Washoe County

Washoe County has been experiencing remarkable increases in STD incidence since 2013 of the reportable STDs, chlamydia, gonorrhea, and syphilis. These increases have had a tremendous impact on the community and resources needed for disease prevention and health promotion.

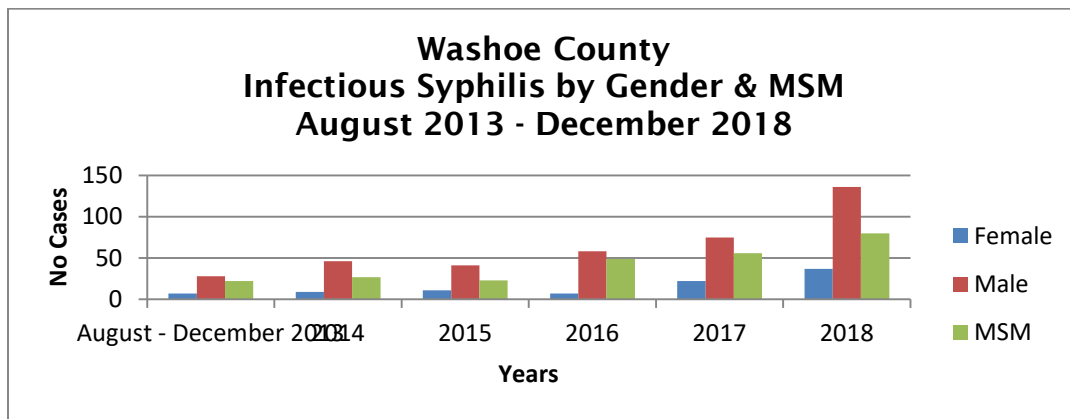

Chlamydia and gonorrhea cases have been increasing steadily. In response to the increase, a prioritization of reportable STDs was conducted to focus surveillance and investigations. In 2016, investigation of chlamydia and gonorrhea were narrowed to specific populations. The purpose of narrowing the focus was to address high-risk populations of youth, men who have sex with men, pregnant females, people living with HIV and specific communities of color while addressing the increase of infectious syphilis infections occurring. Starting in 2017, all gonorrhea cases were investigated due to the need of monitoring for drug-resistant gonorrhea. With syphilis investigations growing in number and complexity and the increases of chlamydia and gonorrhea infections, current resources could not continue to address surveillance and investigations of all three diseases. Therefore, as of April 1, 2019, chlamydia investigations ceased and surveillance will continue to include verifying appropriate treatment. Positive chlamydia cases are directed to inform their partners of the need for testing and treatment.

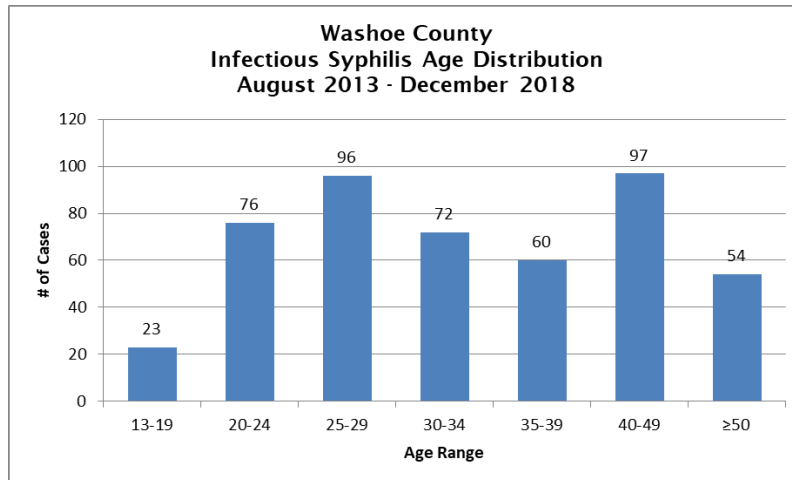

Syphilis, particularly infectious syphilis, has been on the rise since 2013 in Washoe County, following state and national trends. Nevada ranks #1 in primary and secondary syphilis and #2 with congenital syphilis in the nation. Infectious syphilis includes the primary, secondary, and early latent stages of disease that occur within the first year of infection. If the infection is over a year old (as determined by symptoms or testing history) or if the duration of infection is unknown, the case is categorized in the “late latent/unknown duration” stage. It is important to note, that the person may not be able to recall symptoms or they do not have a testing history to review, so an infectious case may be included in the late latent/unknown duration stage.

Males have comprised the majority (81%) of infectious cases from 2013-2018. However, from 2016 to 2018, infectious cases among females increased 429%, from 7 to 37 cases. Males who report risk of men who have sex with men (MSM) account for 54% of infectious cases. MSM may also have female partners. The number of MSM may be higher but the sexual behavior may not be reported due to stigma, privacy concerns, and other cultural or personal reasons.

