ANIMAL SERVICES KENNEL SUPERVISOR

DEFINITION

Under general direction, supervises the care and treatment of animals housed at Regional Animal Services; supervises and provides training and direction to kennel staff; and performs a variety of tasks relative to assigned area of responsibility.

EXPERIENCE AND TRAINING REQUIREMENTS

Three years of full-time experience in the care and handling of animals in a shelter OR four years of full-time experience in the care and handling of animals in a professional environment; OR an equivalent combination of training and experience.

LICENSE OR CERTIFICATES

Possession of a valid driver's license is required at the time of appointment.

Possession of, or ability to obtain, a valid certification as a euthanasia technician is required within one year of appointment.

Possession of, or ability to obtain, a valid pharmacy certificate is required within one year of appointment.

SUPERVISION EXERCISED

Exercises direct supervision over kennel staff.

EXAMPLES OF DUTIES *(The following is used as a partial description and is not restrictive as to duties required.)*

Plan, assign and supervise the work of kennel staff, ensuring acceptable protocol, policies and procedures are followed, which includes staff selection and onboarding; scheduling, reviewing work; providing and tracking training; providing professional development, coaching, and mentoring; writing performance evaluations; and implementing discipline and conflict resolution procedures when necessary.

Oversee general facility maintenance, cleaning, and upkeep to ensure staff and animal well-being and safety; make contact with appropriate personnel for repairs and maintenance.

Manage supply inventory and research cost effective alternatives as applicable.

Develop communication strategies to foster positive change management, engage employee involvement in continuous improvement, and to meet service goals and objectives for the department.

Create, update and implement employee training protocols, the training manual, and Standard Operating Procedures in functions and methods of animal care including the proper use of equipment.

Track and submit quarterly statistical and operational reports to the Director.

Ensure that shelter sanitation, vaccination, and treatment programs are performed according to policy and procedure and that assigned personnel perform duties and responsibilities in a safe and prudent manner.

Oversee and perform daily inspections of animal areas to detect signs of illness or injury and coordinate veterinary care when necessary.

Manage and coordinate shelter population through kennel pathway flow, including the assessment, evaluation and selection of animals for rescue or euthanasia, based on species, temperament, health and other needs.

Responds to inquiries regarding animals housed at Animal Services including applicable ordinances, regulations and policies.

May perform any of the Examples of Duties found on the Animal Services Caretaker and Animal Services Lead Caretaker job class specifications.
