Steve states it is a big week in Washoe County for senior services. On Monday, facilities were re-opened since March 17; they are open at 50% capacity. Dine in meals have resumed, but they have to go meals as well. They have arranged the dining areas with social distancing. Things look to be ramping up to be 100% open in June. The Daybreak program also opened on Monday. Clients are trickling in and they are happy to let people back in the building. Steve encourages the Board to look at the Older American Month page in the Washoe County Senior Services website. Donald Abbott asked if all centers are open, Steve replied yes. Steve stated only meals and resources are available at the centers. Herb Kaplan states meetings will need an in-person location as of June, a hybrid meeting can be a possibility.

6.4 Update and discussion on legislation affecting seniors at the Nevada Legislature in the 2021 session – Connie McMullen, WCHSASAB Associate Member

Connie stated there are some things she has been following. A lot of bills made it through, and a lot also didn't. They are now at the second session, and they just had the economic forum. During the economic forum, they found out there is about \$5 million left over. One of the bills, AB216, is moving along and passed to the second house. Bill AB190, a sick time off bill, is at the second house and has good support. Senate bill 95 has to apply for a waiver and if it passes, it will set up a caregiver money to hire their own person to provide services for them. Senate bill 340 may not pass because of the changes it can create. Senate bill 420 is a bill that did not follow deadlines and is very controversial. Bill AB 35 would limit the age for applying for the benefits. AJR10 is a bill that quickens the minimum wage and if goes through the sessions it will go to the voters and the minimum wage would be \$12. AB351 is a bill about end-of-life care and is trying to make it through, it would let people get a prescription to end their life. AB344 is long overdue and allow people to transfer from the hospital to home. It has crossed the first house of the senate.