Congenital cases, babies born with syphilis infection from infected mothers, have also increased annually from 2016-2018, with one (1) case in 2016, two (2) cases in 2017, and four (4) cases in 2018. By age, people aged 13-34 account for 56% of the cases, while ages 35 - 76 years comprise 44% of the total infectious cases during the time period.

People living with HIV (PLHIV) account for 29% of the infectious syphilis cases between August 2013 – December 2018. Of important note is that the rise of infectious syphilis cases has not corresponded with an increase in newly reported HIV infections.

It is likely that more PLHIV have an undetectable viral level due to strong adherence to HIV medications. With an undetectable viral load achieved and maintained for at least six months, a person will not transmit HIV sexually to an uninfected person. PLHIV being virally suppressed coupled with pre-exposure prophylaxis (PrEP) medication that prevents an HIV negative person from acquiring HIV, with an efficacy of 92%-99%, HIV infections appear to not be impacted by the rise of syphilis cases. However, if a person is unaware of their HIV status and/or are not adherent to their treatment regimen, they are three-to-five times more likely to become infected with syphilis or to pass HIV onto a partner infected with syphilis. The CDC estimated that approximately 80% of new HIV infections in the US in 2016 were from the nearly 40% of people with HIV who either did not know they had HIV or who received a diagnosis but were not receiving HIV care. In the federal initiative to “Ending the HIV Epidemic – A Plan for America”, increasing the number of people who are aware of their HIV status, linking and retaining PLHIV into HIV care, and offering the

powerful prevention tools of condoms and PrEP are components that will stop new HIV infections from occurring.

Determining a person's HIV status through the disease investigation process offers the opportunity to ensure linkage to HIV care for PLHIV and referring to a PrEP provider for HIV negative individuals. Reported STD infection may be the only point of healthcare access for many people at risk for HIV and STD infections. Because WCHD is currently not offering PrEP, clients are referred to community providers.

Washoe County is deeply impacted by the increase of STDs in our community. Addressing the hidden epidemic requires the intersection from all aspects of the community – individuals, healthcare, education, faith based organizations, policy makers, businesses and public health.

b. Data/Metrics

Changes in data can be attributed to a number of factors – fluctuations in community demand, changes in staffing and changes in scope of work/grant deliverables, all which may affect the availability of services.

2. Program Reports – Outcomes and Activities

- a. **Sexual Health** – The Sexual Health Program was nominated for the Making Health Happen, Government Agency/Program award. Staff attended the celebration on April 3, 2019.
- b. **Immunizations** – National Infant Immunization Week is April 27-May 4, 2019. Immunize Nevada will be hosting a Community Baby Fair on April 27, 2019 from 11:00 a.m.-3:00 p.m. at Meadowood Mall. This event will include free or low cost immunizations for children 0-5 years old, administered by WCHD Immunization Program nurses, as well as a resource fair (please see flyers at the end of this report).

Public Health Nurse (PHN) interviews are currently being conducted for the Immunization Program.

- c. **Tuberculosis (TB) Prevention and Control Program** – The TB Program Coordinator, Cory Sobrio, is attending the 56th annual TB conference held at National Jewish in Denver from April 9, 2019-April 13, 2019.

There has been an increase in the number of consultations with local healthcare providers regarding management of latent TB cases.

- d. **Family Planning/Teen Health Mall** – The Family Planning program received the Notice of Grant Award for Title X. The program was funded for three years, \$700,000; \$710,000; and \$720,000 respectively.
- e. **Chronic Disease Prevention Program (CDPP)** – The CDPP team welcomed two new staff – Sunhwa Lee an AmeriCorps VISTA member working on substance abuse prevention and Claudia Garcia-Aguilar a Public Service Intern working primarily on tobacco prevention and control activities.

The Wolf Pack Coaches Challenge program was completed, with teachers from 20 local elementary schools signing up to challenge their elementary classrooms to eat more fruits and veggies and be more active. This year, 1,528 students in 65 classrooms participated, up from last year's numbers of 1,337 students from 57 classrooms.

Distance signage was provided in English and Spanish for ten City of Reno parks with messages and information encouraging park visitors to walk.

- f. **Maternal, Child and Adolescent Health (MCAH)** – The Fetal Infant Mortality Review (FIMR) program continue to abstract data from local hospitals for fetal and infant deaths. The team is collaborating with the Nevada Department of Health and Human Services Office of Analytics to create a multi-year summary for this program.

Cribs for Kids safe sleep training with Pack and Play portable cribs continue to be held monthly and as needed, in collaboration with WIC.

- g. **Women, Infants and Children (WIC)** – WIC began posting on the WCHD Facebook page to get information out about the benefits of WIC and how to apply. Examples of posts include:

STD Awareness Month: STDs in Washoe County

Jennifer Howell, MPH
Sexual Health Program
Coordinator
April 25, 2019

National Issue

- Reportable STDs
 - Chlamydia, Gonorrhea, Syphilis
- Direct Medical Costs of \$16 billion annually
- STD Clinics have been closing across the US due to decreased funding sources
 - Indiana HIV Outbreak of 215 cases (2013), where county had no HIV testing provider
 - HIV testing providers may not offer STD testing
- Funding for national STD prevention has remained static or decreased

Nationally

- Only about 1/3 of providers nationally ask about sexual history or risk
- Patients want their providers to raise the topic
- Standard blood tests and physicals may not include STD testing
- Drug resistant gonorrhea and limited future treatment
- Over half of cases occur in people under the age of 25

The STATE of STDs in the United States

in 2017

THE NATION EXPERIENCES
STEEP AND SUSTAINED STD
INCREASES.

1.7 million
CASES OF CHLAMYDIA
22% increase since 2013

555,608
CASES OF GONORRHEA
67% increase since 2013

30,644
CASES OF SYPHILIS
76% increase since 2013

LEARN MORE AT: www.cdc.gov/std/

Consequences of STDs/STIs

- Depends on disease
- Infertility for men and women
- Fatal
- Transmission to babies during pregnancy or delivery
- Increases risk of HIV acquisition by 3-5 times

LEFT UNTREATED, STDS CAN CAUSE:

**INCREASED RISK OF GIVING
OR GETTING HIV**

**LONG-TERM
PELVIC/ABDOMINAL PAIN**

**INABILITY TO GET PREGNANT OR
PREGNANCY COMPLICATIONS**

Washoe County

- Chlamydia has increased steadily of 5-10% annually
- Gonorrhea increased 296% from 2012-2018
- Many cases are asymptomatic
- Providers sometimes refer clients to WCHD for testing/treatment
- Providers may not follow CDC STD Treatment Guidelines

Chlamydia

- Due to increases of all diseases, staff prioritized response
- As of 4/1/2019 chlamydia cases will be verified for treatment and there will not be an investigation
 - WCHD will not be contacting partners of cases
 - Clients are asked to tell their partners to get tested/treated

Gonorrhea

- Disease investigation (Partner Services) will be used to monitor for drug resistant gonorrhea
 - Follow up testing
 - Suspicious cases are cultured and sent to state lab and CDC as appropriate

Syphilis

- Increases since August 2013
- 81% of cases among men
 - 54% report men who have sex with men risk
- Cases are infectious through the first year (primary, secondary, early latent stages)
- Female cases increased 429% from 2016-2018
- Congenital syphilis cases

Syphilis in Washoe County by Stage of Disease 2012-2018

Washoe County Infectious Syphilis by Gender & MSM August 2013 - December 2018

Washoe County Infectious Syphilis Age Distribution August 2013 - December 2018

Connection to HIV

- HIV incidence remains fairly static
- No increase of HIV cases compared to syphilis
 - 30% of syphilis cases are HIV positive and mostly previous diagnosis
 - Undetectable = Untransmittable

Response

Investigations

- Partner contact info lacking
 - Social media
 - Dating apps/sites
 - Anonymity
- Focus on HIV status of STD case
 - Verify linkage and retention in HIV care for HIV positive cases/partners
 - Ensure HIV status by testing for HIV
 - PrEP

Statewide Syphilis Campaign

- Provider focus
 - Test pregnant females in first and third trimester
 - Appropriately treat
 - Report to WCHD
- Testing focus
 - Pregnant women need prenatal care
 - Test in first and third trimester

PrEP

Pre-exposure Prophylaxis

- Prevents HIV infection through sexual risk by over 90%
- Daily medication
- Prevents lifetime HIV treatment cost of \$379,668
- 3 month follow up
 - HIV test
 - STD tests (all sites)
 - Pregnancy test for females

PrEP/PEP Survey

STATE:

- Responses – 414
- Providers that offer PrEP – 123
- Providers that offer PrEP & contact information - 64
- Providers/Agencies that offer PEP – 43

WASHOE COUNTY

- Providers/Agencies that Report Providing PrEP – 19
- Providers/Agencies that offer PEP - 13

PrEP

- Limited providers in Washoe County
 - HOPES
 - Dr. Zell
- Private providers challenges
 - Unknown who prescribes
 - Recommendations not followed

THIS LITTLE PILL IS
**CHANGING THE
HIV CONVERSATION**

PrEP (Pre-Exposure Prophylaxis) is an HIV prevention pill. When taken daily, it can greatly reduce your risk of getting HIV.

There are more HIV prevention options than ever before. Talk to your doctor about which options are right for you.

**Start Talking.
Stop HIV.**

cdc.gov/StartTalking
#ActAgainstAIDS
#StartTalkingHIV
#TalkHIV

CDC ACT UP AIDS

Comprehensive Approach

- Provider engagement
- Personal responsibility for testing and risk reduction
- Comprehensive, inclusive, medically accurate sexual health education in schools
- PrEP & Treatment as Prevention (U=U) to end new HIV infections
- Access to prevention services

**Environmental Health Services
Division Director Staff Report
Board Meeting Date: April 25, 2019**

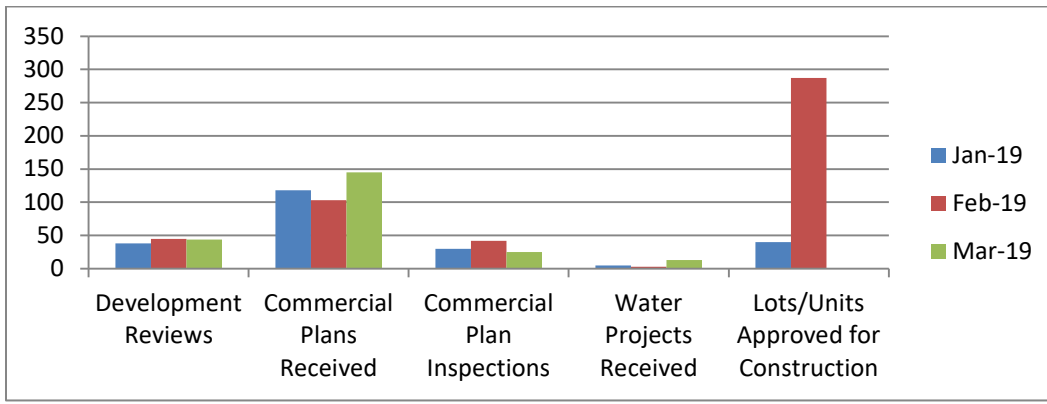

DATE: April 12, 2019
TO: District Board of Health
FROM: Chad Warren Westom, Division Director
 775-328-2644; cwestom@washoecounty.us
SUBJECT: Environmental Health Services (EHS) Division Program Updates – Community Development, Epidemiology, Food, Invasive Body Decoration (IBD), Land Development, Training, and Vector and Inspections.

Program Updates

Community Development

- Plan review continues to exceed the previous year demands, and staff is maintaining the EHS goal of plans being reviewed on average below 7 calendar days.
- The Commercial Development program staff evaluated the month of February 2019 for all commercial plans. The results found review time averaged 5.5 days for all plans reviewed by this program.
- The following table details the specific number of plans per program, inspections and the number of lots or units that were approved for construction within Washoe County:

Community Development	JAN 2019	FEB 2019	MAR 2019	2019 YTD	2018 TOTAL
Development Reviews	38	45	44	127	436
Commercial Plans Received	118	103	145	366	1,272
Commercial Plan Inspections	30	42	25	97	339
Water Projects Received	5	3	13	21	224
Lots/Units Approved for Construction	40	287	0	327	5,067

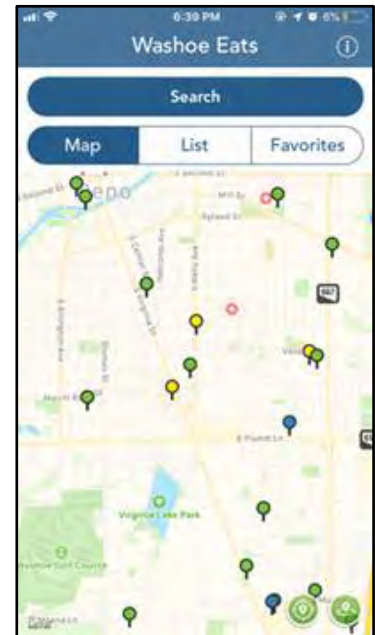

Epidemiology

- EHS Epidemiology Program staff worked with Communicable Disease (CD) Program staff in early March to investigate a febrile illness outbreak at an elementary school in Wadsworth. A requirement was placed on the school as per investigation to cancel all field trips, class parties and community events. Additionally, the investigation found there was also a gastrointestinal illness outbreak at the same time that was not yet reported to the CD staff. Fortunately both outbreaks were under control and closed by mid-March.

Food

- Staff collaborated with Citygovapp, a mobile application developer to create the WashoeEats mobile app available for both iOS and Android. The app allows users to review recent Washoe County food establishment inspection results for more than 3,600 restaurants, delis, grocery stores, food trucks and other retail food establishments in the County. App users can search inspection results by business name and location, and access details about inspections including violations and inspector's comments. Updated daily, new features that make the app different from information now available on the WashoeEats website include the ability for users to save establishments to a favorites list, file a complaint through the app, and a map screen that displays nearby restaurants with color-coded pins showing inspection ratings. The launch of the application which is scheduled for mid-April will be accompanied with a media campaign to include radio advertisement, outdoor billboard advertisements and social media posts with a call to action to download the app and make informed decisions on where to eat. Funding for this project was provided by the FDA Retail Program Standards grant. Educational outreach to increase awareness of the foodborne illness risk factors and control methods to prevent foodborne illness meets the criteria of Standard 7 – Industry and Community Relations.
- One staff member successfully completed field standardization training using the FDA Standardization Procedures. The standardization procedures evaluate the inspector's abilities to apply food safety knowledge and skills and ensures staff is conducting risk-based inspections and obtaining corrective actions for risk factors that will directly contribute to foodborne

illness. Field Standardization of staff conducting food establishment inspection meets the criteria of Standard 2 – Trained Regulatory Staff.

- **Special Events** – Staff is preparing for the upcoming busy Special Event season. Most events are currently in the planning and preparation stages. Staff has attended various interagency meetings to ensure that event organizers are aware of our agency requirements.

Invasive Body Decoration (IBD)

- Staff prepared for the April 5-7, 2019, Lady Luck Tattoo Expo. This is the largest annual Invasive Body Decoration event to take place in Washoe County. Proper permitting is being completed and we expect between 30 - 40 artist booths at the event.

Land Development

Land Development	JAN 2019	FEB 2019	MAR 2019	2019 YTD	2018 TOTAL
Plans Received (Residential/Septic)	85	43	80	208	890
Residential Septic/Well Inspections	71	20	77	168	987
Well Permits	11	3	4	18	108

Training

- In March, training began for a new Registered Environmental Health Specialist (REHS) In-Training (formerly REHS Trainee). Staff started with the first section of the REHS Training Manual in Foods and will continue into the summer months with Institutions.

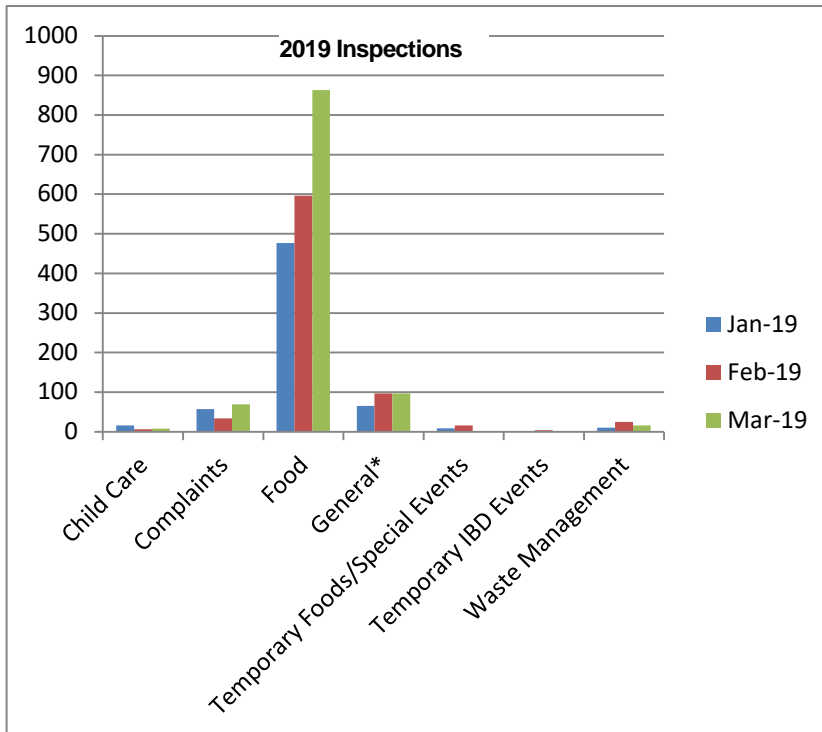

Vector

- The Vector team will be conducting their first aerial larviciding application on April 17, 2019 using a pesticide product called Altosid P35. Altosid P35 is a mosquito control with protection for areas with long-term flooding, pre-flooding areas, and habitats that goes back and forth between flooded and dry. It has an extended release technology and provides 35 days of residual control in continuously wet conditions. This is a (S)-methoprene compound which is a (IGR) growth regulator that stops the life cycle of mosquitoes from reaching adulthood when they can become vectors for disease.
- A few advantages of using these larvicides are no bioaccumulation. P35 degrades quickly in UV light and does not lead to increased levels of the active ingredient in the environment. It also offers Out-of-Sight Protection. Mosquitoes do not need to feed on Altosid for it to be effective, allowing it to be out of sight in mosquito habitats. It poses minimal stress on the environments. The application rate is less making it easier and more efficient to load for aerial application. The WCHD Vector-borne disease program will be purchasing it in a smooth granule mix for mosquito abatement treatment for the remaining FY19 and for FY20.

EHS 2019 Inspections

	JAN 2019	FEB 2018	MAR 2018	2019 YTD	2018 TOTAL
Child Care	16	6	8	30	116
Complaints	57	34	69	160	756
Food	477	596	863	1,936	5,810

* **General Inspections Include:** Invasive Body Decorations; Mobile Homes/RVs; Public Accommodations; Pools; Spas; RV Dump Stations; and Sewage/Wastewater Pumping.

**Epidemiology and Public Health Preparedness
Division Director Staff Report
Board Meeting Date: April 25, 2019**

DATE: April 12, 2019
TO: District Board of Health
FROM: Randall Todd, DrPH, EPHP Director
775-328-2443, rtodd@washoecounty.us
SUBJECT: Program Updates for Communicable Disease, Outbreaks, Measles, Invasive Pneumococcal Disease, Seasonal Influenza Surveillance, PHP Program, Inter-Hospital Coordinating Council, Chemical Response Training, Medical Reserve Corps, Emergency Medical Services, Mass Gatherings, EMS Strategic Planning Initiatives, Mutual Aid Evacuation Agreement (MAEA) Plan Update, Trainings, and REMSA Response Data

Communicable Disease (CD)

Outbreaks – Since the last District Board of Health meeting in March, the Communicable Disease (CD) Program has opened two outbreak investigations: one influenza-like illness (ILI) in a school and one gastrointestinal (GI) illness in a daycare. Over this same time period the CD Program has closed 17 outbreaks in school and daycare settings: 11 confirmed influenza, 2 ILI, 2 febrile illness, 1 respiratory syncytial virus (RSV), and 1 GI.

Measles - From January 1 to April 4, 2019, 465 individual cases of measles have been confirmed in 19 states. This is the second-greatest number of cases reported in the U.S. since measles was eliminated in 2000. States that have reported cases to CDC are Arizona, California, Colorado, Connecticut, Florida, Georgia, Illinois, Indiana, Kentucky, Massachusetts, Michigan, Missouri, Nevada, New Hampshire, New Jersey, New York, Oregon, Texas, and Washington.

Given multiple ongoing outbreaks across the county, the Washoe County Communicable Disease Program has been taking steps to prepare for any possible cases. The CD Program recently updated the measles investigation protocol and faxed an Epi News out to area providers on 2/5/19 to 1) notify them of the ongoing measles outbreak in the Pacific Northwest and other suspicious travel histories, 2) provide them with reporting and testing information, and 3) provide them with prevention measures. The CD Program also wrote an after action report following last year's measles case and has implemented several of those recommendations to improve a future response, including training of an outbreak response team in the event of an emergency (see February's board report). Most recently the CD Program provided an overview

of how suspected measles cases are investigated as well as current preparation activities given the national rise in cases at the monthly Emergency Preparedness Council (EPC) meeting on March 28th. The CD Program is receiving an increasing number of requests for measles testing and is working with local providers to facilitate testing and implement control measures as appropriate. At this time there have not been any confirmed cases of measles in Washoe County for 2019.

Invasive Pneumococcal Disease (IPD) – The results from the Communicable Disease Program's collaboration with the Nevada State Public Health Laboratory (NSPHL) are now available. A total of 12 pneumococcal isolates from blood were serotyped at NSPHL using whole genome sequencing (WGS) technology. Of these 12 cases, 10 (83%) are vaccine contained serotypes, which is consistent with published statistics. Four (4) are serotype 3 and three (3) are serotype 8. The remaining five cases are type 4, 11A, 16F, 22F, 23 A. No obvious epidemiological links can be found among the four cases with serotype 3 or three cases with serotype 8. Of 12 cases, five (42%) received pneumococcal vaccine at least one month prior to their illness onset. Of the five cases that received pneumococcal vaccine, two (40%) had a serotype not contained in the vaccine. An Epi-News was faxed to area providers on April 5th to draw attention to the recent increase in cases, identify populations at risk for disease, and provide recommendations to prevent additional cases.

Seasonal Influenza Surveillance – For the week ending April 6, 2019 (CDC Week 14) twelve participating sentinel providers reported a total of 162 patients with influenza-like-illness (ILI). The percentage of persons seen with ILI by the twelve providers was 2.4% (162/6888) which is above the regional baseline of 2.3%. By age group, ILI activity was highest among 0-4 years (15.0%) and lowest among 25-49 years (1.0%). During the previous week (CDC Week 13), the percentage of visits to U.S. sentinel providers due to ILI was 2.2% which is at the national baseline. On a regional level, the percentage of outpatient visits for ILI ranged from 2.4% to 4.6%.

Twelve death certificates were received for week 14 listing pneumonia (P) or influenza (I) as a factor contributing to the cause of death. The total number of deaths submitted for week 14 was 136. This reflects a P&I ratio of 8.8%. The total P&I deaths registered to date in Washoe County for the 2018-2019 influenza surveillance season is 167. This reflects an overall P&I ratio of 6.1% (167/2741).

Washoe County experienced a second peak of ILI activity in the week ending February 23, 2019 (CDC Week 8). This has been accompanied by a recent change in the dominant circulating strain of influenza. Earlier in the influenza season influenza A (2009 H1N1) was predominant while in recent weeks influenza A (H3N2) has been the predominant strain.

Public Health Preparedness (PHP)

Inter-Hospital Coordinating Council – The Healthcare Public Health Emergency Response Coordinator (PHERC) attended the Washoe Damage Assessment Plan Overview Workshop on behalf of IHCC where feedback was provided from the healthcare perspective.

The Preparedness PHERC, Healthcare PHERC and two IHCC members attended the 2019 Preparedness Summit in St. Louis, March 25 – 29. As a group, key actions were identified for inclusion in the next grant application.

On April 9, the final planning meeting for the alternate care site exercise was held. The exercise will take place April 25 through May 7. The exercise will start with a tabletop exercise, then activation of a Joint Information Center, and followed by the setup of three disaster medical facilities at the regional hospitals.

On April 12, program staff facilitated the Inter-Hospital Coordinating Council where the burn surge, alternate care site planning, and improvement items from the no-notice evacuation exercise were discussed.

Chemical Response Training - On March 19th and 20th, the PHP program in coordination with the National Guard's 92nd Civil Support Team conducted a total of three nerve/chemical response trainings at Renown Regional Medical Center and Saint Mary's Regional Medical Center. These trainings were to provide clinician level training for nerve and chemical agent events, and included information on the release of regional CHEMPACK assets for large scale events. Two additional trainings are planned on April 16th at Renown Regional Medical Center and Northern Nevada Medical Center.

Medical Reserve Corps - The Medical Reserve Corps (MRC) volunteer program was one of 20 community partners that participated in the Northern Nevada American Red Cross (ARC) Volunteer Sheltering Operations Simulation "Reno Wildfire" Exercise on April 4, 2019. The ARC was exercising its capability to simultaneously "stand-up" two shelters. The two ARC shelters were located at Galena High School and Depoali Middle School. The Sheltering exercise was also an opportunity for the MRC program to exercise its MOU along with its Standard Operational Procedure (SOP) documents with the ARC to conduct a volunteer "call-down" drill. This part of the exercise simulated how the MRC program would be contacted to deploy its volunteers to help staff ARC shelters during an emergency. The ARC reported that the overall exercise was a success. The exercise did however; identify an area that needs improvement. This involved how ARC can better contact and engage the MRC volunteers.

Emergency Medical Service (EMS)

Mass Gatherings – EMS staff attended meetings on March 21 and April 10 for an upcoming special event. Multiple county departments are working together to make the permitting process more effective for both staff members and the event organizer.

EMS Strategic Plan Initiatives – The EMS strategic plan subcommittee met on April 11. The group reviewed the complete draft of the revised Washoe County EMS Strategic Plan (2019-2023) and provided input. The final draft of the plan will be presented to the EMS Advisory Board for possible approval at the May meeting.

Mutual Aid Evacuation Agreement (MAEA) Plan Update – Community partners were provided an opportunity to conduct a final review of the MAEA and provide input by mid-April 2019. The MAEA and all revisions will be presented to the DBOH by June 2019.

Trainings – The EMS Coordinator attended the Washoe County Media Training on March 28. This workshop covered how media works, basics of a good interview, crisis communications and how to approach a media interview as an opportunity.

**Office of the District Health Officer
District Health Officer Staff Report
Board Meeting Date: April 25, 2019**

DATE: April 25, 2019
TO: District Board of Health
FROM: Kevin Dick, District Health Officer
775-328-2416; kdick@washoecounty.us
SUBJECT: District Health Officer Report – Public Health Accreditation (PHAB), Community Health Improvement Plan, Workforce Development, Substance Abuse Community Coalition Accelerator, UNR School of Community Health Sciences Making Health Happen Awards, TMHC, Legislative Session, Other Events and Activities and Health District Media Contacts

Public Health Accreditation (PHAB)

In mid-March, we received notification from the Public Health Accreditation Board that, due to unforeseen circumstances, there would be a change to our site visit team. A replacement for the site visit team chair is now in place and we are still scheduled for a site visit on June 25th and 26th. We have not yet received notification as to which items submitted will be reopened by the site visit team for potential revision/resubmission, however, we anticipate receiving that notification in late April which is a slight delay from the previously anticipated notification in mid-March.

Community Health Improvement Plan

CHIP implementation has continued; we have met or exceeded the majority of the performance measures outlined in the plan.

Housing/Homelessness - We continue to monitor the items included in the CHIP that are included in bills currently making their way through the legislative process. To continue to work towards ending youth homelessness, the Reno Area Alliance for the Homeless Youth Committee is working to develop a grant application for the Housing and Urban Development Youth Homelessness Demonstration Grant; this would provide resources for implementation for the Youth Homelessness Roadmap that was developed and adopted by the Reno Area Alliance for the Homeless.

Behavioral Health - Successful implementation continues with the Signs of Suicide Program. All remaining schools have been scheduled for suicide prevention education to be provided to all 7th grade students in Washoe County School District in the remainder of the school year. Two bills are currently

working their way through the legislative process that address provider data or licensure board efficiency, two items that were included in the CHIP.

Nutrition/Physical Activity - The two wellness surveys that were launched are now complete and the results have been examined to determine how to move employee wellness efforts forward. A May 1st presentation and listening session is being planned to get input from the business community on attractive wellness initiatives. The results from the Washoe County employee survey have also been shared and will be used to determine next steps on Washoe County employee wellness initiatives.

Workforce Development

Leadership development training was held in partnership with Washoe County Human Resources which received excellent reviews. An outside trainer was brought in to provide a fast paced, engaging training that was well received by attendees. A follow up training on conversational intelligence skills is planned in May. Both training topics were selected based on the results of the employee engagement survey and also meet requirements for Accreditation. A customer service training is being scheduled for June.

Substance Abuse Community Coalition Accelerator

On April 5, the Health District hosted a Substance Abuse Community Coalition Accelerator which was a national simulcast with Insight Formation and several communities to develop enhanced plans around:

1. Youth Protective Factors and Prevention;
2. Peer Recovery Support Services;
3. Screening, Brief Intervention, and Referral to Treatment (SBIRT);
4. Neonatal Abstinence Syndrome (NAS); and,
5. Prescription Drug Round-ups and reducing access to prescription drugs.

The Accelerator was held at the Regional Emergency Operations Center to allow for video meeting needs and breakout rooms for the workgroups. The 53 participants included representatives from hospitals, FQHCs, behavioral health and medication assisted treatment providers, law enforcement, specialty courts, public defender, the school district, UNR, Nevada Division of Public and Behavioral Health, Reno, Sparks, and Washoe County. Each of the workgroups made progress in developing plans to improve coordination and collaboration and enhance activities and community impact in the areas addressed. The workgroups will reconvene and continue the work in these areas. Special thanks to Catrina Peters and Falisa Hilliard at the Health District for organizing the event, and the topic leads and facilitators from our regional partners for each of the workgroups.

UNR School of Community Health Sciences Making Health Happen Awards

The Health District had two nominations for the School of Community Health Sciences (SCHS) recent Making Health Happens Awards ceremony, which was held on April 3, 2019. Our Sexual Health Program was nominated for the Making Health Happen Government Agency/Program Award as a result of the program's significant contributions in public health. While the program did not win the award, the

Health District was very proud of the team's hard work and dedication in improving the health of the public in their various activities.

Steve Kutz, CCHS Division Director, was nominated and won the award for Community Partner Collaboration. This award recognized Mr. Kutz as an individual from the public health community who has gone above and beyond to assist students and faculty through research, mentorship, and/or collaboration. Mr. Kutz received his MPH from SCHS in 2008. On behalf of the Health District, congratulations to Mr. Kutz on his award, and to the Sexual Health Program on their nomination as well.

TMHC

Work is being completed on the Regional Strategy for Housing Affordability and the final document will be presented to the Truckee Meadows Regional Planning Agency Governing Board in May.

TMHC and Renown Health worked with community partners to prepare and submit a grant funding proposal to the Robert Wood Johnson Foundation (RWJF) for the BUILD Health Challenge. BUILD stands for bold, upstream, innovative, local, and data driven. The proposal to address suicide prevention in seniors is focused on neighborhoods in the 89512 zip code area. If funded, Renown Health would match the \$250,000 of funding that would be provided by RWJF.

The Governance Committee continues to work on TMHC's strategic plan around convening and advocacy in the areas of housing, behavioral health, and physical activity and nutrition.

Legislative Session

On March 28, I participated in the Senate Committee on Revenue and Economic Development introduction of SB263 that would require licensing of E-cigarette and vape wholesalers and retailers, and which would include them in the State other tobacco product (OTP) tax. The revenue from the OTP tax on e-cigarette and vape products would be provided for tobacco prevention and addressing public health priorities. The funding for public health priorities would be distributed to local health districts proportional to population.

On March 29, I testified in support of AB66, the Washoe Regional Behavioral Health Board bill for Crisis Stabilization Centers in the Assembly Committee for Health and Human Services. The bill was broadly supported.
